Title: 272 Sunset Order, WC Docket No. 06-120; Access Charge Reform, CC Docket No. 96-262, *First Report and Order; Second Order on Reconsideration and Memorandum Opinion and Order; and Fifth Report and Order.*

Estimated Time per Response: Approximately 3-300 hours.

Frequency of Response: One-time reporting requirement; on-occasion reporting requirement; third-party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 151, 154(i), 155, 201-205, and 303(r) of the Communications Act of 1934, as amended.

Total Annual Burden: 6,170 hours.

Total Annual Cost: \$310,115.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality:

The information requested is not of a confidential nature. However, respondents may request materials or information submitted to the Commission be withheld from public inspection under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: In an August 1999 *Fifth Report and Order and Further Notice of Proposed Rulemaking (Pricing Flexibility Order)*, CC Docket 96-262 *et al.*, the Commission adopted detailed rules so that incumbent local exchange carriers subject to price cap regulation could receive pricing flexibility in the provision of interstate access services as competition for those services developed, 47 C.F.R. §§ 69.701 *et seq.* Pursuant to these rules, a carrier is required to file a petition with the Commission demonstrating that the competitive showings contained in the rules are satisfied to receive various levels of pricing flexibility. These showings, which focus on unaffiliated collocations in wire centers, are intended to measure the presence of competition in a given Metropolitan Statistical Area (MSA) or non-MSA so that regulatory relief is granted where warranted. The Commission's rules

provide that petitions for pricing flexibility for special access services that are not denied within 90 days after the close of the pleading cycle are deemed granted.

In an August 2012 *Report and Order*, FCC 12–92, 57 FR 57504 (Sept. 12, 2012), the Commission suspended, on an interim basis, the 90-day deadline for the granting of pricing flexibility pending adoption of a new regulatory framework. Notwithstanding the temporary suspension, the Commission is seeking Office of Management and Budget (OMB) approval for an extension to obtain the full three-year clearance for this expiring collection in the event the suspension is lifted. The Commission will separately seek OMB's approval for any subsequent modification of this collection, as a result of changes to the pricing flexibility rules, in accordance with the Paperwork Reduction Act of 1995, Public Law 104–13.

Federal Communications Commission.

Secretary, Office of the Secretary, Office of the Managing Director.

Title: Deployment of Text-to-911.

Form No.: N/A.

Type of Review: New collection.

Respondents: Businesses or other for-profit; not-for-profit institutions; and state, local or tribal governments.

Total Number of Respondents: 3,370 Respondents; 58,012 Responses.

Estimated Time per Response: 1.31 hours.

Frequency of Response: One-time reporting.

Obligation to Respond: Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, and 403.

Total Annual Burden Hours: 76,237 hours.

Total Annual Cost: None.

Nature and Extent of Confidentiality: The Commission will work with respondents to ensure that their concerns regarding the confidentiality of any proprietary or business-sensitive information are resolved in a manner consistent with the Commission's rules.

Privacy Act Impact Assessment: This information collection does not affect

individuals or households, and therefore a privacy impact assessment is not required.

Needs and Uses: The information collection sought will enable the Commission to implement text-to-911 service pursuant to the *Second Report and Order*, FCC 14–118, released August 13, 2014. The *Second Report and Order* adopts new rules to commence the implementation of text-to-911 service with an initial deadline of December 31, 2014 for all covered text providers to be capable of supporting text-to-911 service. The *Second Report and Order* also provides that covered text providers then have a six-month implementation period—they must begin routing all 911 text messages to a Public Safety Answering Point (PSAP) by June 30, 2015 or within six months of a valid PSAP request for text-to-911 service, whichever is later. To implement these requirements, the Commission seeks to collect information primarily for a database in which PSAPs will voluntarily register that they are technically ready to receive text messages to 911. As PSAPs become text-ready, they may either register in the PSAP database (or, if the database is not yet available, submit a notification to PS Docket Nos. 10–255 and 11–153), or provide other written notification reasonably acceptable to a covered text messaging provider. Either measure taken by the PSAP shall constitute sufficient notification pursuant to the adopted rules in the *Second Report and Order*. PSAPs and covered text providers may mutually agree to an alternative implementation timeframe (other than six months). Covered text providers must notify the FCC of the dates and terms of the alternate timeframe that they have mutually agreed on with PSAPs within 30 days of the parties' agreement.

Additionally, the rules adopted by the *Second Report and Order* also include other information collections for third party notifications that need to be effective in order to implement text-to-911, including necessary notifications to consumers, covered text providers, and the Commission. These notifications are essential to ensure that all of the affected parties are aware of the limitations, capabilities, and status of text-to-911 services. Emergency approval of these information collections will enable the Commission to meet objectives to commence the implementation of text-to-911 service as of December 31, 2014 in furtherance of its core mission to ensure the public's safety.
