V. Commission's Findings and Notice of No Objection

Section 806(e)(1)(G) of the Payment, Clearing, and Settlement Supervision Act⁸ provides that a designated financial market utility may implement a change if it has not received an objection from the Commission within 60 days of the later of (i) the date that the Commission receives notice of the proposed change or (ii) the date the Commission receives any further information it requests for consideration of the notice. A designated financial market utility may implement a proposed change in less than 60 days from the date of receipt of the notice of the change by the Commission, or the date the Commission receives any further information it requested, if the Commission notifies the designated financial market utility in writing that it does not object to the proposed change and authorizes the designated financial market utility to implement the proposed change on an earlier date, subject to any conditions imposed by the Commission.

In its filing with the Commission, OCC requested that the Commission notify OCC that it has no objection to the change no later than September 30, 2014, which is one week before the October 7, 2014 effective date of the New Facility. OCC requested Commission action by this date to ensure that there is no period of time that OCC operates without a credit facility, given the importance of the borrowing capacity in connection with OCC's risk-management framework.

The Commission does not object to the proposed change. Ensuring that OCC has uninterrupted access to a credit facility will promote the safety and soundness of the broader financial system by providing OCC with an additional source of liquidity to meet its clearance and settlement obligations in the event of the failure of a clearing member, bank, or clearing organization doing business with OCC. Having access to a credit facility will help OCC minimize losses in the event of such a

failure by allowing it to access funds on extremely short notice, and without having to liquidate assets at a time when market prices could be falling precipitously.

VI. Conclusion

Pursuant to Section 806(e)(1)(I) of the Payment, Clearing, and Settlement Supervision Act,⁹ the Commission does not object to the proposed change, and authorizes OCC to implement the change (SR–OCC–2014–806) as of the date of this Order.

By the Commission.

Deputy Secretary.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 900.3NY (Orders Defined) to delete WAIT Orders from its rules.

Per Rule 900.3NY(t), an order designated as a WAIT Order, “is held for one second without processing for potential display and/or execution. After one second, the order is processed for potential display and/or execution in accordance with all order entry instructions as determined by the entering party.” Due to a lack of demand for WAIT Orders, the Exchange proposes to discontinue functionality supporting the order type. Accordingly, the Exchange proposes to delete the definition of WAIT Order from Rule 900.3NY(t) and hold this provision as Reserved. The Exchange will announce the implementation date of this change through a Trader Update.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the objectives of Section 6(b)(5), in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Specifically, the Exchange believes that by eliminating a little-used order type the proposal will remove impediments to and perfect the mechanisms of a free and open market and add transparency and clarity to the Exchange's rules. The Exchange further believes that deleting an order type rarely used by investors

⁸ 12 U.S.C. 5465(e)(1)(G).

also removes impediments to and perfects the mechanism of a free and open market by ensuring that members, regulators and the public can more easily navigate the Exchange's rulebook and better understand the orders types available for trading on the Exchange. Moreover, the Exchange believes that the elimination of WAIT Orders will simplify order processing and reduce the burden on system capacity, which the Exchange believes is consistent with promoting just and equitable principles of trade as well as protecting investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that the proposed rule change will relieve a burden on competition in no longer offering a seldom used rule type. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁴ and Rule 19b-4(f)(6) thereunder.⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the

public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
