

October 22, 2014; 6:00 p.m.–9:00 p.m.  
 October 23, 2014; 8:00 a.m.–9:30 p.m.  
 October 24, 2014; 8:00 a.m.–3:30 p.m.

*Place:* Norfolk State University,  
 Norfolk, VA.

*Type of Meeting:* Part-Open.

*Contact Person:* Dr. Charles Bouldin,  
 Program Director, Partnership for  
 Research and Education in Materials  
 Program, Division of Materials Research,  
 Room 1065, National Science  
 Foundation, 4201 Wilson Boulevard,  
 Arlington, VA 22230, Telephone (703)  
 292–4920.

*Purpose of Meeting:* To provide  
 advice and recommendations  
 concerning further support of the  
 Partnerships for Research and Education  
 in Materials (PREM).

## Agenda

*Wednesday, October 22, 2014*

6–9 p.m. Executive Session and  
 Dinner for Site Visit Team—  
 (Closed)

*Thursday, October 23, 2014*

8:00 a.m.–8:30 a.m. Executive  
 session—(Closed)  
 8:30 a.m.–4:30 p.m. Presentations by  
 PREM Director, co-PIs, Institutional  
 Representatives and program  
 participants (Open)  
 4:30 p.m.–6:30 p.m. Executive Session  
 for Site Visit Team—(Closed)  
 6:30 p.m.–9:00 p.m. Dinner for Panel  
 and Faculty—(Open)

*Friday, October 24, 2014*

8:00 a.m.–3:00 p.m. Executive Session  
 and Director's Response to  
 Feedback, Debriefing with PREM  
 Director and co-PIs—(Closed)

*Reason for Closing:* The work being  
 reviewed may include information of a  
 proprietary or confidential nature,  
 including technical information;  
 financial data, such as salaries and  
 personal information concerning  
 individuals associated with the  
 proposals. These matters are exempt  
 under 5 U.S.C. 552 b(c), (4) and (6) of  
 the Government in the Sunshine Act.

Dated: October 6, 2014.

**Suzanne Plimpton,**

*Acting Committee Management Officer.*

[FR Doc. 2014–24161 Filed 10–9–14; 8:45 am]

**BILLING CODE 7555–01–P**

**ACTION:** Notice.

**SUMMARY:** The NTSB is announcing it is  
 submitting a plan for an Information  
 Collection Request (ICR) to the Office of  
 Management and Budget (OMB) for  
 approval, in accordance with the  
 Paperwork Reduction Act.

This ICR Plan describes various  
 evaluation forms the NTSB plans to use  
 to obtain feedback from attendees of  
 various NTSB training programs.  
 Feedback from attendees is important to  
 the NTSB in ensuring the NTSB's  
 training courses and programs are  
 helpful to attendees in their places of  
 employment; and useful to attendees  
 who participate in NTSB investigations  
 and other related agency matters. This  
 ICR Plan is the second notice, as  
 required by OMB regulations  
 concerning approvals of information  
 collections. This notice again describes  
 the nature of the information collection  
 and its expected burden and advises the  
 public it may submit comments on this  
 proposed information collection to the  
 OMB desk officer for the NTSB.

**DATES:** Submit written comments  
 regarding this proposed plan for the  
 collection of information by November  
 10, 2014.

**ADDRESSES:** Interested members of the  
 public may submit written comments on  
 the collection of information to the  
 OMB Desk Officer for the NTSB at  
 Office of Management and Budget, 725  
 17th Street NW., Washington, DC 20503,  
 or via fax: 202–395–5806, (this is not a  
 toll-free number), or email: *OIRA-*  
*submission@omb.eop.gov*. Commenters  
 are encouraged, but not required, to  
 send a courtesy copy of any comments  
 to the National Transportation Safety  
 Board Training Center, 45065 Riverside  
 Parkway, Ashburn, Virginia 20147.

## FOR FURTHER INFORMATION CONTACT:

James Pritchert, NTSB Training Officer,  
 at (571) 223–3927.

**SUPPLEMENTARY INFORMATION:** In  
 accordance with OMB regulations that  
 require this Notice for proposed ICRs, as  
 well as OMB guidance concerning  
 generic approval of plans for  
 information collections, the NTSB  
 herein notifies the public that it may  
 submit comments on this proposed ICR  
 Plan to the OMB Desk Officer for the  
 NTSB. 5 CFR 1320.10(a). Section  
 1320.10(a) requires this “notice shall  
 direct comments to the Office of  
 Information and Regulatory Affairs of  
 OMB, Attention: Desk Officer for  
 [NTSB].” Pursuant to § 1320.10(a), the  
 NTSB will provide a copy of this notice  
 to OMB.

On March 13, 2014, the NTSB  
 published a Notice requesting

comments for this ICR. 79 FR 14302–02.  
 The NTSB did not receive any  
 comments in response to the request.

## A. NTSB Training Center Evaluation Forms Are Appropriate for Generic Approval

On May 28, 2010, Administrator,  
 Office of Information and Regulatory  
 Affairs (OIRA), OMB, issued a  
 memorandum to the Heads of Executive  
 Departments and Agencies, and  
 Independent Regulatory Agencies,  
 providing instructions concerning how  
 agencies can obtain generic OMB  
 clearances for information collections in  
 certain circumstances. *Paperwork*  
*Reduction Act—Generic Clearances*,  
*available at* [http://www.whitehouse.gov/sites/default/files/omb/assets/inforeg/PRA\\_Gen\\_ICRs\\_5-28-2010.pdf](http://www.whitehouse.gov/sites/default/files/omb/assets/inforeg/PRA_Gen_ICRs_5-28-2010.pdf). The  
 memorandum states as follows  
 concerning the appropriateness of  
 obtaining such clearances:

A generic ICR is a request for OMB  
 approval of a plan for conducting more than  
 one information collection using very similar  
 methods when (1) the need for and the  
 overall practical utility of the data collection  
 can be evaluated in advance, as part of the  
 review of the proposed plan, but (2) the  
 agency cannot determine the details of the  
 specific individual collections until a later  
 time.

The NTSB's desire to obtain  
 information immediately following a  
 training course will assist the NTSB  
 Training Center in developing courses  
 to achieve the NTSB's objective of  
 improving investigators' and  
 transportation industry peers' practices  
 of accident investigation. The mission of  
 the NTSB Training Center, in  
 accordance with 49 U.S.C. 1113(b)(1)(I),  
 is to promote safe transport by:

- Ensuring and improving the quality  
 of accident investigation through critical  
 thought, instruction, and research;
- Communicating lessons learned,  
 fostering the exchange of new ideas and  
 new experience, and advocating  
 operational excellence;
- Providing a modern platform for  
 accident reconstruction and evaluation;  
 and
- Utilizing its high-quality training  
 resources to facilitate family assistance  
 and first responder programs, sister  
 agency instruction, and other  
 compatible federal activity.

In administering training courses  
 designed to achieve these objectives, the  
 NTSB seeks to maintain a standard of  
 excellence. The NTSB's goal of  
 providing materials, instructors,  
 methods of instruction, and facility  
 arrangements that are a worthy  
 expenditure of Federal funds will

## NATIONAL TRANSPORTATION SAFETY BOARD

### Plan for Generic Information Collection Activity: Submission for OMB Review; Comment Request

**AGENCY:** National Transportation Safety  
 Board (NTSB).

require the NTSB to obtain feedback on the training courses from attendees.

This type of information collection is appropriate for generic approval under the OIRA Administrator's guidance. The NTSB periodically changes the identification numbers and subject matter addressed in NTSB training courses. Such variance renders generic approval appropriate. By distributing evaluation forms, the NTSB will gather feedback concerning whether attendees found the instructor knowledgeable and helpful; whether the course materials were appropriate; the location and course facilities; the "case studies" discussed in the course; and other similar topics. Each course evaluation form will include some course-specific questions. Responses to such evaluations will assist the NTSB in ensuring its courses work to fulfill the goals listed above.

Currently, the NTSB offers the following training courses, about which the NTSB seeks approval for evaluation forms: Accident Investigation Orientation (RPH301); Aircraft Accident Investigation (AS101); Aircraft Accident Investigation for Aviation Professionals (AS 301); Cognitive Interviewing Series (IM401S); Family Assistance (TDA301); Investigating Human Fatigue Factors (IM303); Managing Communications During an Aircraft Accident or Incident (PA302); Managing Communications Following a Major Transportation Accident (PA303); Managing Transportation Mass Fatality Incidents (TDA406); Marine Accident Investigation (MS101); Mass Fatality Incidents for Medicolegal Professionals (TDA403); Rotorcraft Accident Investigation (AS102); and Survival Factors in Aviation Accidents (AS302). In response to attendee feedback, requests for training in specific areas, and other considerations, the NTSB will likely add or remove classes from this list in the coming years.

The NTSB will tailor each evaluation form to ensure it requests feedback specific to the particular course of which the NTSB seeks evaluation. Consistent with the OIRA Administrator's guidance concerning generic approvals, the NTSB will not be able to finalize draft evaluations specific to each course until the NTSB offers the course. These types of questions are unique to the specific course, and impossible to know prior to the offering of the course. Overall, the types of information the NTSB will solicit in its Training Center course evaluations is appropriate for a generic approval for the information collection.

## B. Supporting Statement

The OIRA Administrator's memorandum instructs agencies to provide specific information in the supporting statements describing the information collections. In particular, the supporting statements should include the following:

- The method of collection and, if statistical methods will be used, a discussion of the statistical methodology;
- The category (or categories) of respondents;
- The estimated "burden cap," i.e., the maximum number of burden hours (per year) for the specific information collections, and against which burden will be charged for each collection actually used;
- The agency's plans for how it will use the information collected;
- The agency's plans to obtain public input regarding the specific information collections (i.e., consultation); and
- The agency's internal procedures to ensure that the specific collections comply with the PRA, applicable regulations, and the terms of the generic clearance.

*Id.* at 2.

### 1. Method of Collection

The NTSB will collect the information by transmitting the evaluation form to attendees of each Training Center course. Depending on the circumstances, such transmission may occur via hand delivery, electronic mail, postal mail, or express mail, or a combination of these methods. Respondents will be provided instructions concerning how to return questionnaires to the Training Center.

The NTSB will not use statistical methodology in reaching any conclusions based on the evaluations. Instead, the NTSB merely will note the total number of respondents in any documents in which it discusses the evaluations.

Respondents' completion of the evaluations is voluntary, and the NTSB generally will not contact them more than once to request completion of the evaluation.

### 2. Category of Respondents

In its evaluation forms, the NTSB will generally seek information only from attendees of each course. The NTSB will have the contact information for each attendee, because such information is required when registering for Training Center courses.

### 3. Maximum Burden Hours

The NTSB plans to distribute the evaluations to attendees of each Training Center course. The NTSB offers 12 different courses per year and provides a repeated program for those courses with the highest attendance

levels. Among all courses, the NTSB estimates a total of 600 non-Government attendees complete courses in any given year. As a result, the NTSB estimates it will distribute approximately 600 Training Center evaluation forms each year. Each evaluation form will take approximately 11 minutes to complete.

The NTSB seeks to emphasize these estimations are approximate, as they are depend on the number of courses the NTSB offers in the Training Center. Some courses may be cancelled due to low registration. In addition, only Government employees may choose to attend other courses. As a result, the NTSB can only provide an approximate estimate of the number of attendees per year.

### 4. Use of the Information Collected

Feedback from attendees of NTSB Training Center courses is extremely important to the NTSB. The NTSB plans its course offerings based on the level of interest from potential attendees and on the degree to which attendees have found useful the information they learned during such courses. As a result, evaluations of NTSB Training Center courses will influence future course offerings. The NTSB will rely upon the provision of completed course evaluations to assist with the planning of course offerings.

### 5. Public Input Regarding the Information Collected

The NTSB does not generally obtain public input concerning the scope of, or specific questions on, NTSB Training Center evaluation forms.

### 6. Internal Procedures

Lastly, the OIRA Administrator's memorandum describing generic clearances recommends agencies describe the procedures it will undertake to ensure information collections to which the generic clearance applies will comply with the Paperwork Reduction Act, applicable regulations, and the terms provided in the generic clearance. The NTSB Office of General Counsel plans to provide internal guidance to agency personnel who offer courses and distribute course evaluations at the NTSB Training Center. Such guidance will include this publication, as well as the OIRA Administrator's memorandum discussing generic clearances, upon OMB approval of the clearance. The internal guidance will include specific instructions concerning use of evaluation forms, and explain the applicable provisions of the Paperwork Reduction Act and its implementing regulations.

### C. Description of Burden

The NTSB has carefully reviewed previous questionnaires it has used to obtain information from attendees of courses the NTSB Training Center offers. The NTSB assures the public that these questionnaires have used plain, coherent, and unambiguous terminology in its requests for feedback. In addition, the questionnaires are not duplicative of other agencies' collections of information, because the NTSB maintains unique authority to offer such courses concerning investigations of transportation events. 49 U.S.C. 1113(b)(1)(I).

In general, the NTSB believes the evaluation forms will impose a minimal burden on respondents: As indicated above, the NTSB estimates that each respondent will spend approximately 11 minutes in completing the evaluation. The NTSB estimates that a maximum of 240 respondents per year would complete an evaluation. Although the NTSB may distribute evaluations to perhaps as many as 600 people, historic response rates indicate only 40 percent of the evaluations will be returned completed. However, the NTSB again notes this number will vary, given the changes in course offerings at the NTSB Training Center.

### D. Request for Comments

In accordance with 44 U.S.C. 3506(c)(2)(A), the NTSB seeks feedback from the public concerning this proposed plan for information collection. In particular, the NTSB asks the public to evaluate whether the proposed collection of information is necessary; to assess the accuracy of the NTSB's burden estimate; to comment on how to enhance the quality, utility, and clarity of the information to be collected; and to comment on how the NTSB might minimize the burden of the collection of information.

The NTSB will carefully consider all feedback it receives in response to this notice. As described above, obtaining the information the NTSB seeks on these evaluations in a timely manner is important to course offerings at the NTSB Training Center; therefore, obtaining approval from OIRA for these collections of information on a generic basis is a priority for the NTSB.

Dated: October 6, 2014.

**Christopher A. Hart,**  
Acting Chairman.

### NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2014-0134]

#### Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on July 2, 2014.

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* 10 CFR part 36, "Licenses and Radiation Safety Requirements for Irradiators."

3. *Current OMB approval number:* 3150-0158.

4. *How often the collection is required:* Annually.

5. *Who will be required or asked to report:* Irradiator licensees licensed by NRC or an Agreement State.

6. *An estimate of the number of annual responses:* 1,911.28 (7.28 for reporting [1.04 NRC licensee and 6.24 Agreement State licensees], 56 for recordkeepers [8 NRC licensees and 48 Agreement State Licensees], and 1,848 for third-party disclosures [264 NRC licensees and 1,584 Agreement State licensees]).

7. *The estimated number of annual respondents:* 56 (8 NRC licensees and 48 Agreement State licensees).

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 34,048 hours (4,864 NRC licensee hours + 29,184 Agreement State licensee hours).

9. *Abstract:* Part 36 of Title 10 of the *Code of Federal Regulations* (10 CFR), contains requirements for the issuance of a license authorizing the use of sealed sources containing radioactive materials in irradiators used to irradiate objects or materials for a variety of purposes in research, industry, and other fields. The

subparts cover specific requirements for obtaining a license or license exemption, design and performance criteria for irradiators; and radiation safety requirements for operating irradiators, including requirements for operating irradiators, including requirements for operator training, written operating and emergency procedures, personnel monitoring, radiation surveys, inspection, and maintenance. Part 36 also contains the recordkeeping and reporting requirements that are necessary to ensure that the irradiator is being safely operated so that it does not pose any danger to the health and safety of the general public and the irradiator employees.

The public may examine and have copied for a fee publicly-available documents, including the final supporting statement, at the NRC's Public Document Room, Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. The OMB clearance requests are available at the NRC's Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/>. The document will be available on the NRC's home page site for 60 days after the signature date of this notice.

Comments and questions should be directed to the OMB reviewer listed below by November 10, 2014. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given to comments received after this date.

Vlad Dorjets, Desk Officer, Office of Information and Regulatory Affairs (3150-0158), NEOB-10202, Office of Management and Budget, Washington, DC 20503.

Comments can also be emailed to [Vlad.Dorjets@omb.eop.gov](mailto:Vlad.Dorjets@omb.eop.gov) or submitted by telephone at 202-395-7315.

The NRC Clearance Officer is Tremaine Donnell, telephone: 301-415-6258.

Dated at Rockville, Maryland, this 7th day of October, 2014.

For the Nuclear Regulatory Commission.

**Tremaine Donnell,**  
NRC Clearance Officer, Office of Information Services.
