

to provide the customs services. To implement this provision, generally, the airport seeking the designation as a user fee airport or that airport's authority agrees to pay a flat fee for which the users of the airport are to reimburse the airport/airport authority. The airport/airport authority agrees to set and periodically review the charges to ensure that they are in accord with the airport's expenses.

The regulation pertaining to user fee airports is 19 CFR 122.15. It addresses the procedures for obtaining permission to land at a user fee airport, the grounds for withdrawal of a user fee designation and includes the list of user fee airports designated by the Commissioner of CBP in accordance with 19 U.S.C. 58b.

Periodically, CBP updates the list of user fee airports at 19 CFR 122.15(b) to reflect those that have been recently designated by the Commissioner and other changes, such as a name change for a listed user fee airport. On April 15, 2012, the Commissioner of CBP signed a MOA approving the designation of user fee status for the John Wayne Airport. This document updates the list of user fee airports by adding John Wayne Airport in Santa Ana, California to the list.

On September 17, 2007, the Williams Gateway Airport Authority approved the renaming of the Williams Gateway Airport in Mesa, Arizona to the Phoenix-Mesa Gateway Airport. This name change went into effect on October 15, 2007. This document updates the list of user fee airports to reflect the renaming of the Williams Gateway Airport to the Phoenix-Mesa Gateway Airport.

## II. Statutory and Regulatory Requirements

### A. Inapplicability of Public Notice and Delayed Effective Date Requirements

Under the Administrative Procedure Act (5 U.S.C. 553(b)), an agency may waive the normal notice and comment requirements if it finds, for good cause, that they are impracticable, unnecessary, or contrary to the public interest. This final rule updates the list of user fee airports to add an airport that has already been designated by the Commissioner of CBP in accordance with 19 U.S.C. 58b as a user fee airport and to reflect a name change for one of the listed airports. These amendments are conforming changes to update the list of user fee airports. Therefore, notice and comment for this rule is unnecessary because the rule has no substantive impact, is technical in nature, and it relates only to management, organization, procedure,

and practice. For the same reasons, pursuant to 5 U.S.C. 553(d)(3), a delayed effective date is not required.

### B. The Regulatory Flexibility Act and Executive Order 12866

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) do not apply. This amendment does not meet the criteria for a "significant regulatory action" as specified in Executive Order 12866, as supplemented by Executive Order 13563.

### C. Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions are necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

### D. Executive Order 13132

The rule will not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

### E. Signing Authority

This document is limited to technical amendments of CBP regulations. Accordingly, it is being signed under the authority of 19 CFR 0.1(b).

### List of Subjects in 19 CFR Part 122

Air carriers, Aircraft, Airports, Customs duties and inspection, Freight.
