

purposes and publish any resulting fee adjustments in the **Federal Register**. Accordingly, the FBI conducted a fee study using FY 2012 cost information applied to the FY 2014 name check projections to assess the current cost to the FBI of processing name checks. The methodology for this new fee study is the same as the FBI has used previously, employing the Activity Based Cost (ABC) accounting method detailed in the Final Rule establishing the process

for setting fees (75 FR 24796 (May 6, 2010)). The ABC methodology is consistent with widely accepted accounting principles in addition to the provisions of 31 9701 and other applicable federal law. The fee study identified all direct and indirect costs associated with the name-based background checks incurred by the FBI in fiscal year 2012.

These costs were analyzed by the ABC model to project the total reimbursable

costs, by fee category, for fiscal year 2014. The fee study recommended several adjustments to the current user fees, which have been in effect since March 4, 2011. The following table details the fee amounts for federal agencies requesting name-based background checks of the FBI's CRS through the NNCP for noncriminal justice purposes.

| Service | Fee currently in effect | Change in fee amount | Revised fee |
|----------------------------|-------------------------|----------------------|-------------|
| Electronic Submission: | | | |
| Batch Process Only | \$2.00 | \$0.50 | \$2.50 |
| Batch + File Review | 38.50 | 3.50 | 42.00 |
| Manual Submission | 50.75 | 15.75 | 66.50 |
| Expedited Submission | 50.75 | 15.75 | 66.50 |

The higher Batch Fee is based on the increase of certain direct costs, such as those related to information technology acquisition. Manual and Expedited Fees, which only accounted for .027% of all reimbursable submissions in FY 2013, increased due to fixed costs remaining constant while submissions decreased.

This new fee schedule will become effective on October 15, 2014.

 Director, Federal Bureau of Investigation.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Alien Claims Activity Report information collection that utilizes Reporting Form ETA-9016. The information collection allows the ETA

to determine the number of aliens filing for unemployment insurance, the number of benefit issues detected, and the denials resulting from the U.S. Citizenship and Immigration Services (USCIS) Systematic Alien Verification for Entitlement (SAVE) Program. From these data, the ETA can determine the extent to which State agencies use the system and the overall effectiveness and cost efficiency of the USCIS SAVE verification system. Social Security Act section 303(a)(6) authorizes this information collection. See 42 U.S.C. 503(a)(6).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0268.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on September 30, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For

additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 20, 2014 (79 FR 15612).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0268. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Michel Smyth by telephone at 202-693-4129, TTY 202-693-8064, (these are not

toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Employment and Training Administration Disaster Unemployment Assistance Handbook, which includes Reporting Form ETA-902. Robert T. Stafford Disaster Relief and Emergency Assistance Act sections 410 and 423 provide for assistance to eligible individuals who are unemployed due to a major disaster. State Workforce Agencies through individual agreements with the Secretary of Labor, act as agents of the Federal government in providing Disaster Unemployment Assistance (DUA) to eligible applicants who are unemployed as a direct result of a major disaster. Form ETA-902 is a monthly report submitted by a State on DUA program activities once the President declares a disaster. Form ETA-902 is prescribed pursuant to regulations 20 CFR 625.8 and 625.9 and is necessary for oversight of the DUA program. This information collection has been classified as a revision, because Form 902-A has been discontinued. Form 902-A was designed specifically for the Gulf Coast Oil Spill. The time has passed for submitting Form 902-A; consequently, its continuance no longer has practical utility. Social Security Act section 303(a)(6) authorizes this information collection. See 42 U.S.C. 503(a)(6).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0051. The current approval is scheduled to expire on September 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice
