A. Overview of Information Collection

Title of Information Collection: Rent Reform Demonstration (Task Order 1).

OMB Approval Number: 2528–New.

Type of Request: New collection.

Form Number: None.

Description of the need for the information and proposed use: The Department is conducting this study under contract with MDRC and its subcontractors (Branch Associates, The Bronner Group, Quadel Consulting Corporation, and the Urban Institute). The project is a random assignment trial of an alternative rent system. Families will be randomly assigned to either participate in the new/alternative rent system or to continue in the current system. For voucher holders, outcomes of the alternative system are hypothesized to be increases in earnings, employment and job retention, among others. Random assignment will limit the extent to which selection bias drives observed results. The demonstration will document the progress of a group of housing voucher holders, who will be drawn from current residents. The intent is to gain

an understanding of the impact of the alternative rent system on the families as well as the administrative burden on Public Housing Agencies (PHAs). PHAs currently participating in the Moving to Work (MtW) Demonstration are being recruited to participate in the demonstration. Data collection will include the families that are part of the treatment and control groups, as well as PHA staff. Data for this evaluation will be gathered through a variety of methods including informational interviews, direct observation, surveys, and analysis of administrative records. The work covered under this information request is for the baseline survey. Work funded by subsequent task orders will be covered under a separate information collection request.
