(Consolidated)]

**Public Utilities Commission of the
State of California, Complainant v.
Sellers of Long-Term Contracts to the
California Department of Water
Resources, Respondent; Notice of
Proposed Restricted Service List**

Rule 2010(d) of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure provides that, to eliminate unnecessary

expense or improve administrative efficiency, the Secretary may establish a restricted service list for a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the "proceeding or consolidated proceeding" for which the list is established.²

On August 1, 2014, the California Public Utilities Commission (CPUC) requested that a restricted service list be established in the captioned consolidated dockets. The CPUC asserts that with the passage of time and various settlements the active parties have been significantly diminished. The CPUC also points out that there are numerous invalid addresses in the current lists, and that because the proceedings were initiated prior to March 21, 2005, electronic service is not the default means of service unless the parties otherwise agree.³

The CPUC asserts that it has served this request on the existing service lists in these proceedings, and has directly contacted the two remaining Respondents to the proceeding who
