On May 29, 2014, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on drawn stainless steel sinks from the PRC with respect to the above-named companies.⁵

On August 27, 2014, the petitioner timely withdrew its request for review of Foshan Success.⁶

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. We received the petitioner's withdrawal request within the 90-day deadline. Therefore, in response to the withdrawal request and pursuant to 19

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the company for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). As the company for which this review is rescinded is also subject to an ongoing new shipper review of the antidumping duty order on drawn stainless steel sinks from the PRC covering the period October 4, 2012, through October 14, 2013, the Department's assessment instructions as a result of this rescission will only cover the period October 15, 2013, through March 31, 2014. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Multilayered Wood Flooring From the People's Republic of China: Final Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On August 15, 2014, the Department of Commerce (the "Department") published its initiation and preliminary results of a changed circumstances review¹ of the antidumping duty ("AD") order on multilayered wood flooring ("MLWF") from the People's Republic of China ("PRC").² The Department preliminarily determined that Linyi Youyou Wood Co., Ltd. ("Youyou") is the successor-in-interest to Shanghai Lizhong Wood Products Co., Ltd./The Lizhong Industry Limited Company of Shanghai ("Lizhong") for purposes of the antidumping duty order on multilayered wood flooring from the PRC and, as such, is entitled to Lizhong's cash deposit rate with respect to entries of subject merchandise. We invited interested parties to comment on the *Preliminary Results*. As no parties

Background

On August 15, 2014, the Department made a preliminary finding that Youyou is the successor-in-interest to Lizhong, and is entitled to Lizhong's cash deposit rate with respect to entries of merchandise subject to the antidumping duty order on multilayered wood flooring from the PRC. We also provided interested parties 14 days from the date of publication of the *Preliminary Results* to submit comments in accordance with 19 CFR 351.309(c)(1)(ii). No parties submitted comments.

Final Results of Changed Circumstances Review

Because no party submitted comments opposing the Department's *Preliminary Results*, and because the record contains no other information or evidence that calls into question the *Preliminary Results*, the Department determines that Youyou is the successor-in-interest to Lizhong, and is entitled to Lizhong's cash deposit rate with respect to entries of merchandise subject to the antidumping duty order on multilayered wood flooring from the PRC.

Scope of the Order

Multilayered wood flooring is composed of an assembly of two or more layers or plies of wood veneer(s) in combination with a core. The several layers, along with the core, are glued or otherwise bonded together to form a final assembled product. Multilayered wood flooring is often referred to by other terms, e.g., "engineered wood flooring" or "plywood flooring." Regardless of the particular terminology, all products that meet the description set forth herein are intended for inclusion within the definition of subject merchandise.

All multilayered wood flooring is included within the definition of subject merchandise, without regard to: dimension (overall thickness, thickness of face ply, thickness of back ply, thickness of core, and thickness of inner plies; width; and length); wood species

used for the face, back and inner veneers; core composition; and face grade. Multilayered wood flooring included within the definition of subject merchandise may be unfinished (*i.e.*, without a finally finished surface to protect the face veneer from wear and tear) or "prefinished" (*i.e.*, a coating applied to the face veneer, including, but not exclusively, oil or oil-modified or water-based polyurethanes, ultra-violet light cured polyurethanes, wax, epoxy-ester finishes, moisture-cured urethanes and acid-curing formaldehyde finishes). The veneers may be also soaked in an acrylic-impregnated finish. All multilayered wood flooring is included within the definition of subject merchandise regardless of whether the face (or back) of the product is smooth, wire brushed, distressed by any method or multiple methods, or hand-scraped. In addition, all multilayered wood flooring is included within the definition of subject merchandise regardless of whether or not it is manufactured with any interlocking or connecting mechanism (for example, tongue-and-groove construction or locking joints). All multilayered wood flooring is included within the definition of the subject merchandise regardless of whether the product meets a particular industry or similar standard.

The core of multilayered wood flooring may be composed of a range of materials, including but not limited to hardwood or softwood veneer, particleboard, medium-density fiberboard, high-density fiberboard ("HDF"), stone and/or plastic composite, or strips of lumber placed edge-to-edge.

Multilayered wood flooring products generally, but not exclusively, may be in the form of a strip, plank, or other geometrical patterns (*e.g.*, circular, hexagonal). All multilayered wood flooring products are included within this definition regardless of the actual or nominal dimensions or form of the product. Specifically excluded from the scope are cork flooring and bamboo flooring, regardless of whether any of the sub-surface layers of either flooring are made from wood. Also excluded is laminate flooring. Laminate flooring consists of a top wear layer sheet not made of wood, a decorative paper layer, a core-layer of HDF, and a stabilizing bottom layer.

Imports of the subject merchandise are provided for under the following subheadings of the Harmonized Tariff Schedule of the United States ("HTSUS"): 4412.31.0520; 4412.31.0540; 4412.31.0560; 4412.31.2510; 4412.31.2520;

While HTSUS subheadings are provided for convenience and customs purposes, the written description of the subject merchandise is dispositive.

Instructions to U.S. Customs and Border Protection

For the reasons stated in the *Preliminary Results*, we continue to find that Youyou is the successor-in-interest to Lizhong and, as such, is entitled to Lizhong's cash deposit rate with respect to entries of merchandise subject to the antidumping duty order on multilayered wood flooring from the PRC. We will instruct U.S. Customs and Border Protection to assign entries of subject merchandise exported by Youyou the antidumping duty cash-deposit rate applicable to Lizhong, effective as of the date of publication of these final results.

Notification

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and revocation, in part, and notice in accordance with sections 751(b) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.216 and 19 CFR 351.221(c)(3).

Small Diameter Graphite Electrodes From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* September 30, 2014.

SUMMARY: The Department of Commerce (the Department) has determined that a request for a new shipper review of the antidumping duty order on small diameter graphite electrodes from the People's Republic of China (PRC), meets the statutory and regulatory requirements for initiation.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla, AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; Telephone: (202) 482-3477.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on small diameter graphite electrodes from the PRC published in the **Federal Register** on February 26, 2009.¹ Pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), we received a timely request for a new shipper review of the order from Xuzhou Jianglong Carbon Products Co.,

¹ See *Antidumping Duty Order: Small Diameter Graphite Electrodes from the People's Republic of China*, 74 FR 8775 (February 26, 2009) (*SDGE Order*).

Ltd. (Jianglong).² Jianglong certified that it is both the producer and exporter of the subject merchandise upon which the request was based.³

Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Jianglong certified that it did not export subject merchandise to the United States during the period of investigation (POI).⁴ In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Jianglong certified that, since the initiation of the investigation, it has never been affiliated with any exporter or producer who exported subject merchandise to the United States during the POI, including those respondents not individually examined during the POI.⁵ As required by 19 CFR 351.214(b)(2)(iii)(B), Jianglong also certified that its export activities were not controlled by the government of the PRC.⁶

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2), Jianglong submitted documentation establishing the following: (1) The date on which it first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.⁷

Period of Review

In accordance with 19 CFR 351.214(g)(1)(B) of the Act, the period of review (POR) for new shipper reviews initiated in the month immediately following the semi-annual anniversary month will be the six-month period immediately preceding the semiannual anniversary month. Therefore, under this order, the POR is February 1, 2014, through July 31, 2014. However, the Department has used its discretion to extend the POR for Jianglong's new shipper review by one month, making the POR February 1, 2014, through August 31, 2014.⁸

³ See Jianglong's new shipper request at Exhibit 1.

⁷ Jianglong's new shipper request at Exhibit 1 and Jianglong's new shipper request at Exhibit 2.

⁸ When the sale of the subject merchandise occurs within the POR specified by the Department's regulations but the entry occurs after the POR, the specified POR may be extended unless it would be likely to prevent the completion of the review within the time limits set by the Department's regulations. See 19 CFR 351.214(f)(2)(ii).

Additionally, the preamble to the Department's regulations states that both the entry and the sale should occur during the POR, but that under "appropriate" circumstances the Department has the flexibility to extend the POR. See *Antidumping*

Initiation of New Shipper Review

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), the Department finds that the request from Jianglong meets the threshold requirements for initiation of a new shipper review for shipments of small diameter graphite electrodes from the PRC produced and exported by Jianglong.⁹

The Department intends to issue the preliminary results of this new shipper review no later than 180 days from the date of initiation and final results of the review no later than 90 days after the date the preliminary results are issued.¹⁰ It is the Department's usual practice, in cases involving non-market economy countries, to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities. Accordingly, we will issue a questionnaire to Jianglong which will include a section requesting information concerning its eligibility for a separate rate. The new shipper review of Jianglong will be rescinded if the Department determines that Jianglong has not demonstrated that it is eligible for a separate rate.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from Jianglong in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Jianglong certified that it produced and exported subject merchandise, the sale of which is the basis for the request for a new shipper review, we will apply the bonding privilege to Jianglong only for subject merchandise which was produced and exported by Jianglong.

To assist in its analysis of the *bona fides* of Jianglong's sales, upon initiation of this new shipper review, the Department will require Jianglong to

Duties; Countervailing Duties; Final Rule, 62 FR 27296, 27319-27320 (May 19, 1997). In this instance, Jianglong's sale of subject merchandise was made during the POR specified by the Department's regulations but the shipment entered after the end of that POR. The Department finds that extending the POR to capture this entry would not prevent the completion of the review within the time limits set by the Department's regulations.
