

Disease (CVD) mortality and proposing an approach to quantify adult health benefits from a reduction in lead (Pb) exposure for CVD mortality, entitled "Developing a Concentration-Response Function for Pb Exposure and Cardiovascular Disease-Related Mortality" (Ref. 5). The panel peer review meetings are expected to occur later in 2014, and the public will have an opportunity to review and comment on the materials given to the external peer reviewers.

### III. Request for Comment

EPA is requesting public review and comment on all aspects of the Approach and its supplemental files, appendices, attendant models, peer review charge (Ref. 6), and particularly related to the following:

- The utility of the Approach for estimating exposures through summarizing building use configuration types and human-activity patterns to incorporate variability across the wide variety of P&CBs.

- The utility of the updated Leggett Model (original model described in Leggett 1993 (Ref. 7); updated model described in the appendices to the Approach (Ref. 4)) to estimate blood lead levels for both children and adults, and specifically the use of the various outputs derived from the Leggett Model (concurrent blood lead, lifetime blood lead, and bone lead) in concentration-response curves for children and adults.

- The utility of concentration-response functions for health endpoints in both children and adults for assessing risk to human health inside P&CBs as a result of P&CB renovations.

### IV. References

The following is a listing of the documents that are specifically referenced in this document. The docket includes these documents and other information considered by EPA, including documents that are referenced within the documents that are included in the docket, even if the referenced document is not physically located in the docket. ## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2009-1017; FRL-9914-09]

### Product Cancellation Order for Certain Pesticide Registrations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a May 20, 2014 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II. to voluntarily cancel these product registrations. In the May 20, 2014 **Federal Register** notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive

comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received comments on the May 20, 2014 **Federal Register** notice but none merited its further review of the requests. Further, the registrants did not withdraw their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this cancellation order, including any existing stocks provisions.

**DATES:** The cancellations are effective August 6, 2014.

**FOR FURTHER INFORMATION CONTACT:** John W. Pates, Jr., Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-8195; email address: [pates.john@epa.gov](mailto:pates.john@epa.gov).

### SUPPLEMENTARY INFORMATION:

#### I. General Information

##### A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

##### B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2009-1017, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

**II. What action is the Agency taking?** of products registered under FIFRA registration number in Table 1 of this section 3 (7 U.S.C. 136a). These unit.  
 This notice announces the cancellation, as requested by registrants, registrations are listed in sequence by

The allethrin series of pyrethroid insecticides includes the Product Chemical (PC) codes for: Bioallethrin (004003), esbiol (004004), esbiothrin (004007, formerly 004003/004004), and pynamin forte (004005). The technical registrants for the allethrins, Sumitomo Chemical Company Limited (Sumitomo)

and Valent BioSciences Corporation (Valent), cancelled all of the allethrins technical products effective September 30, 2015, and cancelled their allethrins end-use product registrations effective December 31, 2016. Because the allethrins technical products have been cancelled, several other registrants for

allethrins end-use products listed in this notice have requested cancellation with dates consistent with those specified for the Valent and Sumitomo allethrins end-use products. The cancellation of the end-use products listed in Table 2 of this unit are effective December 31, 2016.

### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period, EPA received three comments. One of the comments received was submitted by the registrant Nippon Soda Co., Ltd. c/o Nisso America, Inc. (Nisso) that explained the importance for maintaining the existing tepraloxym tolerances for importation purposes through 2018. This request does not pertain to the voluntary cancellation of the registrant's products (008033-00012 and 008033-00013), which have never been marketed in the United States.

The two remaining comments received pertained to pesticide concerns

in general. These two comments did not contain information about any specific product cancellation request. For these reasons, the Agency does not believe that the three comments submitted during the comment period, which referenced importation tolerances and general pesticide concerns, merit further review or a denial of the requests for voluntary cancellation.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are canceled. The effective date of the cancellations that are the subject of this notice is August 6, 2014. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. are a violation of FIFRA.

### V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of May 20, 2014 (79 FR 28920) (FRL-9909-40). The comment period closed on June 19, 2014.

### VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

*A. All Products in Table 1 of Unit II. except 000264-00806, 008033-00012, 008033-00013, 054382-00003, 067071-00053, 071368-00062, 087290-00014, 087290-00021)*

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit II. until August 6, 2015, which is 1 year after the publication of this cancellation order in the **Federal Register**.

Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

#### *B. Product 000264-00806*

In a letter to the Agency, the registrant had requested to voluntarily cancel all of its current thiacloprid product and domestic use registrations. In doing so, the registrant requested an 18-month time period to sell and distribute existing stocks of this product. The registrant may continue to sell and distribute existing stocks of product listed in Table 1 of Unit II. until Monday, February 8, 2016, which is 1 year and 6 months after the publication of this cancellation order in the **Federal Register**. Thereafter, the registrant is prohibited from selling or distributing product listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Persons other than the registrant may sell, distribute, or use existing stocks of product listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

#### *C. Product 071368-00062*

The registrant may continue to sell and distribute existing stocks of product containing imazamethabenz listed in Table 1 of Unit II. until December 31, 2015. Thereafter, registrants, and persons other than the registrants, are prohibited from selling or distributing product containing imazamethabenz listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Existing stocks of product containing imazamethabenz already in the hands of

users can be used legally until such existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

*D. Products 008033-00012, 008033-00013, 054382-00003, 067071-00053, 087290-00014 and 087290-00021*

Registrants have indicated to the Agency via letter and/or written response that due to the last manufacturing date, distribution date, or the absence of marketing in the United States no existing stocks provisions are necessary for them to sell and distribute their product(s).

Registrants are prohibited from selling or distributing products listed in Table 1 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

*E. End-Use Products Listed in Table 2 of Unit II.*

The registrants may continue to sell and distribute existing stocks of products listed in Table 2 of Unit II. until December 31, 2016. Thereafter, as of January 1, 2017, registrants are prohibited from selling or distributing products listed in Table 2 of Unit II., except for export in accordance with FIFRA section 17, or proper disposal. Persons other than registrants are allowed to sell, distribute, or use existing stocks of product listed in Table 2 of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

**List of Subjects**

**ENVIRONMENTAL PROTECTION AGENCY**

[EPA-HQ-OPP-2013-0049; FRL-9913-53]

**Product Cancellation Order for Certain Rodenticide Registrations**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA’s order for the cancellations, voluntarily requested by the registrant and accepted by the Agency, of certain rodenticide products containing the pesticide active ingredients brodifacoum, difethialone and warfarin, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). These cancellations are effective January 1, 2015. This cancellation order follows a June 18, 2014, **Federal Register** Notice of Receipt of a Request from the registrant to voluntarily cancel these product registrations. These are not the last products containing these pesticide active ingredients registered for use in the United States. In the June 18, 2014, Notice, EPA indicated that it would issue an order cancelling these products unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests. The Agency did not receive any comments on the notice. Further, the registrant has not withdrawn its request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations effective January 1, 2015. Any distribution, sale, or use of products cancelled by this order is permitted only in accordance with the provisions of this order concerning existing stocks of the cancelled products.

**DATES:** The cancellations are effective January 1, 2015.

**FOR FURTHER INFORMATION CONTACT:** Rusty Wasem, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 305-6979; email address: *wasem.russell@epa.gov*.

**SUPPLEMENTARY INFORMATION:**

**I. General Information**

*A. Does this action apply to me?*

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale,

distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

*B. How can I get copies of this document and other related information?*

The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2013-0049, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP Docket is (703) 305-5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

**II. What action is the Agency taking?**

This notice announces the cancellation, as requested by the registrant, of products registered under FIFRA section 3. These registrations are listed in sequence by registration number in Tables 1, 2, and 3 of this unit.

**TABLE 1—WARFARIN PRODUCT CANCELLATIONS**

EPA Registration No.	Product name
3282-3 .....	d-CON Concentrate Kills Rats & Mice.
3282-4 .....	d-CON Ready Mixed Kills Rats & Mice.
3282-9 .....	d-CON Mouse Prufe Kills Mice.
3282-15 .....	d-CON Pellets Kills Rats & Mice.

**TABLE 2—BRODIFACOUM PRODUCT CANCELLATIONS**

EPA Registration No.	Product name
3282-65 .....	d-CON Mouse Prufe II.
3282-66 .....	d-CON Pellets Generation II.
3282-74 .....	d-CON Bait Pellets II.
3282-81 .....	d-CON Ready Mixed Generation II.
