

FEDERAL RESERVE SYSTEM**Agency Information Collection****Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB**

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: Notice is hereby given of the final approval of a proposed information collection by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 CFR 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instrument(s) are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Final approval under OMB delegated authority the implementation of the following report:

Report title: Policy Impact Survey.

Agency form number: FR 3075.

OMB control number: 7100-0362.

Frequency: On occasion.

Reporters: Bank holding companies (BHCs) (and their subsidiaries), savings and loan holding companies (SLHCs), non-BHC/SLHC systemically important financial institutions (SIFIs), the combined domestic operations of certain foreign banking organizations (FBOs), state member banks (SMBs), Edge and agreement corporations, and U.S. branches and agencies for foreign banks authorized under specific statutes noted below.

Estimated annual reporting hours: 58,500 hours.

Estimated average hours per response: 60 hours.

Estimated number of respondents: 65.

General description of report: This information collection is generally authorized under sections 2A and 12A of the Federal Reserve Act. Section 2A requires that the Board of Governors of the Federal Reserve System and the Federal Open Market Committee (FOMC) maintain long run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates. 12 U.S.C. 225a. In addition, under section 12A of the Federal Reserve Act, the FOMC is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks with a view to accommodating commerce and business and with regard to the regulations' bearing upon the general credit situation of the country. 12 U.S.C. 263. The authority of the Federal Reserve to collect economic data to carry out the requirements of these provisions is implicit. Accordingly, the Federal Reserve is authorized to use the FR 3075 by sections 2A and 12A of the Federal Reserve Act.

Additionally, depending upon the survey respondent, the information collection may be authorized under a more specific statute. Specifically, the Board is authorized to collect information from: BHCs (and their subsidiaries) under section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844(c)); SLHCs under section 10(b)(2) of the Home Owners Loan Act (12 U.S.C. 1467a(b)(2)); non-BHC/SLHC SIFIs under section 161(a) of the Dodd-Frank Act (12 U.S.C. 5361(a)); the combined domestic operations of certain FBOs under section 8(a) of the International Banking Act of 1978 (12 U.S.C. 3106(a)) and section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844(c)); SMBs under section 9 of the Federal Reserve Act (12 U.S.C. 324); Edge and agreement corporations under sections 25 and 25A of the Federal Reserve Act (12 U.S.C. 602 and 625) and U.S. branches and agencies of foreign banks under section 7(c)(2) of the International Banking Act of 1978 (12 U.S.C. 3105(c)(2)) and under section 7(a) of the Federal Deposit Insurance Act (12 U.S.C. 1817(a)).

The Federal Reserve expects the majority of surveys to be conducted on a voluntary basis. However, with respect to collections of information from BHCs

(and their subsidiaries), SLHCs, non-BHC/SLHC SIFIs, the combined domestic operations of certain foreign banking organizations, state member banks, Edge and agreement corporations, and U.S. branches and agencies for foreign banks authorized under the specific statutes noted above, the Federal Reserve could make the obligation to respond mandatory.

The ability of the Federal Reserve to maintain the confidentiality of information provided by respondents to the FR 3075 surveys will have to be determined on a case-by-case basis depending on the type of information provided for a particular survey. Depending upon the survey questions, confidential treatment may be warranted under exemptions 4, 6, and 8 of the Freedom of Information Act (FOIA). Exemption 4 protects from disclosure trade secrets and commercial or financial information, while exemption 6 protects information "the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." See 5 U.S.C. 552(b)(4) and (b)(6). If the survey is mandatory and is undertaken as part of the supervisory process, information could be protected under FOIA exemption 8, which protects information relating to examination reports. 5 U.S.C. 552(b)(8).

Abstract: The FR 3075 collects information from select institutions regulated by the Federal Reserve in order to assess the effects of proposed, pending, or recently-adopted policy changes at the domestic and international levels. For example, the survey collects information used for certain quantitative impact studies (QISs) sponsored by bodies such as the Basel Committee on Banking Supervision and the Financial Stability Board. Recent QISs have included the Basel III monitoring exercise, which monitors the global impact of the Basel III framework,¹ and the global systemically important bank exercise, which assesses a firm's systemic risk profile.² Since the collected data may change from survey to survey, there is no fixed reporting form. The data submission timeline for each survey will be determined prior to the distribution of the survey materials. In soliciting participation, the Federal Reserve will explain to respondents the purpose of the survey and how the data will be used. While the number of respondents may fluctuate between

surveys, the survey may be conducted up to 15 times per year.

Current Actions: On June 18, 2014, the Federal Reserve published a notice in the **Federal Register** (79 FR 34751) requesting public comment for 60 days on the proposal to implement the Policy Impact Survey. The comment period for this notice expired on August 18, 2014. The Federal Reserve did not receive any comments. The FR 3075 survey will be implemented as proposed.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Promoting Adolescent Health through School-Based HIV/STD Prevention—New—National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention, Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC) requests a 3-year OMB approval to conduct a new information collection entitled, "Promoting Adolescent Health Through School-Based HIV/STD Prevention". The proposed project is a semi-annual Web-based questionnaire to assess programmatic activities among funded agencies which include local education agencies (LEA), state education agencies (SEA), and non-governmental organizations (NGO) funded by the Division of Adolescent and School Health (DASH), Centers for Disease Control and Prevention.

Currently, the questionnaires are the only standardized reporting process for HIV/STD prevention activities among LEAs, SEAs, and NGOs funded by DASH. The data being gathered via the nine questionnaires: (1) Provides standardized information about how HIV/STD prevention funds are used by funded agencies; (2) provides descriptive and process information about program activities; and (3) provides greater accountability for use of public funds. The questionnaires are completed by the funded agencies on a Web site managed by DASH and its contractor, Karna. The questionnaires are to be completed on a semi-annual basis.

The questionnaires pertain to the approaches that funded agencies are using to meet their goals. Approaches include helping districts and schools deliver exemplary sexual health education (ESHE) emphasizing HIV and other STD prevention; increasing adolescent access to key sexual health services (SHS); and establishing safe and supportive environments (SSE) for students and staff.

There are a total of nine questionnaires that are included in the burden table below. Each SEA will be completing activities for all approaches. Therefore, each SEA will complete a questionnaire for each approach (ESHE, SHS, and SSE). Likewise, each LEA will be completing activities for all approaches. Therefore, each LEA will complete a questionnaire for each approach (ESHE, SHS, and SSE). Each NGO will respond to the questionnaire for the approach they are implementing in support of SEAs or LEAs. Two NGOs will respond to the ESHE questionnaire, two NGOs will respond to the SHS questionnaire, and two NGOs will respond to the SSE questionnaire.

There are no costs to respondents other than their time. The estimated annualized burden for all funded agencies is 820 hours.
