

duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial. See also section 735(e) of the Tariff Act of 1930, as amended.

On July 21, 2014, Tension submitted a ministerial error allegation. After analyzing Tension’s allegation, we agree with Tension that the Department committed a ministerial error within the meaning of 19 CFR 351.224(f) by using an incorrect variable name for U.S. rebates. Specifically, we meant to set certain U.S. rebates to zero but inadvertently did not because we made a typographical error in the variable name in the programming.<sup>2</sup> Correcting this error results in the weighted-average dumping margin for Tension changing from 2.52 percent to 2.34 percent.

**Amended Final Determination**

The Department determines that the following weighted-average dumping margins exist for the period July 1, 2012, through June 30, 2013:

| Manufacturer/Exporter                   | Weighted-average dumping margin (percent) |
|---|---|
| Chung Hung Steel Corp .....             | 30.00                                     |
| Tension Steel Industries Co., Ltd ..... | 2.34                                      |
| All Others .....                        | 2.34                                      |

**Continuation of Suspension of Liquidation**

The Department will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all entries of certain oil country tubular goods from Taiwan—with the exception of subject merchandise produced and exported by Chung Hung Steel Corp., for which we found no weighted average dumping margin—which were entered, or withdrawn from warehouse, for consumption on or after the date of publication of the *Final Determination*. With the exception of subject merchandise produced and exported by Chung Hung Steel Corp., we will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as follows: (1) The rate for Tension Steel Industries Co., Ltd., will

<sup>2</sup> See Memorandum to File, “Less-Than-Fair-Value Investigation of Certain Oil Country Tubular Goods From Taiwan: Amended Final Determination Analysis Memorandum for Tension Steel Industries,” dated concurrently with this memorandum for the specific SAS programming language correcting the error.

<sup>3</sup> The rate for Chung Hung Steel Corp. did not change from the *Final Determination*.

be the rate we determined in this amended final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 2.34 percent, as discussed in the “All Others Rate” section, below. These suspension of liquidation instructions will remain in effect until further notice.

**All Others Rate**

Section 735(c)(5)(A) of the Act provides that the estimated “all others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. Because the margin for Chung Hung Steel Corp. was zero, we assigned as the all others rate the margin calculated for Tension, the only margin we calculated that was neither *de minimis* nor determined under section 776 of the Act; that rate is 2.34 percent.

**U.S. International Trade Commission Notification**

In accordance with section 735(d) of the Act, we notified the U.S. International Trade Commission (ITC) of the *Final Determination* and our amended final determination. As the *Final Determination* (and amended final determination) was affirmative and our amended preliminary determination was negative, in accordance with section 735(b)(3) of the Act, the ITC will determine within 75 days of the *Final Determination* whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

This amended final determination notice is published in accordance with section 735(e) of the Act and 19 CFR 351.224(e).

**Proposed Information Collection; Comment Request; Fishermen’s Contingency Fund**

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on

proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before October 7, 2014.

**ADDRESSES:** Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [Jjessup@doc.gov](mailto:Jjessup@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instruments and instructions should be directed to Paul Marx, (301) 427-8752 or [paul.marx@noaa.gov](mailto:paul.marx@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This request is for revisions to, and an extension of, a currently approved information collection. United States (U.S.) commercial fishermen may file claims for compensation for losses of, or damage to, fishing gear or vessels, plus 50 percent of resulting economic losses, attributable to oil and gas activities on the U.S. Outer Continental Shelf. To obtain compensation, applicants must comply with requirements set forth in 50 CFR part 296.

The requirements include a “report” within 15 days of the date the vessel first returns to port after the casualty incident to gain a presumption of eligible causation and an “application” within 90 days of when the applicant first became aware of the lost and/or damage.

The report is NOAA Form 88-166 and it requests identifying information such as: respondent’s name; address; social security number; and casualty location. The information in the report is usually completed by NOAA during a telephone call with the respondent.

The application is NOAA Form 88-164 and it requires the respondent to provide information on the property and economic losses and/or damages including: type of damage; purchase date and price of lost/damaged gear; and income from recent fishing trips. It also includes an affidavit by which the applicant attests to the truthfulness of the claim.

The currently approved forms are being revised to improve the usability by allowing respondents to complete pdf versions of the forms as well as reducing the paper size from legal to letter. Prior sections that contained multiple questions have been separated to simplify the responses and to help ensure more complete and accurate responses. Because “Loran C” is no

longer being used for locational coordinates, the term will be replaced with “GPS” for Global Positioning System. Clarification of some of the instructions will also be provided based on previous applicants’ responses and submitted reports and applications.

**II. Method of Collection**

Respondents may telephone NOAA and provide the information for the report verbally or submit a paper or electronic report. Respondents have a choice of either electronic or paper forms for the application.

**III. Data**

*OMB Control Number:* 0648-0082.

*Form Number:* NOAA Forms 88-164, 88-166.

*Type of Review:* Revision and extension of a currently approved collection.

*Affected Public:* Individuals or households; business or other for-profit organizations.

*Estimated Number of Respondents:* 40.

*Estimated Time per Response:* 8 hours (15 minutes for a report and 7 hours, 45 minutes for an application).

*Estimated Total Annual Burden Hours:* 320.

*Estimated Total Annual Cost to Public:* \$500 in recordkeeping/filing costs.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 4, 2014.

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The New England Fishery Management Council (Council) is scheduling a joint public meeting of its Monkfish Committee and Monkfish Advisory Panel to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

**DATES:** This meeting will be held on Monday, August 25, 2014 at 9:30 a.m.

**ADDRESSES:** The meeting will be held at the Embassy Suites Philadelphia, 9000 Bartram Avenue, Philadelphia, PA 19153; telephone: (215) 365-4500; fax: (215) 365-3195.

*Council Address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

**FOR FURTHER INFORMATION CONTACT:** Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

**SUPPLEMENTARY INFORMATION:** The Monkfish Oversight Committee will meet to discuss whether to continue working on measures already developed under Amendment 6, or develop other measures as part of the next monkfish action. The latest version of the Amendment 6 document includes modifications to existing monkfish landing limits and days-at-sea (DAS) measures, a new monkfish DAS leasing program, and an ITQ alternative. The committee will also consider other potential measures, raised in previous discussions and by members of the industry, that could be included in a future action. The committee will also discuss Monkfish priorities for 2015, including Research Set-Aside priorities.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens
