Certain Polyester Staple Fiber From the Republic of Korea: Initiation of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) received information sufficient to warrant initiation of a changed circumstances review of the antidumping duty order on certain polyester staple fiber (PSF) from the Republic of Korea. Based upon a request filed by Toray Chemical Korea Inc. (Toray), the Department intends to determine in this review whether Toray is the successor-in-interest of Woongjin Chemical Co., Ltd. (Woongjin), a producer/exporter examined in prior administrative reviews of the order.¹

DATES: *Effective Date:* August 20, 2014.

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On May 25, 2000, the Department published notice of the *Order* in the **Federal Register**.² On July 2, 2014, Toray requested that the Department conduct a changed circumstances review pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.216(b) to determine that it is the successor-in-interest to Woongjin for purposes of the antidumping duty order. We received no comments from other interested parties.

Scope of the Order

The product covered by the order is certain PSF. Certain PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to the order may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture.

Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.20 is specifically excluded from the order. Also specifically excluded from the order are PSF of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from the order. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core.

The merchandise subject to this order is classified in the HTSUS at subheadings 5503.20.00.40 and 5503.20.00.60. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of these orders is dispositive.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Act, the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from, an interested party for a

review of an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. In accordance with 19 CFR 351.216(d), the Department determines that the information submitted by Toray constitutes sufficient evidence to conduct a changed circumstances review of the *Order*.

In a changed circumstances review involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base.³ While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor if the resulting operations are essentially the same as those of the predecessor company.⁴ Thus, if the record demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor.⁵

Based on the information provided in its submission, Toray provided sufficient evidence to warrant a review to determine if it is the successor-in-interest to Woongjin. Therefore, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), we are initiating a changed circumstances review. However, the Department finds it is necessary to issue a questionnaire requesting additional information regarding changes in management and information regarding the company's customer base, as provided for by 19 CFR 351.221(b)(2). For that reason, the Department is not conducting this review on an expedited basis by publishing preliminary results in conjunction with this notice of initiation. The Department will publish in the **Federal Register** a notice of the preliminary results of the changed circumstances review in accordance with 19 CFR 351.221(b)(4) and 19 CFR 351.221(c)(3)(i). That notice will set forth the factual and legal conclusions

upon which our preliminary results are based and a description of any action proposed.

Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results of review. In accordance with 19 CFR 351.216(e), the Department intends to issue the final results of its antidumping duty changed circumstances review not later than 270 days after the date on which the review is initiated.

During the course of this changed circumstances review, we will not change the cash deposit requirements for the merchandise subject to review. The cash deposit will only be altered, if warranted, pursuant to the final results of this review.

This notice is published in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216(b) and 351.221(b)(1).
