

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The purpose of this proposed priority is to fund a cooperative agreement with the goal of establishing a Job-Driven Vocational Rehabilitation Technical Assistance Center (JDVRTAC) to achieve, at a minimum, the following outcomes: (a) Improve the ability of State VR agencies to work with employers and providers of training to ensure equal access to and greater opportunities for individuals with disabilities to engage in competitive employment or training; (b) Increase the number and quality of employment outcomes in competitive, integrated settings for VR-eligible individuals with disabilities, including broadening the range of occupations for such individuals in such settings, that result from job-driven strategies; and (c)

Increase the number of VR-eligible individuals with disabilities in employer-driven job training programs.

The Cooperative Agreement will specify the short-term and long-term measures that will be used to assess the grantee's performance against the goals and objectives of the project and the outcomes listed in the preceding paragraph.

In its annual and final performance report to the Department, the grant recipient will be expected to report the data outlined in the Cooperative Agreement that is needed to assess its performance.

The Cooperative Agreement and annual report will be reviewed by RSA and the grant recipient between the third and fourth quarter of each project period. Adjustments will be made to the project accordingly in order to ensure demonstrated progress towards meeting the goal and outcomes of the project.

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

DEPARTMENT OF ENERGY

Proposed Agency Information Collection

AGENCY: U.S. Department of Energy.

ACTION: Notice and Request for Comments.

SUMMARY: The Department of Energy (DOE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995. The Department of Energy (DOE), Office of Science (SC) has chosen to leverage the use of Government, Off-the-Shelf (GOTS) software capabilities to implement a new consolidated system called Portfolio Analysis and Management System (PAMS). Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. This notice is being republished due to the time lapsed from original publication.

DATES: Comments regarding this proposed information collection must be received on or before October 20, 2014. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent to Portfolio Analysis and Management System (PAMS) Information Collection Request (ICR) by email at pams-irc-comments@science.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Marina Amoroso by email at marina.amoroso@science.doe.gov.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) *OMB No.:* New.

(2) *Information Collection Request Title:* Information Collection Request Title: Portfolio Analysis and Management System (PAMS)

Submissions for Letter of Intent (LOI), Pre-proposals, Interagency Proposals, and DOE National Laboratory Proposals; System Registration by External Users.

(3) *Type of Request:* New.

(4) *Purpose:* This new system is based on the Health Resources and Services Administration (HRSA) Electronic Handbooks software. Discretionary financial assistance proposals continue to be collected using Grants.gov but are imported into PAMS for use by the program offices. Under the proposed information collection, an external interface will be implemented in PAMS to allow two other types of proposal submission: DOE National Laboratories will be able to submit proposals for technical work authorizations directly into PAMS, while other Federal Agencies will be able to submit Proposals for interagency awards directly into PAMS. External users from all institution types will be able to submit Solicitation Letters of Intent and Pre-proposals directly into PAMS. All applicants, whether they submitted through Grants.gov or PAMS, will be able to register with PAMS to view the proposals that were submitted. They will also be able to maintain a minimal amount of information in their personal profile. The proposed collection will automate and streamline the submission, tracking, and correspondence portions of financial award pre-review processes. The information collected will be used by DOE to select applicants and projects for financial awards.

(5) *Annual Estimated Number of Respondents:* The following numbers are calculated using the average of the number of financial assistance proposals received in fiscal year 2006 through fiscal year 2010. 9,920 PAMS registrants, who are to include 8,000 submitters of lab proposals, interagency proposals, pre-proposals, and Letters Of
