**International Fisheries; Western and Central Pacific Fisheries for Highly Migratory Species; Restrictions on the Use of Fish Aggregating Devices in Purse Seine Fisheries for 2015**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Proposed rule; request for comments.

**SUMMARY:** NMFS proposes regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFC Implementation Act) to establish restrictions on the use of fish aggregating devices (FADs) by U.S. purse seine vessels in the western and central Pacific Ocean. The restrictions would include a prohibition on the use of FADs during January and February and July through September of 2015, and a limit of 3,061 purse seine sets that may be made on FADs in 2015. This action is necessary for the United States to implement provisions of a conservation and management measure (CMM) adopted by the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (WCPFC) and to satisfy the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish
