

organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

#### 4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

#### 5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

#### 6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

#### 7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### 8. Taking of Private Property

This rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

#### 9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

#### 10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

#### 11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

#### 12. Energy Effects

This rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

#### 13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

#### 14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the amendment of the special local regulation outlined in 33 CFR 100.1301. This rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

**SUMMARY:** The Coast Guard announces that it has received approval from the Office of Management and Budget for an information collection request associated with the January 2014 final rule on the discharge of bulk dry cargo residue on the U.S. waters of the Great Lakes. With this approval, all provisions of the final rule are now fully in effect and can be enforced. The final rule

promotes the Coast Guard's maritime safety and stewardship missions.

**DATES:** The requirements of 33 CFR 151.66(b)(5), published in the **Federal Register** on January 31, 2014 (79 FR 5261), will be enforceable beginning September 15, 2014.

**FOR FURTHER INFORMATION CONTACT:** For information about this document call or email Rich Walter, Coast Guard; telephone 202-372-3856, email [Richard.W.Walter@uscg.mil](mailto:Richard.W.Walter@uscg.mil). **SUPPLEMENTARY INFORMATION:** On January 31, 2014, the Coast Guard published a final rule titled "Dry Cargo Residue Discharges in the Great Lakes."<sup>1</sup> In this final rule, the Coast Guard implemented new requirements related to the operation of U.S. and foreign vessels carrying bulk dry cargo such as limestone, iron ore, and coal on the U.S. waters of the Great Lakes, and the operation of U.S. bulk dry cargo vessels anywhere on the Great Lakes.

Our final rule delayed the effective date of 33 CFR 151.66(b)(5) because it contains collection of information provisions that require approval from the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3520. On August 5, 2014, OMB approved the collection and assigned OMB Control Number 1625-0072. Accordingly, we announce that section 151.66(b)(5) is enforceable from September 15, 2014. - I. Background
- II. Summary of SIP Revision
- III. Final Action

#### I. Background

On July 16, 2014, (79 FR 41476), EPA published a notice of proposed rulemaking (NPR) for the State of Kansas. The NPR proposed approval of Kansas' submission that provides the basic elements specified in section 110(a)(2) of the CAA, or portions thereof, necessary to implement, maintain, and enforce the 2008 Pb NAAQS.

#### II. Summary of SIP Revision

On January 13, 2012, EPA received a SIP submission from the state of Kansas that addresses the infrastructure elements specified in section 110(a)(2) for the 2008 Pb NAAQS. This submission addressed the following infrastructure elements of section 110(a)(2): (A), (B), (C), (D), (E), (F), (G), (H), (J), (K), (L), and (M). Specific requirements of section 110(a)(2) of the CAA and the rationale for EPA's proposed action to approve the SIP submission are explained in the NPR and will not be restated here. No public comments were received on the NPR.

#### III. Final Action

EPA is approving Kansas' submission which provides the basic program elements specified in section 110(a)(2)(A), (B), (C), (D), (E), (F), (G), (H), (J), (K), (L), and (M) of the CAA, or portions thereof, necessary to implement, maintain, and enforce the 2008 Pb NAAQS, as a revision to the Kansas SIP. This action is being taken under section 110 of the CAA. As discussed in each applicable section of the NPR, EPA is not acting on section 110(a)(2)(I)—Nonattainment Area Plan or Plan Revisions Under Part D and on the visibility protection portion of section 110(a)(2)(J).

#### VI. Statutory and Executive Order Review

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions,
