SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Powered Industrial Trucks Standard information collection requirements codified in regulations 29 CFR 1910.178. The Standard contains several information collection requirements addressing truck design, construction, and modification, as well as certification of training and evaluation for truck operators. Occupational Safety and Health Act of 1970 sections 2(b)(9), 6(b)(7), and 8(c) authorize this information collection. See 29 U.S.C. 651(b)(9), 655(b)(7), 657(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0242.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on September 30, 2014. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB

receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 9, 2014 (79 FR 26776).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0242. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for

revisions to the Rehabilitation Action Report, Form OWCP-44, which a contractor hired to provide vocational rehabilitation services submits to the OWCP. Form OWCP-44 gives prompt notification of key events that may require OWCP action in the vocational rehabilitation process. For example, when a disabled worker returns to work, benefits must be promptly adjusted to avoid an overpayment. All items are completed by the rehabilitation counselor from information in his or her records. This information collection has been classified as a revision, because of the deletion of a few data fields, such as the date wage-loss began and the date the rehabilitation case opened. Fields for specific rehabilitation counselor action items have also been either expanded or deleted. In addition, the Privacy Act Statement has been revised, and the form will now include an accommodation statement informing a claimant with a mental or physical limitation to contact the OWCP if further assistance is needed in the claims process. The Federal Employees' Compensation Act and Longshore and Harbor Workers' Compensation Act information collection. See 5 U.S.C. 8104(a), 8111(b) and 33 U.S.C. 908(g), 939(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0008. The current approval is scheduled to expire on September 30, 2014; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 27, 2014 (79 FR 30183).
