Submission for OMB Review: Comment Request

Title: Evaluation of Tribal Health Profession Opportunity Grants

(HPOG)—One Year Extension of Data Collection

OMB No.: 0970-0395

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), is proposing to continue information collection activities as part of the Evaluation of the Tribal Health Profession Opportunity Grants (HPOG). These information collection activities were approved by OMB in October 2011 for a three-year period (OMB clearance number 0970-0395). ACF is requesting a one-year extension of these activities. Through the extension of the information collection, ACF seeks to continue a comprehensive process and outcome evaluation to provide documentation and lessons learned about diverse programmatic approaches to health professions trainings for Tribal populations.

The goals of the Tribal HPOG evaluation are to: (1) Provide an in-depth, systematic analysis of program structure, implementation, and outcomes of the sites served by the five Tribal HPOG grantees funded in FY 2010, and (2) compare these data within and across grantees to generate hypotheses about the effectiveness of different program approaches for Tribal populations. These goals require collecting information from Tribal HPOG grantees and other program stakeholders on an annual basis. The information collection activities include in-person and telephone interviews and focus groups. A one-year extension of these activities will allow the evaluation to gather data from the grantees through the end of their grant period. Program operations data related to this effort will continue to be collected through a web-

based performance management system under a separate information collection (OMB clearance number 0970-0394).

This **Federal Register** Notice provides the opportunity to provide comments to OMB on a proposed information collection activity for the evaluation of Tribal HPOG. All instruments included in this request have been previously approved. The burden represents continuing data collection into this period.

Respondents: Grantee and Partner Administrative Staff interview: Administrators of the Tribal HPOG program, workforce development, and TANF agencies; public and private university-based partners; and not-for profit organizations.

Program Implementation Staff interview: Instructors, trainers, and providers of program or supportive services.

Program Participant focus groups: Current program participants.

Employers interview: Local or regional employers at public or private companies or organizations that are partnering with the Tribal HPOG program or have employed program participants.

Program Completers interview: Program completers.

Program Non-completers interview: Individuals who did not complete the programs.

Annual Burden Estimates

The current information collection request is for a one-year period.

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
New Burden for Previously Approved Instruments				
Grantee and partner administrative staff interview	35	1	1	35
Program implementation staff interview	117	1	1.5	176
Employer interview	52	1	.75	39
Program participant focus group or interview	117	1	1.35	158
Program completers interview	75	1	1	75
Program non-completers interview	20	1	.50	10

Estimated Total Annual Burden Hours: 493.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington,

DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30

and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office

of Management and Budget, Paperwork Reduction Project, Email: [OIRA SUBMISSION@OMB.EOP.GOV](mailto:OIRA_SUBMISSION@OMB.EOP.GOV), Attn: Desk Officer for the Administration for Children and Families.

Proposed Collection; 60-Day Comment Request Generic Clearance for Satisfaction Surveys of Customers (CSR)

Summary: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the Center for Scientific Review (CSR), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have

practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments And For Further Information: To obtain a copy of the data collection plans and instruments, contact Dr. Mary Ann Guadagno, Center for Scientific Review, NIH, Room 3182, 6701 Rockledge Drive, Bethesda, MD 20892, or call non-toll-free number 301-435-1251 or email your request, including your address to: guadagma@csr.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of publication of the notice.

Proposed Collection: Generic Clearance for Satisfaction Surveys of Customers (CSR), Extension—0925-0474—expiration date 10/31/2014, Center for Scientific Review (CSR), National Institutes of Health (NIH).

Need and Use of Information Collection: We will continue to collect information in surveys for use by the

Center for Scientific Review management and personnel: (1) To assess the quality of the modified operations and processes now used by CSR to review grant applications; (2) To assess the quality of service provided by CSR to our customers; (3) To enable identification of the most promising biomedical research that will have the greatest impact on improving public health by using a peer review process that is fair, unbiased from outside influence, timely, and (4) To develop new modes of operation based on customer need and customer feedback about the efficacy of implemented modifications. These surveys, which will be both quantitative and qualitative, are designed to assess the quality of services we provide to our major external customers. Customers include the research scientists who submit applications for grant funding to NIH. Those grant applications are reviewed and ranked by the grant scientific peer review study groups' members and chairs. These surveys will almost certainly lead to quality improvement activities that will enhance and/or streamline CSR's operations. Our voluntary partners include current grant scientific peer review study groups' members and chairs.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 4,263.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total annual burden hour
Adult scientific professionals (via Mail/Telephone/Internet)	7,925	1	30/60	3,963
Adult scientific professional (via focus groups)	200	1	90/60	300

Dated: August 15, 2014.

Mary Ann Guadagno,

Project Clearance Liaison, Center for Scientific Review, National Institutes of Health.
