Polyethylene Retail Carrier Bags From Thailand: Final Results of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 11, 2014, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order polyethylene retail carrier bags (PRCBs) from Thailand.¹ For these final results, we continue to find that subject merchandise has been sold at less than normal value by the companies subject to this review.

DATES: Effective September 2, 2014.

FOR FURTHER INFORMATION CONTACT: Sandra Dreisonstok or Minoo Hatten, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0768 and 202–482–1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 11, 2014, the Department published the *Preliminary Results*. The

period of review (POR) is August 1, 2012, through July 31, 2013.

We invited interested parties to comment on the *Preliminary Results*. We received no comments on our *Preliminary Results*. The final weighted-average dumping margins for the companies subject to this administrative review are listed below in the “Final Results of Review” section of this notice.

The Department conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the antidumping duty order is PRCBs, which may be referred to as t-shirt sacks, merchandise bags, grocery bags, or checkout bags. The subject merchandise is defined as non-sealable sacks and bags with handles (including drawstrings), without zippers or integral extruded closures, with or without gussets, with or without printing, of polyethylene film having a thickness no greater than 0.035 inch (0.889 mm) and no less than 0.00035 inch (0.00889 mm), and with no length or width shorter than 6 inches (15.24 cm) or longer than 40 inches (101.6 cm). The depth of the bag may be shorter than 6 inches but not longer than 40 inches (101.6 cm).

PRCBs are typically provided without any consumer packaging and free of charge by retail establishments, e.g., grocery, drug, convenience, department, specialty retail, discount stores, and restaurants, to their customers to package and carry their purchased products. The scope of the order excludes (1) polyethylene bags that are not printed with logos or store names and that are closeable with drawstrings made of polyethylene film and (2) polyethylene bags that are packed in consumer packaging with printing that refers to specific end-uses other than packaging and carrying merchandise from retail establishments, e.g., garbage bags, lawn bags, trash-can liners.

As a result of changes to the Harmonized Tariff Schedule of the United States (HTSUS), imports of the subject merchandise are currently classifiable under statistical category 3923.21.0085 of the HTSUS. Furthermore, although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of Review

Because no party commented on our *Preliminary Results*, we made no changes to these final results. As a result

of our review, we determine that the following weighted-average dumping margins on PRCBs from Thailand exist for the period August 1, 2012, through July 31, 2013:

| Company | Weighted-average dumping margin (percent) |
|---|---|
| Beyond Packaging Co., Ltd. | 122.88 |
| Dpac Inter Corporation Co., Ltd. | 4.69 |
| Elite Poly and Packaging Co., Ltd. | 4.69 |
| Poly World Co., Ltd. | 4.69 |
| Triple B Pack Company Limited | 4.69 |
| Two Path Plaspak Co., Ltd. | 4.69 |

Assessment Rates

In accordance section 751(a)(2)(C) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries covered by this review at the rates listed above.

For these final results we continue to rely on adverse facts available to establish Beyond Packaging’s weighted-average dumping margin, and will instruct CBP to apply an *ad valorem* assessment rate of 122.88 percent to all entries of subject merchandise during the POR which were produced and/or exported by Beyond Packaging.

We intend to issue liquidation instructions to CBP 15 days after publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of these final results of administrative review for all shipments of PRCBs from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for the reviewed companies will be equal to the weighted-average dumping margins established in these final results of this review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; (4) if neither the exporter
