<sup>5</sup> Securities Exchange Act Release No. 72214 (May 21, 2014), 79 FR 30672 (May 28, 2014). The Commission determined that it was appropriate to designate a longer period within which to take action on the proposed rule change so that it would have sufficient time to consider the proposed rule change. Accordingly, the Commission designated July 10, 2014 as the date by which it should approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change.

Section 19(b)(2) of the Act<sup>8</sup> provides that, after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on April 11, 2014.<sup>9</sup> The 180th day after publication of the notice of the filing of the proposed rule change in the **Federal Register** is October 8, 2014, and the 240th day after publication of the notice of the filing of the proposed rule change in the **Federal Register** is December 5, 2014.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change and the comment letter received.

Accordingly, the Commission pursuant to 19(b)(2) of the Act<sup>10</sup> designates December 5, 2014 as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-NYSEArca-2014-30).

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73317; File No. SR-ISEGemini-2014-26]

### Self-Regulatory Organizations; ISE Gemini Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Rule 723 To Add a New PIM ISO Order Type

October 8, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

<sup>8</sup> 15 U.S.C. 78s(b)(2).

<sup>9</sup> See *supra* note 3 and accompanying text.

<sup>10</sup> 15 U.S.C. 78s(b)(2).

<sup>11</sup> 17 CFR 200.30-3(a)(12).

(“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on October 3, 2014 the ISE Gemini Exchange, LLC (“Exchange” or “ISE Gemini”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### **I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

ISE Gemini proposes to amend its rules to add a new PIM ISO order type. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

### **II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

#### *A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

##### **1. Purpose**

The purpose of this proposed rule change is to amend the Exchange’s rules to add a new PIM ISO order type.

The Price Improvement Mechanism (“PIM”) is a process that allows Electronic Access Members (“EAM”) to provide price improvement opportunities for a transaction wherein the Member seeks to execute an agency order as principal or execute an agency order against a solicited order (a “Crossing Transaction”). A Crossing Transaction is comprised of the order the EAM represents as agent (the “Agency Order”) and a counter-side order for the full size of the Agency Order (the “Counter-Side Order”). The Counter-Side Order may represent interest for the Member’s own account,

or interest the Member has solicited from one or more other parties, or a combination of both. A Crossing Transaction must be entered only at a price that is equal to or better than the national best bid or offer (“NBBO”) and better than the limit order or quote on the ISE Gemini orderbook on the same side of the Agency Order.

An intermarket sweep order (“ISO”) is defined in Rule 1900(h) as a limit order that is designated as an ISO in the manner prescribed by the Exchange and is executed within the system by Members at multiple price levels without respect to Protected Quotations of other Eligible Exchanges as defined in Rule 1900.<sup>3</sup> ISOs are immediately executable within the Exchange’s options trading system or cancelled, and shall not be eligible for routing as set out in Rule 1900. Simultaneously with the routing of an ISO to the Exchange’s options trading system, one or more additional limit orders, as necessary, are routed by the entering party to execute against the full displayed size of any Protected Bid or Protected Offer in the case of a limit order to sell or buy with a price that is superior to the limit price of the limit order identified as an ISO. These additional routed orders must be identified as ISOs.

The Exchange proposes to implement a PIM ISO order type (“PIM ISO”) that will allow the submission of an ISO into the PIM. Specifically, a PIM ISO is the transmission of two orders for crossing pursuant to Rule 723 without regard for better priced Protected Bids or Protected Offers because the Member transmitting the PIM ISO to the Exchange has, simultaneously with the routing of the PIM ISO, routed one or more ISOs, as necessary, to execute against the full

<sup>3</sup> Under Rule 1900, a “Protected Quotation” includes a Protected Bid or Protected Offer. A “Protected Bid” or “Protected Offer” means a Bid or Offer in an options series, respectively, that: (i) Is disseminated pursuant to the OPRA Plan; and (ii) is the Best Bid or Best Offer, respectively, displayed by an Eligible Exchange. “Bid” or “Offer” means the bid price or the offer price communicated by a member of an Eligible Exchange to any broker or dealer, or to any customer, at which it is willing to buy or sell, as either principal or agent, but shall not include indications of interest. The “OPRA Plan” means the plan filed with the SEC pursuant to Section 11Aa(1)(C)(iii) of the Act, approved by the SEC and declared effective as of January 22, 1976, as from time to time amended. “Best Bid” and “Best Offer” mean the highest priced Bid and the lowest priced Offer. Finally, “Eligible Exchange” means a national securities exchange registered with the SEC in accordance with Section 6(a) of the Act that: (i) Is a Participant Exchange in The Options Clearing Corporation (“OCC”) (as that term is defined in Section VII of the OCC by-laws); (ii) is a party to the OPRA Plan; and (iii) if the national securities exchange is not a party to the OPRA Plan, is a participant in another plan approved by the Commission providing for comparable trade-through and locked and crossed market protection.

displayed size of any Protected Bid or Protected Offer that is superior to the starting PIM auction price and has swept all interest in the Exchange’s book priced better than the proposed auction starting price. Any execution(s) resulting from such sweeps shall accrue to the PIM order, meaning that any execution(s) obtained from the away side will be given to the agency side of the order.

The Exchange will accept a PIM ISO provided the order adheres to the current PIM order acceptance requirements outlined above, but without regard to the NBBO. The Exchange will execute the PIM ISO in the same manner that it currently executes PIM orders, except that it will not protect prices away. Instead, order flow providers will bear the responsibility to clear all better priced interest away simultaneously with submitting the PIM ISO order. There is no other impact to PIM functionality. Specifically, liquidity present at the end of the PIM auction will continue to be included in the PIM auction as it is with PIM orders not marked as ISOs.

The Exchange will announce the implementation of this order type in an information circular.

##### **2. Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the “Act”) <sup>4</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act <sup>5</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change promotes just and equitable principles of trade and removes impediments to a free and open market in that it promotes competition, as described below. Specifically, the proposal allows the Exchange to offer its members an order type that is already offered by another exchange.<sup>6</sup> In addition, the proposal benefits traders and investors because it adds a new order type for seeking price improvement through the PIM. Finally, the proposal does not unfairly discriminate among members because all Members are eligible to submit a PIM ISO order.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to adopt a PIM ISO order type is pro-competitive because it will enable the Exchange to provide market participants with an additional method of seeking price improvement through the PIM. The proposed rule change will also allow the Exchange to compete with other markets that already allow an ISO order type in their price improvement mechanisms.<sup>7</sup>

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6)<sup>9</sup> thereunder because the proposal does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) by its terms, become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.<sup>10</sup>

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)<sup>11</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.<sup>12</sup>
