

Technology Transfer on or before September 12, 2014 will be considered.

ADDRESSES: Requests for copies of the patent application, inquiries, and comments relating to the contemplated exclusive license should be directed to: Sabarni K. Chatterjee, Ph.D., M.B.A., Licensing and Patenting Manager, Cancer Branch, Office of Technology Transfer, National Institutes of Health, 6011 Executive Boulevard, Suite 325, Rockville, MD 20852-3804; Telephone: (301) 435-5587; Facsimile: (301) 435-4013; Email: chatterjeesa@od.nih.gov.

SUPPLEMENTARY INFORMATION: The technology identifies a set of non-invasive metabolic biomarkers in urine samples that are mechanistically associated with colorectal carcinogenesis in a mouse model. In addition, pathways related to the production of these metabolites are also found to be dys-regulated in human colorectal cancer tissues. These indicate that changes in urinary metabolites may be helpful in screening and diagnosis of colorectal cancers. Furthermore, the mechanistic association of these pathways with proliferation suggests that these biomarkers may also be helpful in evaluating and monitoring therapeutic response, remission and relapse in colorectal cancer patients.

This technology is intended for use as an adjunctive screening test for the detection of colorectal tumor or adenoma. A positive result may indicate the presence of colorectal cancer or premalignant colorectal neoplasia (adenoma). This urine based screen would not replace colonoscopy but would assist in the recommendation for additional testing or intervention. Compared to colonoscopy, the currently most commonly used colorectal cancer screening/diagnostic test, the test based on this new technology is non-invasive, cost effective and safer. This technology would be intended for patients who are typical candidates for colorectal cancer screening, adults of either sex, 50 years or older, who are at average risk of developing colorectal cancer.

The prospective exclusive license will be royalty bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR Part 404. The prospective exclusive license may be granted unless within thirty (30) days from the date of this published notice, the NIH receives written evidence and argument that establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR Part 404.

Applications for a license in the field of use filed in response to this notice will be treated as objections to the grant

of the contemplated exclusive license. Comments and objections submitted to this notice will not be made available for public inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Dated: August 11, 2014.

Richard U. Rodriguez,
Director, Division of Technology Development and Transfer, Office of Technology Transfer, National Institutes of Health.

Eunice Kennedy Shriver National Institute of Child Health & Human Development (NICHD); Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of a meeting of the National Advisory Child Health and Human Development Council.

The meeting will be open to the public as indicated below, with attendance limited to space available. A portion of this meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended for the review and discussion of grant applications. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the contact person listed below in advance of the meeting.

Name of Committee: National Advisory Child Health and Human Development Council.

Date: September 18, 2014.

Open: September 18, 2014, 8:00 a.m. to 12:00 p.m.

Agenda: Report of the Director, NICHD; Report of the Director, Division of Extramural Research, NICHD; Report of the Scientific Director, Division of Intramural Research; a presentation on the Outstanding Investigator Award (R35); and New Business of the Council.

Closed: September 18, 2014, 1:00 p.m. to Adjournment.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Building 31, Center Drive, C-Wing, Conference Room 6, Bethesda, MD 20892.

Contact Person: Cathy Y. Spong, M.D., Director, Division of Extramural Research, Eunice Kenney Shriver National Institute of Child Health and Human Development, NIH,

6100 Executive Blvd., Room 4A05, MSC 7510, Bethesda, MD 20892, (301) 435-6894.

Any interested person may file written comments with the committee by forwarding the statement to the contact person listed on this notice. The statement should include the name, address, telephone number, and when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxis, hotel, and airport shuttles, will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

In order to facilitate public attendance at the open session of Council in the main meeting room, Conference Room 10, please contact Ms. Lisa Kaeser, Program and Public Liaison Office, NICHD, at 301-496-0536 to make your reservation, additional seating will be available in the meeting overflow rooms, Conference Rooms 7 and 8. Individuals will also be able to view the meeting via NIH Videocast. Please go to the following link for Videocast access instructions at: <http://www.nichd.nih.gov/about/advisory/nachhd/Pages/virtual-meeting.aspx>.
