

amendments to Rule G–48, generally reflect a unified approach to SMMP status, which would require additional affirmations by the customer regarding the customer's sophistication on certain matters to qualify for SMMP status and which would result in exemptions from certain associated MSRB rules for dealer transactions with SMMPs. Relevant to the proposed best execution obligation for dealers, the proposed amendments to the SMMP definition would require an additional affirmation by the customer that the customer is exercising independent judgment in evaluating the quality of the dealer's execution of the customer's transactions in order for the customer to qualify for SMMP status and the proposed amendments to Rule G–48 would provide an exemption from a dealer's best execution obligation to customers for transactions with SMMPs. The Commission requests comment on the proposed unified approach to SMMP status, including the particular context of the proposed best execution obligations for dealers. The Commission requests comment on whether or not there are circumstances in which an otherwise-eligible SMMP may prefer to affirm that it is exercising independent judgment in evaluating the recommendations of a dealer and not be covered by the protections of the dealer's obligation to conduct a customer-specific suitability analysis, but not to affirm that it is exercising independent judgment with respect to the dealer's quality of execution of the SMMP's transactions and remain protected by the proposed best execution obligation imposed on dealers. Commenters also are invited to provide comments regarding the required customer affirmations generally under the SMMP definition.
