

access to systems where sensitive Personally Identifiable Information (PII) resides, are provided PII training, and have access to all policies regarding PII and its safeguarding requirements. All database systems are housed in a secure data center that is protected by security personnel. Accessing computer systems within the data center requires appropriate credentials to physically enter the facility and access the systems. All data is protected via encryption both at rest and in motion. There are no hardcopy records produced that require additional protections.

RETENTION AND DISPOSAL:

Records retention and disposal are per Policy in HUD Handbook 2225.6 Rev 1 HUD Records Disposition Schedules Handbook (2225.6) Under General Records Schedule 24, Information Technology Operations and Management Records, Section 6—User Identification, Profiles, Authorizations, and Password Files. Section 6 requires that files be destroyed/deleted 6 years after the user account is terminated or password is altered, or when no longer needed for investigative or security purposes, whichever is later. Backup and Recovery digital media will be destroyed or otherwise rendered irrecoverable per NIST SP 800–88 “Guidelines for Media Sanitization” (September 2006). This complies with all Federal regulations. There are no hardcopy records produced that require additional archival.
