SUPPLEMENTARY INFORMATION:

I. Background

Section 128 of the CAA requires SIPs to comply with the requirements regarding State Boards. Section 110(a)(2)(E)(ii) of the CAA also references these requirements. Section 128(a) of the CAA requires SIPs to contain provisions that: (1) Any board or body which approves permits or enforcement orders under the CAA shall have at least a majority of its members represent the public interest and not derive any significant portion of their income from persons subject to permits or enforcement orders under the CAA; and (2) any potential conflict of interest by members of such board or body or

the head of an executive agency with similar powers be adequately disclosed. The requirements of section 128(a)(1) are not applicable to Pennsylvania because it does not have any board or body which approves air quality permits or enforcement orders. The requirements of section 128(a)(2), however, are applicable because the heads of the Pennsylvania Department of Environmental Protection (PADEP), the Allegheny County Health Department (ACHD), and Philadelphia Air Management Services (AMS), or their designees, approve permits or enforcement orders within Pennsylvania.

On July 15, 2014, the Commonwealth of Pennsylvania, through PADEP, submitted a SIP revision to address the requirements of sections 128 and 110(a)(2)(E)(ii) for all criteria pollutants of the NAAQS in relation to State Boards. This submission addressing sections 128 and 110(a)(2)(E)(ii) for all NAAQS was part of a larger SIP revision submitted on the same date which addresses requirements in section 110(a) for the 2008 ozone NAAQS; however, EPA will take later separate rulemaking action on the remainder of that July 15, 2014 SIP submission.

Previously, on September 24, 2012, Pennsylvania submitted a SIP revision to satisfy several requirements of section 110(a)(2) of the CAA for the 2008 Lead NAAQS. On April 7, 2014, EPA published a Final Rulemaking Notice in which EPA approved certain elements of Pennsylvania's SIP submittal for the 2008 Lead NAAQS and stated that EPA would take separate action on the submittal as it related to requirements in sections 110(a)(2)(E)(ii) and 128 of the CAA. 79 FR 19009.

II. Summary of SIP Revision

This rulemaking action approves certain statutory provisions for the Pennsylvania SIP submitted by PADEP to meet the requirements of section 128 of the CAA. Upon meeting the requirements of section 128, Pennsylvania will also meet the requirements of section 110(a)(2)(E)(ii) of the CAA for all criteria pollutants of the NAAQS in relation to State Boards.

Pennsylvania's statutory provisions governing the relevant section 128 requirements are in Chapter 11 of the Pennsylvania Public Official and Employee Ethics Act (PA Ethics Act), found at 65 Pa.C.S. sections 1101-1109. The Secretary of PADEP and heads of ACHD and AMS, as well as the state employees subordinate to those positions, are subject to the requirements of Chapter 11 of the PA Ethics Act. In order to meet the

requirements of CAA sections 128 and 110(a)(2)(E)(ii), Pennsylvania is seeking to incorporate into the SIP the relevant provisions of Chapter 11 of the PA Ethics Act, including certain relevant portions of sections 1101, 1102, 1104, 1105, and 1109. The Commonwealth's effective dates for these sections of Chapter 11 will be listed in the table in 40 CFR 52.2020(c).

III. EPA's Analysis of Pennsylvania's SIP Revision

Sections 128 and 110(a)(2)(E)(ii) require that each state's SIP demonstrate how state boards, bodies or heads of executive agencies which approve CAA permits or enforcement orders disclose any potential conflicts of interest. The Secretary of PADEP and heads of ACHD and AMS, or their designees, approve all CAA permits and enforcement orders in Pennsylvania. All three agencies are executive agencies that act through their respective Secretary, head, or delegated subordinate state or local employees. Pennsylvania submitted relevant provisions of Chapter 11 of the PA Ethics Act for inclusion into the SIP as required by sections 128 and 110(a)(2)(E)(ii). Chapter 11 of the PA Ethics Act applies to public officials and employees and requires them to disclose relevant financial information including direct and indirect financial interests, income and gifts. This SIP revision will incorporate existing Pennsylvania law into the SIP and demonstrates that Pennsylvania complies with the requirements of sections 128 and 110(a)(2)(E)(ii) of the CAA for all NAAQS pollutants through the relevant sections of Chapter 11 of the PA Ethics Act for adequate disclosure of potential conflicts of interest.

IV. Final Action

EPA is approving the portion of the July 15, 2014 Pennsylvania SIP revision that addresses the requirements of sections 128 and 110(a)(2)(E)(ii) of the CAA for all criteria pollutants of the NAAQS. EPA is also specifically approving Pennsylvania's September 24, 2012 SIP revision for the 2008 Lead NAAQS as addressing the requirements in section 110(a)(2)(E)(ii) of the CAA. EPA is publishing this rule without prior proposal because EPA views this as a noncontroversial amendment and anticipates no adverse comment. However, in the "Proposed Rules" section of today's **Federal Register**, EPA is publishing a separate document that will serve as the proposal to approve the SIP revision if adverse comments are filed. This rule will be effective on December 15, 2014 without further notice unless EPA receives adverse

comment by November 17, 2014. If EPA receives adverse comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that the rule will not take effect. EPA will address all public comments in a subsequent final rule based on the proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

V. Statutory and Executive Order Reviews

A. General Requirements

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 15, 2014. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. Parties with

objections to this direct final rule are encouraged to file a comment in response to the parallel notice of proposed rulemaking for this action published in the proposed rules section of today's **Federal Register**, rather than file an immediate petition for judicial review of this direct final rule, so that EPA can withdraw this direct final rule and address the comment in the proposed rulemaking action. This action, approving the Pennsylvania SIP revision for purposes of meeting sections 128 and 110(a)(2)(E)(ii) requirements for all criteria pollutants of the NAAQS in relation to State Boards, may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

SUPPLEMENTARY INFORMATION:

I. Background

The FDEP revision requests that EPA remove two state rules—Rule 62–212.600, Florida Administrative Code (F.A.C.), “Sulfur Storage and Handling Facilities” and Rule 62–296.411, F.A.C.,
