

check, drug and alcohol records check, and a check of the FAP records for a minimum of 2 years before the date of the application.

(5) *Timely Completion.* To ensure timely completion, the DoD Components will establish procedures to initiate or request criminal history background check results, follow up to ensure checks have been completed, and address situations where there is a delay in receiving results. In no event will an individual subject to this part be presumed to have a favorable background check merely because there has been a delay in receiving the results of the requisite background check. If no response from the state(s) is received within 60 days, determinations based upon the CNACI report may be made.

(c) *Criteria for Disqualification Based on Results on Criminal History Background Checks.* The ultimate decision to determine how to use information obtained from the criminal history background checks in selection for positions involving the care, treatment, supervision, or education of children must incorporate a common sense decision based upon all known facts. Adverse information is evaluated by the DoD Component who is qualified at the appropriate level of command in interpreting criminal history background checks. All information of record both favorable and unfavorable will be assessed in terms of its relevance, recentness, and seriousness. Likewise, positive mitigating factors should be considered. Final suitability decisions shall be made by that commander or designee. Criteria that will result in disqualification of an applicant require careful screening of the data. A disqualifying event may be the basis for a nonselection, withdrawal of a tentative offer of employment, ineligibility for facility access, removal from a contract, a suitability action under 5 CFR part 731, a probationary termination, an adverse action, or other appropriate action.

(1) *Criteria for Automatic Disqualification.* No person, regardless of circumstances, will be approved to provide child care services pursuant to this part if the background check discloses:

(i) That the individual has been convicted in either a civilian or military court (to include any general, special or summary court-martial conviction) or received non-judicial punishment (under Article 15 or chapter 47 of Title 10, U.S.C., also known and referred to in this instruction as “the Uniform Code of Military Justice (UCMJ)”) (Reference (j) for any of the following:

(A) A sexual offense.

(B) Any criminal offense involving a child victim.

(C) A felony drug offense.

(ii) That the individual has been held to be negligent in a civil adjudication or administrative proceeding concerning the death or serious injury to a child or dependent person entrusted to the individual’s care.

(d) *Suitability and Fitness Determinations for Individuals Involved With the Provision of Child Care Services.* Suitability and fitness determinations for individuals subject to this part will be made in accordance with Volume 731, Volume 1231, and Subchapter 1403 of DoD Instruction 1400.25, part 1201 of 5 U.S.C., as appropriate. The following may be the basis for nonselection, withdrawal of a tentative offer of employment, ineligibility for facility access, removal from a contract, a suitability action under Reference (d), a probationary termination, an adverse action, or other appropriate action.

(1) *Criteria for Presumptive Disqualification.* Officials charged with making determinations pursuant to this part must include in the record a written justification for any favorable determination made where background check findings include any of the following presumptively disqualifying information:

(i) A FAP record indicating that the individual met criteria for child abuse or neglect or civil adjudication that the individual committed child abuse or neglect.

(ii) Evidence of an act or acts by the individual that tend to indicate poor judgment, unreliability, or untrustworthiness in providing child care services.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 271

[EPA-R04-RCRA-2012-0179; FRL-9917-52-Region-4]

### Florida: Final Authorization of State Hazardous Waste Management Program Revisions

**AGENCY:** Environmental Protection Agency.

**ACTION:** Proposed rule.

**SUMMARY:** Florida has applied to the Environmental Protection Agency (EPA) for final authorization of changes to its hazardous waste program under the Resource Conservation and Recovery

Act (RCRA). These changes correspond to certain Federal rules promulgated between July 1, 2007 and June 30, 2009, and July 1, 2010 and June 30, 2011 (also known as RCRA Clusters XVIII, XIX and XXI). With this proposed rule, EPA is proposing to grant final authorization to Florida for these changes. Along with this proposed rule, EPA is publishing an immediate final rule in the “Rules and Regulations” section of today’s **Federal Register** pursuant to which EPA is authorizing these changes. EPA did not issue a proposed rule before today because EPA believes this action is not controversial and does not expect comments that oppose it. EPA has explained the reasons for this authorization in the immediate final rule. Unless EPA receives written comments that oppose this authorization during the comment period, the immediate final rule in today’s **Federal Register** will become effective on the date it establishes, and EPA will not take further action on this proposal. If EPA receives comments that oppose this action, EPA will withdraw the immediate final rule and it will not take effect. EPA will then respond to public comments in a later final rule based on this proposed rule. You may not have another opportunity to comment on these State program changes. If you want to comment on this action, you must do so at this time.

**International Fisheries; Western and Central Pacific Fisheries for Highly Migratory Species; Restrictions on the Use of Fish Aggregating Devices in Purse Seine Fisheries for 2015**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Proposed rule; request for comments.

**SUMMARY:** NMFS proposes regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFC Implementation Act) to establish restrictions on the use of fish aggregating devices (FADs) by U.S. purse seine vessels in the western and central Pacific Ocean. The restrictions would include a prohibition on the use of FADs during January and February and July through September of 2015, and a limit of 3,061 purse seine sets that may be made on FADs in 2015. This action is necessary for the United States to implement provisions of a conservation and management measure (CMM) adopted by the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (WCPFC) and to satisfy the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish
