Animal and Plant Health Inspection Service

[Docket No. APHIS–2014–0072]

Notice of Request for Extension of Approval of an Information Collection; Importation of Clementines From Spain

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations for the importation of clementines from Spain.

DATES: We will consider all comments that we receive on or before October 27, 2014.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/>#!docketDetail;D=APHIS-2014-0072.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2014–0072, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/>#!docketDetail;D=APHIS-2014-0072 or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to

help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the importation of clementines from Spain, contact Mr. William Wesela, AGM Program Director, QPAS, PHP, PPQ, APHIS, 4700 River Road Unit 60, Riverdale, MD 20737; (301) 851–2229. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851–2908.

SUPPLEMENTARY INFORMATION:

Title: Importation of Clementines From Spain.

OMB Control Number: 0579–0203.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests, including fruit flies, into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–69).

In accordance with § 319.56–34, clementines from Spain are subject to certain conditions before entering the United States to ensure that exotic plant pests, such as Mediterranean fruit fly, are not introduced into the United States. The regulations require the use of information collection activities, including a trust fund agreement, grower registration and agreement, a Mediterranean fruit fly management program, fruit fly trapping and control activities, recordkeeping, a phytosanitary certificate, and box labeling.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the

Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0033 hours per response.

Respondents: Growers and shippers of clementines and the national plant protection organization of Spain.

Estimated annual number of respondents: 4,508.

Estimated annual number of responses per respondent: 434.54.

Estimated annual number of responses: 1,958,919.

Estimated total annual burden on respondents: 6,507 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 20th day of August 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS–2014–0064]

Notice of Request for Extension of Approval of an Information Collection; Infectious Salmon Anemia; Payment of Indemnity

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the regulations for the payment of indemnity due to infectious salmon anemia.

DATES: We will consider all comments that we receive on or before October 27, 2014.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0064>.
- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2014-0064, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2014-0064> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the regulations for the payment of indemnity due to infectious salmon anemia, contact Dr. William G. Smith, Assistant District Director, VS-SPRS District 1, APHIS, 160 Worcester-Providence Road, Sutton, MA 01590; (508) 363-2278. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Infectious Salmon Anemia; Payment of Indemnity.

OMB Control Number: 0579-0192.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prevent the interstate spread of serious diseases and pests of livestock within the United States when feasible. In connection with this

mission, APHIS established regulations in 9 CFR part 53 to pay indemnity to salmon producers in Maine whose fish are destroyed because of infectious salmon anemia (ISA). However, payment is subject to the availability of funding.

ISA is a foreign animal disease of Atlantic salmon that is caused by an orthomyxovirus. The disease affects wild and farmed Atlantic salmon. ISA poses a substantial threat to the economic viability and sustainability of salmon aquaculture in the United States.

In order to take part in the indemnity program, producers must enroll in the cooperative ISA control program administered by APHIS and the State of Maine. Program participants must inform the ISA Program Veterinarian in writing of the name of their accredited veterinarian, develop biosecurity protocols and a site-specific ISA action plan, submit fish inventory and mortality information, complete an appraisal and indemnity claim form, and assist APHIS or State officials with onsite disease surveillance, testing, and biosecurity audits.

Since the last extension of approval for these information collection activities, APHIS has decreased the estimated annual number of responses from 718 to 182 for two reasons. APHIS overestimated the estimated annual number of responses per respondent by listing 16 responses per respondent for 2 items when it should have been 1 response per respondent. In addition, there has been a decrease in the number of aquaculture operations, which has resulted in a change in the estimated annual number of respondents from 16 to 12.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who

are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 2.66 hours per response.

Respondents: ISA program participants, such as certain aquaculture industry business owners, managers, site employees, accredited veterinarians, or laboratory personnel.

Estimated annual number of respondents: 12.

Estimated annual number of responses per respondent: 15.17.

Estimated annual number of responses: 182.

Estimated total annual burden on respondents: 484 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 20th day of August 2014.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.
