

provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this document and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This action will be effective December 30, 2014.

List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous waste, Hazardous waste transportation, Indian lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act as amended 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: August 22, 2014.

Samuel Coleman,

Acting Regional Administrator, Region 6.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[**MB Docket No. 05-245, RM-11264, RM-11357; FCC 14-156**]

Radio Broadcasting Services; Corona de Tucson, Sierra Vista, Tanque Verde, Vail, Arizona; Animus, Lordsburg, and Virden, New Mexico

AGENCY: Federal Communications Commission.

ACTION: Final rule; application for review.

SUMMARY: The Federal Communications Commission ("Commission") dismisses in part and otherwise denies the Application for Review filed by CCR-Sierra Vista IV, LLC ("CCR-Sierra") of the Media Bureau ("Bureau")'s rejection

of CCR-Sierra's proposal to change the community of license of its Station KZMK(FM) from Sierra Vista to Tanque Verde, Arizona, and grant of a conflicting Counterproposal filed by Cochise Broadcasting, LLC and Desert West Air Ranchers ("Joint Parties"). See **SUPPLEMENTARY INFORMATION, supra.**

DATES: Effective October 31, 2014.

FOR FURTHER INFORMATION CONTACT:

Andrew J. Rhodes, Media Bureau, (202) 418-2700.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Memorandum Opinion and Order*, FCC 14-156, adopted October 14, 2014, and released October 15, 2014. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Information Center (Room CY-A257), 445 12th Street SW., Washington, DC 20554. The complete text of this document may also be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., Portals II, 445 12th Street SW., Room CY-B402, Washington, DC 20554, telephone 1-800-378-3160 or <http://www.bcpweb.com>.

In the *Report and Order* in this proceeding, the Bureau compared the mutually exclusive proposals under the FM Allotment Priorities and granted the Joint Parties Counterproposal because it would provide greater public interest benefits. The Bureau also rejected CCR-Sierra's arguments that the Joint Parties Counterproposal was defective because: (1) There would not be city-grade coverage at two communities, (2) Federal Aviation Administration approval could not be obtained for one of the allotments; (3) there would be difficulty in obtaining Mexican concurrence for one allotment; (4) Animus, New Mexico, is not a community for allotment purposes; and (5) for one of the change of community proposals, there was no mutual exclusivity between the move-out and move-in communities. See 72 FR 53688, September 20, 2007. CCR-Sierra sought reconsideration on the same five grounds, and the Bureau denied these objections.

In its Application for Review, CCR-Sierra reiterates these five arguments. The Commission finds that these issues were properly decided and upholds the Bureau's decision for the stated reasons. The Commission also dismisses a sixth argument on procedural grounds because the Bureau had no opportunity to pass on it in violation of § 1.115(c) of the Commission's rules.

This document does not contain information collection requirements

subject to the Paperwork Reduction Act of 1995, Public Law 104-13. This document is not subject to the Congressional Review Act. (The Commission, is, therefore, not required to submit a copy of the *Memorandum Opinion and Order* to GAO, pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A) because the Application for Review was denied.)

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary, Office of Managing Director.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[**Docket No. 131021878-4158-02**]

RIN 0648-XD588

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is reallocating the projected unused amounts of Pacific cod from catcher vessels greater than 60 feet (18.3 meters) length overall (LOA) using pot gear, catcher vessels using trawl gear, and American Fisheries Act (AFA) catcher/processors (C/Ps) to Amendment 80 (A80) C/Ps, C/Ps using hook-and-line gear, and C/Ps using pot gear in the Bering Sea and Aleutian Islands management area. This action is necessary to allow the 2014 total allowable catch of Pacific cod to be harvested.

DATES: Effective October 27, 2014, through 2400 hrs, Alaska local time (A.l.t.), December 31, 2014.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7269.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Bering Sea and Aleutian Islands management area (BSAI) according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens

Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2014 Pacific cod total allowable catch (TAC) specified for catcher vessels greater than or equal to 60 feet LOA using pot gear in the BSAI is 15,976 metric tons (mt) as established by the final 2014 and 2015 harvest specifications for groundfish in the BSAI (79 FR 12108, March 4, 2014) and sector reallocations (79 FR 49463, August 21, 2014 and 79 FR 57838, September 26, 2014). The Regional Administrator has determined that catcher vessels greater than or equal to 60 feet LOA using pot gear will not be able to harvest 1,500 mt of the remaining 2014 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(5).

The 2014 Pacific cod TAC specified for catcher vessels using trawl gear in the BSAI is 45,607 mt as established by the final 2014 and 2015 harvest specifications for groundfish in the BSAI (79 FR 12108, March 4, 2014) and sector reallocations (79 FR 49463, August 21, 2014 and 79 FR 57838, September 26, 2014). The Regional Administrator has determined that catcher vessels using trawl gear will not be able to harvest 2,500 mt of the remaining 2014 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(9).

The 2014 Pacific cod TAC specified for AFA C/Ps in the BSAI is 5,965 mt as established by the final 2014 and

2015 harvest specifications for groundfish in the BSAI (79 FR 12108, March 4, 2014) and sector reallocation (79 FR 57838, September 26, 2014). The Regional Administrator has determined that AFA C/Ps will not be able to harvest 500 mt of the remaining 2014 Pacific cod TAC allocated to those vessels under § 679.20(a)(7)(ii)(A)(7).

Therefore, in accordance with § 679.20(a)(7)(iii)(A) and § 679.20(a)(7)(iii)(B), NMFS reallocates 4,500 mt of Pacific cod to A80 C/Ps, C/Ps using hook-and-line-gear, and C/Ps using pot gear in the BSAI.

The harvest specifications for Pacific cod included in the final 2014 harvest specifications for groundfish in the BSAI (79 FR 12108, March 4, 2014, 79 FR 49463, August 21, 2014, and 79 FR 57838, September 26, 2014) are revised as follows: 14,476 mt for catcher vessels greater than or equal to 60 feet LOA using pot gear, 43,107 mt for catcher vessels using trawl gear, 5,465 mt for AFA C/Ps, 33,631 mt to A80 C/Ps, 111,516 mt for C/Ps using hook-and-line gear, and 5,889 mt for C/Ps using pot gear.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public

interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the reallocation of Pacific cod specified from other sectors to A80 C/Ps, C/Ps using hook-and-line gear, and C/Ps using pot gear in the BSAI. Since these fisheries are currently open, it is important to immediately inform the industry as to the revised allocations. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 22, 2014.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 27, 2014.

Emily H. Menashes,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
