

address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

1. *Type of Information Collection:* Extension of a currently approved collection.
2. *The Title of the Form/Collection:* Controlled Substances Import/Export Declaration—DEA Form 236.
3. *The agency form number:* 1117–0009.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:*  
*Primary:* Business or other for-profit.  
*Other:* Federal, State, local or tribal government.  
*Abstract:* DEA Form 236 provides the DEA with oversight and control over the importation and exportation of controlled substances. 21 CFR part 1312, promulgated pursuant to 21 U.S.C. 952 and 21 U.S.C. 953, requires registrants who desire to import non-narcotic substances in Schedules III, IV, and V or to export non-narcotic substances in Schedules III and IV and any other substance in Schedule V to furnish a controlled substances import declaration/controlled substances export invoice on a DEA Form 236.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that there are 342 respondents, 5,064 (4,717 paper/347 electronic) annual responses, and that each response takes 18 minutes (paper) and 15 minutes (electronic) to complete.
6. *An estimate of the total public burden (in hours) associated with the collection:* 2,282.6 annual burden hours.  
 If additional information is required contact: Jerri Murray, Department

Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405B, Washington, DC 20530.

Dated: July 30, 2014.

## DEPARTMENT OF JUSTICE

[OMB Number 1121–NEW]

### Agency Information Collection Activities; Proposed eCollection eComments Requested; Survey of Juveniles Charged in Adult Criminal Court, 2014

**AGENCY:** Bureau of Justice Statistics, Department of Justice.

**ACTION:** 30-Day notice.

**SUMMARY:** The Department of Justice (DOJ), Office of Justice Programs, has submitted the following information collection to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection was previously published in the **Federal Register** Volume 79, Number 14, page 3628, on January 22, 2014, allowing a 60-day comment period. The reference data for this collection has changed from 2013 to 2014.

**DATES:** Comments are encouraged and will be accepted for 30 days until September 4, 2014.

**FOR FURTHER INFORMATION CONTACT:**

Written comments and/or suggestions regarding the items contained in this notice, especially the estimated public burden or associated response time, should be directed to *OIRA\_submission@omb.eop.gov*.

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

*Overview of this information collection:*

(1) Type of information collection: New data collection, Survey of Juveniles Charged in Adult Criminal Court (SJCACC) 2014.

(2) The title of the form/collection: Survey of Juveniles Charged in Adult Criminal Court or SJCACC, 2014.

(3) The agency form number, if any, and the applicable component of the Department sponsoring the collection: The form labels are SJCACC—2014, Bureau of Justice Statistics, Office of Justice Programs, U.S. Department of Justice.

(4) Affected public who will be asked or required to respond, as well as a brief abstract: State Courts. Abstract: The SJCACC (SJCACC) project will collect accurate and reliable case processing statistics for youth under 18 charged as adults in a nationally representative sample. It will obtain data on demographics of the juvenile, charge information, and method of arrival in adult court (jurisdictional age laws vs. through a transfer mechanism). Adjudication outcomes such as dismissal, guilty plea, and outcome at trial will also be collected, as will sentencing data for those convicted. Fingerprint IDs will be obtained to allow for future recidivism studies and linking with criminal history data. When available, state-wide data will be collected, allowing for some state-by-state comparisons. Juveniles who were transferred to adult court will be oversampled, thus allowing for analyses of the use of different transfer methods. Please see Cost to Federal Government for the financial responsibility associated with the issuance of this report.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: It is estimated that information will be collected on a total of 12,000 felony and misdemeanor defendants from a nationally representative sample that includes states and counties. The estimated burden hours will be contingent upon the state and counties electronic storage and transfer

capabilities, with data collection occurring in a more timely and expeditious manner among respondents with the capacities to electronically transfer all their case processing information to the data collection agent. It is estimated 13 states will provide unformatted electronic data files and it should take an average of 62 hours per state. For those 12 states that provide a non-uniform extract, it should take an average of 43 hours, and those 3 states providing a uniform extract will spend on average 82 hours. For the remainder of the nation in which electronic data is not readily available, a sample will be drawn. Eighteen PSUs will be chosen, with approximately 10 responding counties in each PSU. It is estimated that 12 PSUs will have 18 counties with electronic data systems, with an average burden of 14 hours. It is estimated that six PSUs will have nine counties requiring sampling for paper or electronic surveys. An estimated 40 surveys will be required for each of these counties, with an average burden of two hours per survey. It is estimated that 22 states will provide summary statistics of their data, which will be used for weighting and validity checks.

(6) An estimate of the total public burden (in hours) associated with the collection: The estimated public burden associated for the SJACC data collection is a total of 2,571 hours for all of the responding states and counties.

If additional information is required contact: Jerri Murray, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Avenue, 145 N Street NE., Room 3E.405B, Washington, DC 20530.

Dated: July 30, 2014.

## DEPARTMENT OF JUSTICE

[OMB Number 1121-0149]

### Agency Information Collection Activities; Proposed eCollection eComments Requested; Reinstatement, With Change, of a Previously Approved Collection for Which Approval Has Expired: 2014 National Survey of Prosecutors (NSP-14)

**AGENCY:** Bureau of Justice Statistics, Department of Justice.

**ACTION:** 30-Day notice.

**SUMMARY:** The Department of Justice (DOJ), Office of Justice Programs, will be submitting the following information collection to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection was previously published in the **Federal Register** Volume 79, Number 52, pages 15140-15141 on March 18, 2014, allowing a 60-day comment period. Following publication of the 60-day notice, the Bureau of Justice Statistics received no requests for a copy of the proposed information collection instrument and instructions. No inquiries or others comments were received.

**DATES:** Comments are encouraged and will be accepted for 30 days until September 4, 2014.

**FOR FURTHER INFORMATION CONTACT:** Written comments and/or suggestions regarding the items contained in this notice, especially the estimated public burden or associated response time, should be directed to *OIRA\_submission@omb.eop.gov*.

**SUPPLEMENTARY INFORMATION:** Request written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

*Overview of this information collection:*

(1) *Type of Information Collection:* Reinstatement of the National Survey of Prosecutors, with changes, a previously approved collection for which approval has expired.

(2) *Title of the Form/Collection:* 2014 National Survey of Prosecutors (census).

(3) *Agency form number:* Forms: The form number is NSP-14. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs, Prosecution and Adjudication Unit, Bureau of Justice Statistics, Office of Justice Programs, United States Department of Justice.

(4) *Affected public who will be asked to respond, as well as a brief abstract:* This information collection is a census of the local prosecutor offices that handles criminal cases in State courts. The Bureau of Justice Statistics (BJS) proposes to implement the next iteration of the National Survey of Prosecutors (NSP-14). Local prosecutors occupy a central role in a criminal justice system seeking to ensure justice is served. Prosecutors represents the local government in deciding who is charged with a crime, the type and number of charges filed, whether or not to offer a plea, and providing sentencing recommendations for those convicted of crimes. Since 1990, the NSP has been the only recurring national statistical program that captures the administrative and operational characteristics of the prosecutorial function in the State criminal justice system. The NSP-14 will gather national statistics on local prosecutor office staffing and services, budgets, caseloads and convictions, use of DNA evidence, and disposition reporting to repositories. In addition, this study will collect data on the prevalence of human trafficking, cyber-crimes, identity theft, participation in specialty courts and diversion programs, prosecution of youths in criminal courts and criminal jurisdiction services provided on tribal lands by local prosecutor offices. These data will allow BJS to conduct trend analyses and comparisons with historical data, where available and provide descriptive statistics on emerging crimes. The information gathered in the NSP-14 will cover 2014.

(5) *An estimate of the total number of respondents and the amount of time needed for an average respondent to respond:* An estimated 2,330 prosecutor offices will take part in the 2014 National Survey of Prosecutors. Based on pilot testing, an average of 60 minutes per respondent was needed to complete form NSP-14. To ensure a high response rate, BJS subsequently reduced the overall number of questions on the NSP-14 by half. The revised estimated burden for respondents to complete the NSP-14 is 30 minutes. The following factors were considered when creating the burden estimate: The estimated total number of prosecutor offices, the ability of offices to access or
