**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* State Educational Agency and Local Educational Agency—School Data Collection and Reporting under ESEA, Title I, Part A  
*OMB Control Number:* 1810-0622.

*Type of Review:* An extension of an existing information collection.

*Respondents/Affected Public:* State, Local, or Tribal Governments.

*Total Estimated Number of Annual Responses:* 52.

*Total Estimated Number of Annual Burden Hours:* 2,080.

*Abstract:* Although the U.S. Department of Education (ED) determines Title I, Part A allocations for Local Educational Agencies (LEAs),

State Educational Agencies (SEAs) must adjust ED-determined Title I, Part A LEA allocations to account for newly created LEAs and LEA boundary changes, to redistribute Title I, Part A funds to small LEAs (under 20,000 total population) using alternative poverty data, and to reserve funds for school improvement, State administration, and the State academic achievement awards program. This control number covers only the burden associated with the actual procedures an SEA must follow when adjusting ED-determined LEA allocations.

Since its inception, the congressional mandate requires the Advisory Committee to conduct objective, nonpartisan, and independent analyses on important aspects of the student assistance programs under Title IV of the Higher Education Act.

The one-day meeting/hearing will provide an opportunity for members of the public to suggest strategies and techniques to address the technical challenges involved in creating the Postsecondary Institution Ratings System (PIRS). In particular, the Committee seeks constructive, analytical input on how PIRS can successfully address challenges in one or more of the following ten areas: (1) Account for the diversity of American higher education; (2) Work within the financing structure of higher education; (3) Foster improvement in student and institutional outcomes; (4) Distinguish between consumer needs and accountability; (5) Overcome inadequacies and deficiencies in existing data; (6) Minimize unintended effects that undermine the objectives; (7) Contend with the subjective nature of ratings and rankings; (8) Ensure links to student aid improve access and completion; (9) Integrate with existing public data and information systems; (10) Provide for adequate pilot testing before full implementation.

Given its legislative charge, the Advisory Committee is especially interested in how PIRS might be designed to minimize unintended effects on Title IV recipients, in particular low-income students.
