

submittal electronically via the Internet (eFiling) in lieu of paper. Please refer to the instructions on the Commission's Web site under <http://www.ferc.gov/docs-filing/efiling.asp> and filing instructions in the Commission's Regulations at 18 CFR section 385.2001(a)(1)(iii). To assist you with eFilings you should refer to the submission guidelines document at <http://www.ferc.gov/help/submission-guide/user-guide.pdf>. In addition, certain filing requirements have statutory or regulatory formatting and other instructions. You should refer to a list of these "qualified documents" at <http://www.ferc.gov/docs-filing/efiling/filing.pdf>. You must include your name and contact information at the end of your comments. Please include the project number (P-12588-010) on any documents or motions filed. The Commission strongly encourages electronic filings; otherwise, you should submit an original and seven copies of any submittal to the following address: The Secretary, Federal Energy Regulatory Commission, Mail Code: DHAC, PJ-12, 888 First Street NE., Washington, DC 20426.

i. *Description of Project Facilities:* The project utilizes the existing facilities: (1) A 10.5-foot-high by 86.5-foot-long concrete dam; (2) a 3-foot-wide by 4-foot-high wooden stopgate positioned in the east bank of the dam which regulates flows to the turbine; (3) a 10.62-acre impoundment; (4) a powerhouse; (5) a 150-kW turbine-generator unit; (6) a trashrack with 2-inch bar spacing; and (9) appurtenant facilities. The exemptee stated that the rehabilitation of the project would consist of (1) repairs to the existing powerhouse; (2) refurbishment of the existing turbine and trashrack; (3) installation of a new 100-foot-long, 480-volt buried transmission line; and (4) installation of a water surface elevation gage in the headpond.

j. *Description of Proceeding:* The exemptee is in violation of Article 10 of its exemption, which was granted June 2, 2006 (115 FERC ¶ 62,250). Article 10 states, in pertinent part, that the Commission may revoke this exemption if actual construction of any proposed or required facility has not begun within two years (i.e., by June 1, 2008) or has not been completed within four years from the issuance date of the exemption (i.e., by June 1, 2010).

The exemptee's 2008 plan and schedule stated the project would be operational by June 2009. The exemptee has only recently completed minimal work to the project which includes: (a) Portage and safety signage as required by Article 15 of the exemption; (b) the

installation of new trashracks; (d) exterior lighting for dam and spill way; and (c) installation of the underground portion of the transmission line. The transmission line is not connected to the powerhouse or power pole because it has not met the requirements for interconnection with the transmission grid. The construction on the powerhouse interior is currently at a standstill, which includes rebuilding the generating unit. The Commission has made repeated attempts requesting the exemptee to submit a plan and schedule to restore the project. To date, the exemptee has not filed a plan and schedule to complete project construction or to surrender the exemption. The exemptee's most recent filing on August 1, 2014 stated that it cannot provide a fixed time frame when the project would resume generation due to the indeterminable time frame of major component repairs. In the August 1, 2014 filing, the licensee stated that it would hopefully start generation within the next three years or sooner.

k. This notice is available for review and reproduction at the Commission in the Public Reference Room, Room 2A, 888 First Street NE., Washington, DC 20426. The filing may also be viewed on the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the Docket number (P-12588-010) excluding the last three digits in the docket number field to access the notice. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call toll-free 1-866-208-3676 or email FERCOnlineSupport@ferc.gov. For TTY, call (202) 502-8659.

l. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .212, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular proceeding.

m. *Filing and Service of Responsive Documents*—Any filing must (1) bear in all capital letters the title "COMMENTS, PROTEST," or "MOTIONS TO INTERVENE," as applicable; (2) set forth in the heading the project number of the proceeding to which the filing

responds; (3) furnish the name, address, and telephone number of the person commenting, protesting, or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments or protests must set forth their evidentiary basis. All comments, protests, or motions to intervene should relate to project works which are the subject of the termination of exemption. A copy of any protest or motion to intervene must be served on each representative of the exemptee specified in item f above. A copy of all other filings in reference to this notice must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding in accordance with 18 CFR 4.34(b) and 385.2010.

n. *Agency Comments*—Federal, state, and local agencies are invited to file comments on the described proceeding. If any agency does not file comments within the time specified for filing comments, it will be presumed to have no comments.

Dated: August 7, 2014.

Kimberly D. Bose,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2013-0347; FRL-9915-27-OEI]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Epoxy Resin and Non-Nylon Polyamide Production (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for Epoxy Resin and Non-Nylon Polyamide Production (Renewal)" (EPA ICR No. 1681.08, OMB Control No. 2060-0290) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through August 31, 2014. Public comments were previously requested via the **Federal Register** (78 FR 35023) on June 11, 2013 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller

description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before September 15, 2014.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0347, to (1) EPA online using www.regulations.gov (our preferred method), by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: Sources are owners/operators of facilities which produce polymers and resins from epichlorohydrin and sources which manufacture epichlorohydrin-modified non-nylon polyamide resins. EPA and delegated states will use the information to identify new, modified, reconstructed, or existing sources, or process changes which may affect the source's status and to ensure that affected sources are meeting the standards.

Form Numbers: None.

Respondents/affected entities: Epoxy resin and non-nylon polyamide production facilities.

Respondent's obligation to respond: Mandatory (40 CFR Part 63, Subpart W).

Estimated number of respondents: 7 (total).

Frequency of response: Initially, occasionally, quarterly and semiannually.

Total estimated burden: 3,961 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$389,981 (per year), includes \$9,000 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the respondent burden and a decrease in the Agency burden. In addition, there is an increase in the total number of responses. This is not due to program changes. These changes occurred because the previous ICR did not consistently account for the respondent reporting requirements. This ICR corrected the number and frequency of each report, including semiannual SSM reports, quarterly excess emission reports, and annual CMS summary reports, to ensure that all burden calculations are consistent with the regulatory requirement. The previous ICR also included several reporting burden under Table 1, Section 5 Recordkeeping Requirements. This has been corrected in the current ICR.

Spencer Clark,

Acting Director, Collection Strategies Division.
