Final Waiver and Extension of the Project Period; Striving Readers Comprehensive Literacy Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Final waiver and extension of the project period.

[Catalog of Federal Domestic Assistance (CFDA) Number: 84.371C.]

SUMMARY: For the Montana Department of Education's 36-month grant project funded in fiscal year (FY) 2011, under the Striving Readers Comprehensive Literacy program (SRCL), the Secretary waives the requirements that generally prohibit project period extensions involving the obligation of additional Federal funds. The Secretary also extends the current Montana SCRL project period for an additional 24 months.

DATES: This final waiver and extension of the project period are effective August 6, 2014.

FOR FURTHER INFORMATION CONTACT: Rosemary Fennell, U.S. Department of Education, 400 Maryland Avenue SW., Room 3E228, Washington, DC 20202-5970. Telephone: (202) 401-2425 or by email: rosemary.fennell@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1-800-877-8339.

SUPPLEMENTARY INFORMATION: On May 20, 2014, we published a notice in the **Federal Register** (79 FR 28917) (May 2014 proposed waiver) proposing an extension of a project period and a waiver of the requirement of 34 CFR 75.261(a) and (c)(2), which restricts project period extensions involving the obligation of additional Federal funds, as it applies to the Montana Department of Education's project funded under the FY 2011 SRCL competition. The Secretary also proposed to extend this grantee's project period for an additional 24 months.

Public Comment

In the May 2014 proposed waiver, the Secretary invited comments on the proposed waiver and extension of the project period. We received 21 comments in response.

Analysis of Comments and Changes

Comment: The 21 commenters who addressed the proposed waiver and extension supported it, discussed the accomplishments of the current SRCL

grantee and benefits of the program, and stated that an extension of the project period would allow the grantee to continue its work and expand on its accomplishments. We did not receive any negative comments regarding the proposed waiver and extension of the project period.

Response: We agree with the commenters that extending the current SCRL grant period for one grantee, the Montana Department of Education and, therefore allowing this grantee to request a continuation award, would enable it to continue to work toward accomplishing its goals and objectives stated in its approved 2011 SCRL grant application.

Change: None.

Background

In FY 2010, Congress appropriated \$200 million to support establishment of a comprehensive literacy development and education program through the Consolidated Appropriations Act (Pub. L. 111-117) under section 1502 of the Elementary and Secondary Education Act of 1965, as amended (ESEA). The purpose of SRCL is to advance literacy skills—including pre-literacy skills, reading, and writing—for students from birth through grade 12, including limited-English-proficient students and students with disabilities. Section 1502 of the ESEA provides the authority for demonstration programs, like SCRL, that show promise of enabling children to meet challenging academic content and achievement standards. In FY 2010, the U.S. Department of Education (the Department) awarded \$10 million in formula grants to 46 States, the District of Columbia, and the Commonwealth of Puerto Rico to establish or support State Literacy Teams with expertise in literacy development and education for children from birth to grade 12 to assist the States in developing a comprehensive literacy plan.

The Department also used FY 2010 funds to award set-aside grants to the Bureau of Indian Education and four Outlying Areas, and to award discretionary grants to six State educational agencies (SEAs) to create comprehensive literacy programs to advance literacy skills—including pre-literacy skills, reading, and writing—for students from birth through grade 12, including limited-English-proficient students and students with disabilities. The Department announced this discretionary grant competition in a notice inviting applications that was published in the **Federal Register** on March 10, 2011 (76 FR 13143) (March 2011 NIA). The grants awarded under
