

have evaluated possible effects on federally recognized Indian Tribes and have determined that there are no effects.

Proposed Authorization

The Service proposes to issue an IHA for small numbers of sea otters harassed incidentally by the Applicant while the applicant is completing waterfront repairs at USCG Station Monterey, with a 1-year authorization window beginning November 1, 2014, and ending October 31, 2015. Authorization for incidental take beyond this period would require a request for renewal.

The final IHA would incorporate the mitigation, monitoring, and reporting requirements discussed in this proposal. The Applicant would be responsible for following those requirements. These authorizations would not allow the intentional taking of sea otters.

If the level of activity exceeded that described by the Applicant, or the level or nature of take exceeded those projected here, the Service would reevaluate its findings. The Secretary may modify, suspend, or revoke an authorization if the findings are not accurate or the conditions described in this notice are not being met.

Request for Public Comments

The Service requests interested persons to submit comments and information concerning this proposed IHA. Consistent with section 101(a)(5)(D)(iii) of the MMPA, we are opening the comment period on this proposed authorization for 30 days (see **DATES**).

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: September 23, 2014.

Polly Wheeler,

Acting Deputy Regional Director, Pacific Southwest Region.

Notice of Meeting of the San Juan Islands National Monument Advisory Committee

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act, the Bureau of Land Management's (BLM) San Juan Islands National Monument Advisory Committee (MAC) will meet as indicated below.

DATES: The MAC will meet October 29–30, 2014, from 10:15 a.m.–3:45 p.m. both days, at the San Juan Island Grange, 152 N 1st Street, Friday Harbor, Washington 98250. The first day of the meeting will be devoted to new member orientation and an introduction to the resource management plan process. The second day of the meeting will include establishing MAC goals and beginning a collaborative project on public outreach, closing with a public comment period.

FOR FURTHER INFORMATION CONTACT: Marcia deChadenèdes, San Juan Islands National Monument Manager, P.O. Box 3, 37 Washburn Ave., Lopez Island, Washington 98261, (360) 468–3051, or *mdechade@blm.gov*. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1(800) 877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 12-member San Juan Islands MAC was chartered to provide information and advice regarding the development of the San Juan Islands National Monument's resource management plan. Members represent an array of stakeholder interests in the land and resources from within the local area and statewide. Planned agenda items include training on the Federal Advisory Committee Act, advisory committee procedures, the resource management plan process, MAC goal setting, and a collaborative project on public outreach. On October 30, 2014, at 2:45 p.m., members of the public will have the opportunity to make comments to the MAC during a one-hour public comment period. All

advisory committee meetings are open to the public. Persons wishing to make comments during the public comment period should register in person with the BLM by 2 p.m. on October 30, 2014, at the meeting location. Depending on the number of persons wishing to comment, the length of comments may be limited. The public may send written comments to the MAC at San Juan Islands National Monument, Attn. MAC, P.O. Box 3, 37 Washburn Ave., Lopez Island, Washington 98261. The BLM appreciates all comments.

Jody L. Weil,

Oregon State Office Deputy State Director for Communications.

Notice of Availability and Notice of Public Hearings for the Draft Environmental Impact Statement/ Environmental Impact Report for Long-Term Water Transfers, Central Valley and Bay Area, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation and the San Luis & Delta-Mendota Water Authority have made available for public review and comment the Long-Term Water Transfers Draft Environmental Impact Statement/ Environmental Impact Report (EIS/EIR). The Draft EIS/EIR addresses water transfers to Central Valley Project (CVP) contractors south of the Delta and in the San Francisco Bay area from CVP and non-CVP sources from north of the Delta using Delta pumps (both CVP and State Water Project (SWP) facilities). Water transfers would occur through various methods such as groundwater substitution, cropland idling, reservoir release, and conservation, and would include individual and multiyear transfers from 2015 through 2024.

DATES: Send written comments on the Draft EIS/EIR on or before December 1, 2014.

Three hearings to receive oral or written comments will be held on the following dates:

- Wednesday, October 15, 2014, 2:00 p.m.–4:00 p.m., Sacramento, California.
- Thursday, October 16, 2014, 6:00 p.m.–8:00 p.m., Los Banos, California.

• Tuesday, October 21, 2014, 6:00 p.m.–8:00 p.m., Chico, California.

ADDRESSES: Send written comments or requests for copies to Mr. Brad Hubbard, Bureau of Reclamation, 2800 Cottage Way, Sacramento, CA 95825; or via email to bhubbard@usbr.gov.

The hearing locations are:

• Sacramento—Quality Inn and Suites at Cal Expo, 1413 Howe Avenue, Sacramento, California 95825, (916) 922-9833.

• Los Banos—San Luis & Delta-Mendota Water Authority, 842 Sixth Street, Los Banos, California 93635, (209) 826-9696.

• Chico—Chico Masonic Family Center, 1110 W. East Avenue, Chico, California 95926, (530) 342-7143.

To request a compact disc of the Draft EIS/EIR, please contact Mr. Brad Hubbard as indicated above, or call (916) 978-5204. The Draft EIS/EIR may be viewed at the Bureau of Reclamation's Web site at http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=18361. See **SUPPLEMENTARY INFORMATION** section for locations where copies of the Draft EIS/EIR are available for public review.

FOR FURTHER INFORMATION CONTACT: Mr. Brad Hubbard, Project Manager, Bureau of Reclamation, via email at bhubbard@usbr.gov, or at (916) 978-5204; or Ms. Frances Mizuno, Assistant Executive Director, San Luis & Delta-Mendota Water Authority, via email at frances.mizuno@sldmwa.org, or at (209) 832-6200.

SUPPLEMENTARY INFORMATION:

Hydrologic conditions, climatic variability, and regulatory requirements for operation of water projects commonly affect water supply availability in California. Project supplies are often the primary source of water for south of Delta users, and the complex factors constraining operational decisions not only strain total annual water supplies, but regularly create mismatched timing between planting decisions and announcement of final water supply allocations, making advance planning for water shortages necessary and routine. These conditions and resulting shortages create a need for water transfers to help meet water demands.

The purpose of Long-Term Water Transfers is to facilitate voluntary water transfers from willing sellers upstream of the Delta to water users south of the Delta and in the San Francisco Bay Area. The maximum approvable quantity transferable to any contractor cannot exceed that contractor's total contract supply, but instead helps to make up for shortages. Such transfers

need to be implementable within narrow annual windows for decisions on each end and flexible enough to address highly variable shortages and annual differences in farming decisions north and south of the Delta.

The objectives for long-term water transfers through 2024 include:

- Develop supplemental water supply for the San Luis & Delta-Mendota Water Authority (SLDMWA) member agencies during times of CVP shortages to meet anticipated demands up to the total CVP contract quantities.

- Allow for transfers to meet the need of SLDMWA member agencies for a supplemental water supply that are quickly implementable and flexible enough to respond to changes in hydrologic conditions and CVP allocations.

- Provide a framework to facilitate transfers that will be needed in most years.

The EIR/EIS analyzes four alternative actions. Alternative 1 is No Action.

Alternative 2, Full Range of Transfers, is the Proposed Action. This alternative combines all potential transfer measures that met the purpose and need and were carried forward through the screening process. Alternative 3, No Cropland Modifications, includes conservation, groundwater substitution, and reservoir release. Alternative 4, No Groundwater Substitution, includes conservation, cropland idling transfers—rice, field and grains, crop shifting, and reservoir release.

Transfers of CVP supplies and transfers that require use of CVP facilities are subject to review by the Bureau of Reclamation (Reclamation) in accordance with the Central Valley Project Improvement Act of 1992, Reclamation's water transfer guidelines, and California State law. Pursuant to Federal and State law and subject to separate written agreement, Reclamation and the Department of Water Resources would facilitate water transfers involving CVP contract water supplies and CVP and SWP facilities. Buyers and sellers would be responsible for negotiating the terms of the transfers, including amount of water for transfer, method to make water available, and price.

The EIS/EIR identifies potential selling parties in northern California, methods by which water could be made available for transfer, and maximum amounts of water available through each method. The EIS/EIR also identifies potential purchasing agencies south of the Delta and the proposed use of transfer water.

The EIS/EIR analyzes alternative transfer methods to make water

available through operational flexibility of the existing system. Groundwater substitution transfers occur when sellers forego diversion of their surface water supplies and pump an equivalent amount of groundwater as an alternative supply. The purchasing agency would receive the foregone surface water supply. The quantity of water available for transfer would account for potential stream flow losses as a result of groundwater-surface water interaction. Cropland idling would make water available for transfer that would have been used for agricultural irrigation without the transfer. Typically, the proceeds from the water transfer would pay farmers to idle land that they would have placed in production. Reservoir release transfers would involve releasing water from non-Project entities (not part of the CVP or SWP) for transfer that would have otherwise remained in storage. Conservation transfers involve actions to reduce the diversion of surface water by the transferring entity by reducing irrecoverable water losses.

Water transfers under the Proposed Action involving conveyance through the Delta would be implemented within the operational parameters of the existing system, which includes Biological Opinions on the Continued Long-term Operations of the CVP/SWP and any other regulatory restrictions in place at the time of implementation of the water transfers. Current operational parameters applicable to the transfer water include use of the SWP's Harvey O. Banks Pumping Plant and CVP's C.W. "Bill" Jones Pumping Plant during July through September only.

Public Review of Draft EIS

Copies of the Draft EIS/EIR are available for public review at the following locations:

1. Bureau of Reclamation, Mid-Pacific Region, Regional Library, 2800 Cottage Way, Sacramento, CA 95825.

2. Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6th and Kipling, Denver, CO 80225.

3. Natural Resources Library, U.S. Department of the Interior, 1849 C Street NW., Main Interior Building, Washington, DC 20240-0001.

4. San Luis & Delta-Mendota Water Authority, 842 6th Street, Los Banos, CA 93635.

Special Assistance for Public Hearings

If special assistance is required to participate in the scoping meeting, please contact Mr. Louis Moore at (916) 978-5106, or via email at wmoore@usbr.gov. Please contact Mr. Moore at least 10 working days prior to the

meeting. A telephone device for the hearing impaired (TDD) is available at (916) 978-5608.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: August 13, 2014.

Pablo R Arroyave,

Deputy Regional Director, Mid-Pacific Region.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

[S1D1SS08011000SX066A00067F134S1 80110; S2D2SS08011000SX066A00033F1 3XS501520]

Action Subject to Intergovernmental Review

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement, are notifying the public that we intend to grant funds to eligible applicants for purposes authorized under the Abandoned Mine Land (AML) Reclamation Program. Additionally we are notifying the public that we intend to grant funds to eligible applicants for regulating coal mining within their jurisdictional borders. We will award these grants during fiscal year 2015.

DATES: A state single point of contact and other interested state or local entities may submit written comments regarding AML and regulatory funding by December 31, 2014.

ADDRESSES: You may submit comments by any of the following methods:

- *Electronic mail:* Send your comments to jbautista@osmre.gov.

- *Mail, hand-delivery, or courier:* Send your comments to Office of Surface Mining Reclamation and Enforcement, Administrative Record, Room 252-SIB, 1951 Constitution Avenue NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Mr. Jay Bautista, Office of Surface Mining

Reclamation and Enforcement, 1951 Constitution Ave. NW., MS 130-SIB, Washington, DC 20240; Telephone (202) 208-7411.

SUPPLEMENTARY INFORMATION:

Grant Notification

We are notifying the public that we intend to grant funds to eligible applicants for purposes authorized under the Abandoned Mine Land (AML) Reclamation Program. Additionally we are notifying the public that we intend to grant funds to eligible applicants for regulating coal mining within their jurisdictional borders. We will award these grants during fiscal year 2015. Eligible applicants are those states and tribes with a regulatory program or reclamation plan approved under the Surface Mining Control and Reclamation Act of 1977 (SMCRA), 30 U.S.C. 1201 *et seq.*, and the State of Tennessee. Under Executive Order (E.O.) 12372, we must provide state and tribal officials the opportunity to review and comment on proposed federal financial assistance activities. Of the eligible applicants, nineteen states and tribes do not have single points-of-contact under the E.O.12372 review process; therefore, we are required to publish this notice as an alternate means of notification.

Description of the AML Program

SMCRA established the Abandoned Mine Reclamation Fund to receive the AML fees used to finance reclamation of AML coal mine sites. Grants to eligible states and tribes are funded from permanent (mandatory) appropriations. Recipients use these funds to reclaim the highest priority AML coal mine sites that were left abandoned prior to the enactment of SMCRA in 1977, eligible non-coal sites, and for non-reclamation projects.

Description of the Regulatory Program

Title VII of SMCRA authorizes us to provide grants to states and Indian tribes to develop, administer, and enforce state regulatory programs addressing surface coal mining operations. Title V and Title VII authorize states and tribes to develop regulatory programs pursuant to SMCRA and, upon approval of regulatory programs, to assume regulatory primacy and act as the regulatory authority, and to administer and enforce their respective approved SMCRA regulatory programs. Our regulations at 30 CFR Chapter VII implement the provisions of SMCRA.

Dated: September 22, 2014.

Joseph G. Pizarchik,

Director, Office of Surface Mining Reclamation and Enforcement.

BILLING CODE 4310-05-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-904]

Certain Acousto-Magnetic Electronic Article Surveillance Systems, Components Thereof, and Products Containing Same; Commission's Determination To Review an Initial Determination Terminating the Investigation Based on a Settlement Agreement and Issuance of a Consent Order; Issuance of a Consent Order; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 13) terminating the investigation based on settlement and issuance of a consent order. On review, the Commission modifies the ID by revising the proposed consent order to be in compliance with the Commission's rules, issues the revised consent order, and terminates the investigation.

FOR FURTHER INFORMATION CONTACT:

Amanda Pitcher Fisherow, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation
