Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response Compensation and Liability Act

On August 28, 2014, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Mexico in the lawsuit entitled *United States and State of New Mexico v. Chevron Mining Inc.*, Civil Action No. 14cv783 KBM-SCY.

The plaintiffs seek compensation for damage to natural resources in and about the former Molybdenum Mining Site. The Site includes a molybdenum mine and mill, tailings ponds, and a slurry pipeline—all located near Questa, New Mexico. The plaintiffs allege that defendant is liable for injury to natural resources resulting from releases of hazardous substances at that Site. Under the Consent Decree that embodies the settlement proposed here, defendant will transfer certain property that will mitigate some of injury suffered and will pay the federal and state natural resource trustees about \$4 million to be used to restore, replace, or acquire resources—all in compliance with the terms of the Consent Decree and other applicable law. Defendant also will pay specified past assessment costs incurred by the trustees. In return, defendant will receive from plaintiffs specified covenants not to sue for natural resource

damages resulting from releases from the Site, subject to reservations specified in the proposed Decree.
