Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties

² For a full description of the scope of the order, see *Preliminary Results*, and related memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Circular Welded Carbon Steel Pipes and Tubes from Taiwan: 2012-2013" (June 18, 2014).

on all appropriate entries, in accordance with 19 CFR 351.212(b)(1). The Department intends to issue appropriate assessment instructions for the companies subject to this review to CBP 15 days after the date of publication of these final results.

Shin Yang's weighted-average dumping margin in these final results is zero percent. Therefore, we will instruct CBP to liquidate all appropriate entries without regard to antidumping duties.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of the final results of this administrative review for all shipments of certain carbon steel pipes and tubes from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Shin Yang Steel Co., Ltd., the cash deposit rate will be equal to the weighted-average dumping margin listed above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which that manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this review, any previous review, or the original investigation, the cash deposit rate will be 9.70 percent *ad valorem*, the "all others" rate.³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

³ See e.g. *Certain Circular Welded Carbon Steel Pipes and Tubes From Taiwan: Antidumping Duty Order*, 49 FR 19369 (May 7, 1984).

Administrative Protective Order Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1).

Certain Passenger Vehicle and Light Truck Tires From the People's Republic of China: Postponement of Preliminary Determination in Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 14, 2014.

FOR FURTHER INFORMATION CONTACT: Emily Halle, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0176.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 2014, the Department of Commerce (the Department) initiated a countervailing duty (CVD) investigation of certain passenger vehicle and light truck tires (certain passenger tires) from the People's Republic of China (PRC).¹

¹ See *Certain Passenger Vehicle and Light Truck Tires from the People's Republic of China: Initiation of Countervailing Duty Investigation*, 79 FR 42285 (July 14, 2014).

Currently, the preliminary determination is due no later than September 17, 2014.

Postponement of the Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a CVD investigation within 65 days after the date on which the Department initiated the investigation. However, if a petitioner makes a timely request for an extension in accordance with 19 CFR 351.205(e), section 703(c)(1)(A) of the Act allows the Department to postpone the preliminary determination until no later than 130 days after the date on which the Department initiated the investigation. Under 19 CFR 351.205(e), a petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reason for the request. The Department will grant the request unless it finds compelling reasons to deny the request.²

The Department determines that the record supports postponing the preliminary determination in this investigation. On July 25, 2014, Petitioner³ submitted a timely request pursuant to section 703(c)(1)(A) of the Act and 19 CFR 351.205(e) to postpone the preliminary determination, stating that the number and nature of the subsidy programs under investigation would prevent the Department from adequately examining them by the current deadline.⁴ Moreover, the record does not present any compelling reasons to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, the Department is hereby postponing the due date for the preliminary determination in this investigation to no later than 130 days after the day on which the investigation was initiated. As a result, the deadline for completion of the preliminary determination is now November 21, 2014.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).
