DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species (HMS) Scientific Research Permits, Exempted Fishing Permits, Letters of Acknowledgment, Display Permits, and Shark Research Fishery Permits.

OMB Control Number: 0648-0471.

Form Number(s): NA.

Type of Request: Revision and extension of a current information collection.

Number of Respondents: 57.

Average Hours Per Response: Two hours for a scientific research plan; 40 minutes for an application for an EFP, Display Permit, SRP, LOA, or Shark Research Permit or for an annual report; 1 hour for an interim report; 15 minutes for an application for amendment; 5 minutes for notification of departure phone calls to NMFS Enforcement; 10 minutes for calls to request an observer; and 2 minutes for "no-catch" reports or tag applications.

Burden Hours: 217.

Needs and Uses: Exempted Fishing Permits (EFPs), Scientific Research Permits (SRPs), Display Permits, Letters of Acknowledgment (LOAs), and Shark Research Fishery Permits are issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (Magnuson-Stevens Act) (16 U.S.C. 1801 *et seq.*) and/or the Atlantic Tunas Convention Act (ATCA) (16 U.S.C. 971 *et seq.*). Issuance of these permits is necessary for the collection of Highly Migratory Species (HMS) for public display and scientific research that requires exemption from regulations that otherwise may prohibit such collection. Display Permits are issued for the collection of HMS for the purpose of public display, and a limited number of Shark Research Fishery Permits are issued for the collection of fishery-dependent data for future stock assessments and cooperative research with commercial fishermen to meet the shark research objectives of the Agency.

Regulations at 50 CFR 600.745 and 50 CFR 635.32 govern scientific research activity, exempted fishing, and exempted educational activities with respect to Atlantic HMS. Since the Magnuson-Stevens Act does not include scientific research within the definition of "fishing," scientific research is exempt from this statute. NMFS requests copies of scientific research plans for these activities and indicates concurrence by issuing a LOA to researchers to indicate that the proposed activity meets the definition of scientific research and is therefore exempt from regulation.

Scientific research is not exempt from regulation under ATCA. NMFS issues SRPs for collection of species managed

under this statute (e.g., tunas, swordfish, billfish), which authorize researchers to collect HMS from bona fide research vessels (e.g., NMFS or university research vessel.) NMFS will issue an EFP when research/collection involving such species occurs from commercial or recreational fishing platforms.

To regulate these fishing activities, NMFS needs information to determine the justification for granting an EFP, LOA, SRP, Display or Shark Research Fishery Permit. Interim, annual and no-catch/fishing reports must also be submitted to the HMS Management Division within NMFS.

Revision: Minor changes have been made to forms, including language encouraging electronic submission.

Affected Public: Non-profit institutions; state, local, or tribal government; business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

Type of Request: Regular Submission (revision/extension of a currently approved information collection).

Burden Hours: 11,073 hours.

Number of Respondents: 173.

Average Hours per Response: 25 to 161 hours (depending on size and structure of the foreign-trade zone).

Needs and Uses: The Foreign-Trade Zone Annual Report is the vehicle by which Foreign Trade Zone (FTZ) grantees report annually to the Foreign Trade Zones Board, pursuant to the requirements of the Foreign Trade Zones Act (19 U.S.C. 81a-81u). The annual reports submitted by grantees are the only complete source of compiled information on FTZ's. The data and information contained in the reports relates to international trade activity in FTZ's. The reports are used by the Congress and the Department to determine the economic effect of the FTZ program. The reports are also used by the FTZ Board and other trade policy officials to determine whether zone activity is consistent with U.S. international trade policy, and whether it is in the public interest. The public uses the information regarding activities in FTZ's to evaluate their effect on industry sectors. The information contained in annual reports also helps zone grantees in their marketing efforts.
