**SUPPLEMENTARY INFORMATION:** This ICR seeks to extend PRA authority for the Fire Protection in Shipyard Employment Standard information collection codified in regulations 29 CFR part 1915, subpart P. The Standard makes it mandatory for an Occupational Safety and Health Act (OSH Act) covered employer engaged in shipyard employment to develop a written fire safety plan and written statement or policy that contains information about fire watches and fire response duties and responsibilities. The Standard also requires the employer to obtain medical examinations for certain workers and to develop training programs and to train employees exposed to fire hazards. Additionally, the Standard requires an employer to create and maintain records to certify that employees have been made aware of the details of the fire safety plan and that employees have been trained as required by the Standard. OSH Act sections 2(b)(9), 6(b)(7), and 8(c) authorize this information collection. See 29 U.S.C. 651(b)(9), 655(b)(7), 657(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0248.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 2, 2014 (79 FR 25153).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0248. The OMB is particularly interested in comments that:
