SUPPLEMENTARY INFORMATION:

Title: Trade Show Evaluation Forms.
OMB Number: 0551-New.

Type of Request: New approval of information collection process.

Abstract: FAS requests the approval of a Trade Show Evaluation form used to collect information from participants

of USDA/FAS-endorsed trade shows. This form is used by FAS' Office of Trade Programs/Trade Services Staff (OTP/TSS) to gather feedback from participants in USDA-endorsed trade shows and helps to improve the services provided by FAS. This form will also allow FAS to capture information about the companies' experiences at the trade show in a more concise manner and update contact information of the offices responsible for managing the trade show program.

Each year a certain number of trade shows are selected to be endorsed by USDA/FAS, to host a U.S.A. Pavilion for U.S. companies to promote their products to foreign buyers. A list of USDA endorsed shows is available at: www.fas.usda.gov/topics/exporting/trade-shows.

The data collected through the Trade Show Evaluation form is tabulated by FAS to provide information on performance measures that track progress towards attaining FAS' export objectives. This information is necessary to manage, plan, and evaluate the effectiveness of FAS' services, which are intended to help U.S. companies market and sell their products overseas.

Estimate of Burden: The burden to U.S. exporters is estimated to average 0.13 hours (8 minutes) per response.

Respondents: U.S. agricultural exporters of food, farm, and forest products.

Estimated Number of Respondents: 1400 per annum.

Estimated Number of Responses per Respondent: 1 per annum.

Estimated Total Annual Burden of Respondents: 182 hours per annum.

Copies of this information collection can be obtained from Connie Ehrhart, the Agency Information Collection Coordinator, at (202) 690-1578.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Persons with disabilities who require an alternative means to communicate information (Braille, large print, audiotape, etc.) should contact USDA's Target Center at (202) 720-2600 (voice and TDD).

SUPPLEMENTARY INFORMATION:**Background**

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."
