**DEPARTMENT OF HOMELAND SECURITY**  
**Coast Guard**  
**[Docket No. USCG–2014–0526]**  
**Imposition of Conditions of Entry for Certain Vessels Arriving to the United States From Cambodia**  
**AGENCY:** Coast Guard, DHS.  
**ACTION:** Notice.  
**SUMMARY:** The Coast Guard announces that it is removing the exemption from

conditions of entry on vessels arriving in the U.S. from certain ports in Cambodia and will impose conditions of entry on all vessels arriving from Cambodian ports. This notice promotes the Coast Guard’s maritime security mission.

**DATES:** The policy announced in this notice will become effective September 29, 2014.

**FOR FURTHER INFORMATION CONTACT:** For information about this document call or email Michael Brown, International Port Security Evaluation Division, United States Coast Guard, telephone 202–372–1081. For information about viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826, or toll free 1–800–647–5527.

**SUPPLEMENTARY INFORMATION:**

**Discussion**

The authority for this notice is 5 U.S.C. 552(a), 46 U.S.C. 70110, and Department of Homeland Security Delegation No. 0170.1(II)(97)(f). As delegated, section 70110 authorizes the Coast Guard to impose conditions of entry on vessels arriving in U.S. waters from ports that the Coast Guard has not found to maintain effective anti-terrorism measures.

In October 2008, we found that ports in Cambodia, with certain exceptions, did not maintain effective anti-terrorism measures. Accordingly, the Coast Guard imposed conditions of entry on certain vessels arriving to the United States from Cambodian ports (73 FR 63499, Oct. 24, 2008). The notice exempted two ports from conditions of entry: Phnom Penh Autonomous Port and Sihanoukville Autonomous Port. We no longer find that those two ports are maintaining effective anti-terrorism measures, and we remove their exemption.

Accordingly, beginning September 29, 2014, the conditions of entry shown in Table 1 will apply to any vessel that visited any Cambodian port in its last five port calls.

TABLE 1—CONDITIONS OF ENTRY FOR VESSELS VISITING CAMBODIAN PORTS

| Number  | Each vessel must:   |
|---------|---|
| 1 ..... | Implement measures per the vessel’s security plan equivalent to Security Level 2 while in a port in Cambodia. As defined in the ISPS Code and incorporated herein, “Security Level 2” refers to the “level for which appropriate additional protective security measures shall be maintained for a period of time as a result of heightened risk of a security incident.” |
| 2 ..... | Ensure that each access point to the vessel is guarded and that the guards have total visibility of the exterior (both landside and waterside) of the vessel while the vessel is in ports in Cambodia.  |

TABLE 1—CONDITIONS OF ENTRY FOR VESSELS VISITING CAMBODIAN PORTS—Continued

| Number  | Each vessel must:   |
|---------|---|
| 3 ..... | Guards may be provided by the vessel's crew; however, additional crewmembers should be placed on the vessel if necessary to ensure that limits on maximum hours of work are not exceeded and/or minimum hours of rest are met, or provided by outside security forces approved by the vessel's master and Company Security Officer. As defined in the ISPS Code and incorporated herein, "Company Security Officer" refers to the "person designated by the Company for ensuring that a ship security assessment is carried out; that a ship security plan is developed, submitted for approval, and thereafter implemented and maintained and for liaison with port facility security officers and the ship security officer." |
| 4 ..... | Attempt to execute a Declaration of Security while in a port in Cambodia;   |
| 5 ..... | Log all security actions in the vessel's security records; and  |
| 6 ..... | Report actions taken to the cognizant Coast Guard Captain of the Port (COTP) prior to arrival into U.S. waters.   |
| 7 ..... | In addition, based on the findings of the Coast Guard boarding or examination, the vessel may be required to ensure that each access point to the vessel is guarded by armed, private security guards and that they have total visibility of the exterior (both landside and waterside) of the vessel while in U.S. ports. The number and position of the guards has to be acceptable to the cognizant COTP prior to the vessel's arrival.  |

The following countries currently do not maintain effective anti-terrorism measures and are therefore subject to certain conditions of entry: Cambodia, Cameroon, Comoros, Cote d'Ivoire, Cuba, Equatorial Guinea, Guinea-Bissau, Iran, Liberia, Madagascar, Nigeria, Sao Tome and Principe, Syria, Timor-Leste, Venezuela, and Yemen. This list is also available in a policy notice available at <https://homeport.uscg.mil> under the Maritime Security tab; International Port Security Program (ISPS Code); Port Security Advisory link.

Dated: August 15, 2014.

**BILLING CODE 9110-04-P**

**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

[Docket ID FEMA-2014-0002]

**Changes in Flood Hazard Determinations**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Final Notice.

**SUMMARY:** New or modified Base (1% annual-chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized.

Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities. The flood hazard determinations modified by each LOMR will be used to calculate flood insurance premium rates for new buildings and their contents.

**DATES:** The effective date for each LOMR is indicated in the table below.

**ADDRESSES:** Each LOMR is available for inspection at both the respective Community Map Repository address listed in the table below and online through the FEMA Map Service Center at [www.msc.fema.gov](http://www.msc.fema.gov).

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-4064, or (email) [Luis.Rodriguez3@fema.dhs.gov](mailto:Luis.Rodriguez3@fema.dhs.gov); or visit the FEMA Map Information eXchange (FMIX) online at [www.floodmaps.fema.gov/fhm/fmx\\_main.html](http://www.floodmaps.fema.gov/fhm/fmx_main.html).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105,

and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings, and for the contents in those buildings. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at [www.msc.fema.gov](http://www.msc.fema.gov).
