Under provisions of the Railroad Retirement Act (RRA), there are two types of benefit payments that are based on the status of a child being in full-time elementary or secondary school attendance at age 18-19: a survivor child's annuity benefit under Section 2(d)(1)(iii) and an increase in the employee retirement annuity under the Special Guaranty computation as prescribed in section 3(f)(2) and 20 CFR part 229.

The survivor student annuity is usually paid by direct deposit to a financial institution either into the student's checking or savings account or into a joint bank account with a parent. The requirements for eligibility as a student are prescribed in 20 CFR 216.74, and include students in independent study and home schooling.

To help determine if a child is entitled to student benefits, the RRB requires evidence of full-time school attendance. This evidence is acquired through the RRB's student monitoring program, which utilizes the following forms. Form G-315, Student Questionnaire, obtains certification of a student's full-time school attendance as well as information on the student's marital status, social security benefits, and employment, which are needed to determine entitlement or continued entitlement to benefits under the RRA. Form G-315A, Statement of School Official, is used to obtain, from a school, verification of a student's full-time attendance when the student fails to return a monitoring Form G-315. Form G-315A.1, School Official's Notice of Cessation of Full-Time School Attendance, is used by a school to notify the RRB that a student has ceased full-time school attendance. The RRB proposes minor editorial and formatting changes to Forms G-315, G-315a, and G-315a.1.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

2. *Title and purpose of information collection:* RUIA Claims Notification

and Verification System; OMB 3220-0171.

Section 5(b) of the Railroad Unemployment Insurance Act (RUIA), requires that effective January 1, 1990,

¹ Request of the United States Postal Service to Add Priority Mail Contract 91 to Competitive

Product List and Notice of Filing (Under Seal) of

Unredacted Governors' Decision, Contract, and Supporting Data, September 22, 2014 (Request).

when a claim for benefits is filed with the Railroad Retirement Board (RRB), the RRB shall provide notice of the claim to the claimant's base year employer(s) to provide them an opportunity to submit information relevant to the claim before making an initial determination. If the RRB determines to pay benefits to the claimant under the RUIA, the RRB shall notify the base-year employer(s).

The purpose of the RUIA Claims Notification and Verification System is to provide two notices, pre-payment Form ID-4K, Prepayment Notice of Employees' Applications and Claims for Benefits Under the Railroad Unemployment Insurance Act, and post-payment Form ID-4E, Notice of RUIA Claim Determination. Prepayment Form ID-4K provides notice to a claimant's

base-year employer(s), of each unemployment application and unemployment and sickness claim filed for benefits under the RUIA and provides the employer an opportunity to convey information relevant to the proper adjudication of the claim.

The railroad employer can elect to receive Form ID-4K by one of three options: a computer-generated paper notice, by Electronic Data Interchange (EDI), or online via the RRB's Employer Reporting System (ERS). The railroad employer can respond to the ID-4K notice by telephone, manually by mailing a completed ID-4K back to the RRB, or electronically via EDI or ERS. Completion is voluntary. The RRB proposes no changes to any of the ID-4K options.

Once the RRB determines to pay a claim post-payment Form Letter ID-4E,

Notice of RUIA Claim Determination, is used to notify the base-year employer(s). This gives the employer a second opportunity to challenge the claim for benefits.

The ID-4E mainframe-generated paper notice, EDI, and Internet versions are transmitted on a daily basis, generally on the same day that the claims are approved for payment. Railroad employers who are mailed Form ID-4E are instructed to write if they want a reconsideration of the RRB's determination to pay. Employers who receive the ID-4E electronically, may file a reconsideration request by completing the ID-4E by either EDI or ERS. Completion is voluntary. The RRB proposes no changes to any of the ID-4E options.

Total	75,920	2,158

* The burden for the 5 participating employers who transmit EDI responses is calculated at 10 minutes each per day, 251 workdays a year or 210 total hours of burden.

Extension:
 Rule 17f-2(c), SEC File No. 270-35, OMB Control No. 3235-0029.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 17f-2(c) (17 CFR 240.17f-2(c)) under the Securities Exchange Act of 1934 ("Act") (15 U.S.C. 78a *et seq.*).

Rule 17f-2(c) allows persons required to be fingerprinted pursuant to Section 17(f)(2) of the Act to submit their fingerprints to the Attorney General of the United States or its designee (i.e., the Federal Bureau of Investigation ("FBI")) through a registered national securities exchange or a registered national securities association (collectively, also known as "self-regulatory organizations" or "SROs") pursuant to a fingerprint plan filed with, and declared effective by, the Commission. Fingerprint plans have been approved for the American, Boston, Chicago, New York, and

Philadelphia stock exchanges and for the Financial Industry Regulatory Authority ("FINRA") and the Chicago Board Options Exchange. Currently, the bulk of the fingerprints are submitted through FINRA.

It is estimated that approximately 5,000 respondents submit approximately 288,000 sets of fingerprints (consisting of 198,500 electronic sets and 89,500 hard copy sets) to SROs on an annual basis. The Commission estimates that it would take approximately 15 minutes to create and submit each fingerprint card. The total reporting burden is therefore estimated to be 72,000 hours, or approximately 15 hours per respondent, annually.

In addition, the SROs charge an estimated \$30.25 fee for processing fingerprint cards submitted electronically, resulting in a total annual cost to all 5,000 respondents of approximately \$6,004,600, or \$1,200.92 per respondent per year. The SROs charge an estimated \$44.50 fee for processing fingerprint cards submitted in hard copy, resulting in a total annual cost to all 5,000 respondents of approximately \$3,982,700, or \$796.54 per respondent per year.
