

§ 1204.1102 Responsibilities.

(a) The Center Directors of NASA installations and the Executive Director for Headquarters Operations over which the United States has exclusive or concurrent legislative jurisdiction, and consistent with the foregoing, are delegated the authority to establish additional vehicular and pedestrian traffic rules and regulations for their installations.

(b) All persons on a NASA Center or component facility are responsible for compliance with locally established vehicular and pedestrian traffic rules and regulations.

§ 1204.1103 Procedures.

The Center Directors and the Executive Director for Headquarters Operations shall issue local policies and procedural requirements, subject to prior NASA Office of Protective Services approval, which will implement this regulation for their respective NASA Centers and component facilities.

§ 1204.1104 Violations.

A person found in violation, on a NASA installation, of any vehicular or pedestrian traffic law, or local installation vehicular or pedestrian traffic rule or regulation made applicable to the installation under the provisions of this subpart, is subject to punishment as provided for by 18 U.S.C. 799 (violation of regulations of NASA).

BILLING CODE 7510-13-P

PENSION BENEFIT GUARANTY CORPORATION
29 CFR Parts 4022 and 4044
Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in October 2014 and interest assumptions under the asset

allocation regulation for valuation dates in the fourth quarter of 2014. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective October 1, 2014.

FOR FURTHER INFORMATION CONTACT:

Catherine B. Klion (*Klion.Catherine@PBGC.gov*), Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: PBGC's regulations on Allocation of Assets in Single-Employer Plans (29 CFR Part 4044) and Benefits Payable in Terminated Single-Employer Plans (29 CFR Part 4022) prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulations are also published on PBGC's Web site (<http://www.pbgc.gov>).

The interest assumptions in Appendix B to Part 4044 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for October 2014 and updates the asset allocation interest assumptions for the fourth quarter (October through December) of 2014.

The fourth quarter 2014 interest assumptions under the allocation regulation will be 3.10 percent for the first 20 years following the valuation date and 3.29 percent thereafter. In comparison with the interest assumptions in effect for the third quarter of 2014, these interest

assumptions represent no change in the select period, (the period during which the select rate (the initial rate) applies), a decrease of 0.33 percent in the select rate, and a decrease of 0.37 percent in the ultimate rate (the final rate).

The October 2014 interest assumptions under the benefit payments regulation will be 1.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for September 2014, these interest assumptions represent a decrease of 0.25 percent in the immediate annuity rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during October 2014, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
