

ACTION: Notice.

SUMMARY: The United States Forest Service (USFS) has filed an application with the Bureau of Land Management (BLM) requesting that the Secretary of the Interior extend the duration of Public Land Order (PLO) No. 7184 for an additional 20-year term. PLO No. 7184 withdrew approximately 4,921 acres of National Forest System land from mining in order to protect the recreational and visual resources of the Elk River Wild and Scenic Corridor. The withdrawal created by PLO No. 7184 will expire on February 13, 2016, unless it is extended. This notice gives the public an opportunity to comment on the application and proposed action and to request a public meeting.

DATES: Comments and requests for a public meeting must be received by January 13, 2015.

ADDRESSES: Comments and meeting requests should be sent to the BLM Oregon/Washington State Director, P.O. Box 2965, Portland, OR 97208-2965 or 1220 SW 3rd Avenue, Portland, OR 97204-3264.

FOR FURTHER INFORMATION CONTACT:

Michael L. Barnes, BLM Oregon/Washington State Office, 503-808-6155; or Candice Polisky, USFS Pacific Northwest Region, 503-808-2479.

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact either of the above individuals. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individuals. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The USFS has filed an application requesting that the Secretary of the Interior extend PLO No. 7184 (61 FR 5719 as corrected by 61 FR 24948 (1996)), which withdrew certain lands in Curry County, Oregon from location and entry under the United States mining laws (30 U.S.C. Ch. 2) for an additional 20-year term, subject to valid existing rights. PLO No. 7184, as corrected, is incorporated herein by reference.

The purpose of the proposed withdrawal extension is to ensure the continued protection of the recreational and visual resources of the Elk River Wild and Scenic Corridor. The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection.

The USFS would not need to acquire water rights to fulfill the purpose of the requested withdrawal extension.

Records related to the application may be examined by contacting Michael L. Barnes at the above address or phone number.

For a period until January 13, 2015, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM State Director at the address indicated above. Comments, including names and street addresses of respondents, will be available for public review at the address indicated above during regular business hours. Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the BLM State Director at the address indicated above by January 13, 2015. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300.4.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Hazard Communication information collection requirements codified in regulations 30 CFR part 47. The Hazard Communication Standard requires a mine operator to use labels or other forms of warning necessary to inform miners of all hazards to which the miners are exposed, relevant symptoms and emergency treatment, and proper conditions of safety use or exposure. Federal Mine Safety and Health Act of

1977 sections 101(a)(7) and 103(h) authorize this information collection. See 30 U.S.C. 811(a)(7), 813(h).

In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 5, 2014 (79 FR 32576).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. - Enhance the quality, utility, and clarity of the information to be collected; and
