

activities. There is a need to include direction for improving aquatic passage in streams where it is compromised. Direction should include restoring and expanding the range of native aquatic species and connectivity of fragmented populations.

The Proposed Action is to: (1) Modify the present Puerto Rican Parrot Management Situation Appendix since El Yunque NF is no longer the preferred habitat for the parrot, but habitat management recovery for remaining populations will continue in the broader landscape capacity through interagency collaborative effort, in compliance with the recovery plan for the Puerto Rican Parrot; (2) address the information gap of the coqui species that are identified as Species of Conservation Concern, focusing in on habitat conditions to better develop appropriate management strategies; (3) identify Wildlife Stand Improvement areas for all terrestrial vertebrate species; (4) identify aquatic passage barriers; (5) manage broader landscape needs collaboratively with partners and State agencies; (6) change from an integrated pest management strategy in the current plan to an invasive species management strategy, in compliance with the executive order; (7) control mongoose, rat, feral cat and dog populations actively in prioritized areas, and if needed, control invasive aquatic populations within the forest; and (8) update the flight restriction over the forest in compliance with the new FAA guidelines for wildlife and wilderness conservation.

E. Public Involvement

Listening sessions and a workshop focused on collaboration were conducted with the public in September and December 2012 which identified public concerns and provided information about the planning process and collaboration. Between January and April 2014 four community meetings were conducted to solicit comments, opinions, data and ideas from members of the public as well as representatives of other governmental and non-governmental organizations. In May 2014 there was a forum to share information on the Plan Assessment and its key findings and to gather comments from the public. Approximately 200 participants attended these meetings.

Comments received from the public meetings and from written electronic comments, along with information obtained from the assessment, were used to develop the preliminary need to change statements. A draft assessment was released to the public in March 2014. Comments that have already been received and any other comments

relating to the assessment that may be received following the publication of this notice will be considered in completing the assessment and in describing the Affected Environment section of the EIS. It is anticipated that a completed assessment report will be posted on the forest's Web site <http://www.fs.usda.gov/elyunque/planning> within four months after the scoping period closes.

F. Issues and Preliminary Alternatives

Information gathered during this scoping period, as well as other information, will be used to prepare the draft EIS. At this time, El Yunque NF is seeking input on the proposed action. From these comments, the Forest Service will identify issues that will serve as a focus for developing a draft forest plan and alternatives to be analyzed in the EIS.

G. Scoping Process

Written comments received in response to this notice will be:

- Analyzed to complete the identification of the need to change the existing plan;
- Used to further develop the proposed action; and
- Used to identify potential significant issues.

Significant issues will, in turn, form the basis for developing alternatives to the proposed action. Comments on the preliminary need to change and proposed action will be most valuable if received by November 3, 2014 and should clearly articulate the reviewer's opinions and concerns. Comments received in response to this notice, including the names and addresses of those who comment, will be part of the public record. Comments submitted anonymously will be accepted and considered; however, see Section I concerning the objection process and the requirements for filing an objection. Refer to the El Yunque NF Web site at <http://www.fs.usda.gov/elyunque/planning> for information on when public meetings will be scheduled for refining the proposed action and identifying possible alternatives to the proposed action.

H. Applicable Planning Rule

Preparation of the revised forest plan for El Yunque NF began with the publication of a Notice of Initiation in the **Federal Register** on November 21, 2013 [78 FR 69814] and was initiated under the planning procedures contained in the 2012 Forest Service planning rule (36 CFR 219 (2012)).

I. Decision Will Be Subject to Objection

The decision to approve the Revised Land Management Plan for El Yunque National Forest will be subject to the objection process identified in 36 CFR 219 Subpart B (219.50 to 219.62). According to 36 CFR 219.53(a), those who may file an objection are individuals and entities who have submitted substantive formal comments related to a plan revision during the opportunities provided for public comment during the planning process.

J. Permits or Licenses Required to Implement the Proposed Action

No permits or licenses are needed for the development of a Land and Resource Management Plan.

K. Documents Available for Review

The complete preliminary need for change document, the assessment report including specialist reports, summaries of the public meetings and public meeting materials, and the El Yunque's proposed action are posted on the El Yunque NF Web site at: <http://www.fs.usda.gov/elyunque/planning>. As necessary or appropriate, the material available on this site will be further adjusted as part of the planning process using the provisions of the Forest Service 2012 planning rule. (Authority: 16 U.S.C. 1600–1614; 36 CFR 219 [77 FR 21260–21273])

Dated: September 12, 2014.

Pablo Cruz,

Forest Supervisor, El Yunque National Forest.

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 this notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Agricultural Labor Survey. Revision to burden hours will be needed due to changes in the size of the target population, sampling design, and/or questionnaire length.

DATES: Comments on this notice must be received by November 17, 2014 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0109, by any of the following methods:

- *Email:* OMBOfficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *eFax:* (855) 838-6382.

- *Mail:* Mail any paper, disk, or CD-ROM submissions to: David Hancock, NASS Clearance Officer, U.S.

Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW., Washington, DC 20250-2024.

- *Hand Delivery/Courier:* Hand deliver to: David Hancock, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW., Washington, DC 20250-2024.

FOR FURTHER INFORMATION CONTACT: R. Renee Picanso, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-2707.

SUPPLEMENTARY INFORMATION:

Title: Agricultural Labor Survey.

OMB Control Number: 0535-0109.

Expiration Date of Approval: January 31, 2015.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, disposition, and prices. The Agricultural Labor Survey provides quarterly statistics on the number of agricultural workers, hours worked, and wage rates. Number of workers and hours worked are used to estimate agricultural productivity; wage rates are used in the administration of the H-2A Program and for setting Adverse Effect Wage Rates. Survey data are also used to carry out provisions of the Agricultural Adjustment Act. NASS intends to request that the survey be approved for another 3 years.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, et seq.) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance,

“Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA),” *Federal Register*, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: This information collection consists of three individual surveys. In April, NASS will collect data for the January and April quarters and in October, NASS will collect data for both the July and October quarters. Following these two surveys NASS will re-contact approximately 1,000 operators to conduct quality control surveys to help insure the quality of the data collected. The sample sizes will be increased in 2015 to achieve statistical targets. The public reporting burden for this information collection is estimated to average 5 minutes for the quality control surveys and 30 minutes per response in April and October.

Respondents: Farms and businesses.

Estimated Number of Respondents: 16,000.

Estimated Total Annual Burden on Respondents: 15,500 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, September 8, 2014.

R. Renee Picanso,

Associate Administrator.

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Invitation for Nominations to the Advisory Committee on Agriculture Statistics

AGENCY: National Agricultural Statistics Service (NASS), USDA.

ACTION: Solicitation of Nominations to the Advisory Committee on Agriculture Statistics.

SUMMARY: In accordance with the Federal Advisory Committee Act, 5 U.S.C. App. 2, this notice announces an invitation from the Office of the Secretary of Agriculture for nominations to the Advisory Committee on Agriculture Statistics.

On September 2, 2014, the Secretary of Agriculture renewed the Advisory Committee charter for a two-year term to expire on September 2, 2016. The purpose of the Committee is to advise the Secretary of Agriculture on the scope, timing, content, etc., of the periodic censuses and surveys of agriculture, other related surveys, and the types of information to obtain from respondents concerning agriculture. The Committee also prepares recommendations regarding the content of agriculture reports and presents the views and needs for data of major suppliers and users of agriculture statistics.

DATES: Written nominations must be received on or before October 24, 2014.

ADDRESSES: You may submit nominations by any of the following methods:

- *Email:* Scan the completed form and email to: HQSDDOD@nass.usda.gov.
- *eFax:* (855) 593-5473

- *Mail:* Nominations should be mailed to Hubert Hamer, Executive Director, Agricultural Statistics Board, National Agricultural Statistics Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Room 5431 South Building, Washington, DC 20250-2010.

- *Hand Delivery/Courier:* Hand deliver to: Hubert Hamer, Executive Director, Agricultural Statistics Board, National Agricultural Statistics Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Room 5431 South Building, Washington, DC 20250-2010.

FOR FURTHER INFORMATION CONTACT: Hubert Hamer, Executive Director, Agricultural Statistics Board, National Agricultural Statistics Service, (202) 720-3896.

SUPPLEMENTARY INFORMATION: Each person nominated to serve on the
