Certain Steel Nails From Taiwan: Preliminary Negative Countervailing Duty Determination and Alignment of Final Countervailing Duty Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that *de minimis* countervailable subsidies are being provided to producers and exporters of certain steel nails (nails) from Taiwan. The period of investigation is January 1, 2013, through December 31, 2013. Interested parties are invited to comment on this preliminary determination.

DATES: *Effective Date:* November 3, 2014.

FOR FURTHER INFORMATION CONTACT: Joshua Morris or Austin Redington, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1779 and (202) 482-1664, respectively.

SUPPLEMENTARY INFORMATION: On June 25, 2014, we initiated this countervailing duty (CVD) investigation.¹ On the same day, we also initiated an antidumping (AD)

investigation of nails from Taiwan.² On August 7, 2014, in response to a request from the Petitioner, Mid Continent Steel & Wire, Inc., we postponed the preliminary determinations in the CVD investigations.

Alignment of Final Countervailing Duty Determination With Final Antidumping Duty Determination

On October 21, 2014, consistent with section 705(a)(1) of the Tariff Act of 1930, as amended (the Act), alignment of the final determination in this CVD investigation with the final determination in the AD investigation of nails from Taiwan was requested by Petitioner. Therefore, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), we are aligning the final CVD determination with the final AD determination. Consequently, we intend to issue the final CVD determination on the same date as the final AD determination, which is currently scheduled to be issued no later than March 2, 2015, unless postponed.

Scope of the Investigation

The products covered by this investigation are nails. For a complete description of the scope of the investigation, see Appendix 1 to this notice.

Methodology

We are conducting this CVD investigation in accordance with section 701 of the Act. For a full description of the methodology underlying our preliminary conclusions, see the Preliminary Decision Memorandum.³ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at

² See *Certain Steel Nails From India, the Republic of Korea, Malaysia, the Sultanate of Oman, Taiwan, the Republic of Turkey, and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 79 FR 36019 (June 25, 2014).

³ See Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Enforcement and Compliance, "Decision Memorandum for the Preliminary Determination in the Countervailing Duty Investigation of Certain Steel Nails from Taiwan" dated concurrently with this notice (Preliminary Decision Memorandum).

<http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

We calculated a CVD rate for each individually investigated producer/exporter of the subject merchandise. Consistent with section 703(b)(4)(A) of the Act, we have disregarded *de minimis* rates and preliminarily determine that no countervailable subsidies are being provided to the production or exportation of the subject merchandise in Taiwan. Consistent with section 703(d) of the Act, we have not calculated an all-others rate because we have not reached an affirmative preliminary determination.

Preliminary Determination and Suspension of Liquidation

We preliminarily determine the countervailable subsidy rates to be:

Company	Subsidy rate
PT Enterprise, Inc.	0.03 percent (<i>de minimis</i>).
Quick Advance, Inc.	Zero.

Because we preliminarily determine that the CVD rates in this investigation are zero or *de minimis*, we will not direct U.S. Customs and Border Protection to suspend liquidation of entries of subject merchandise.

Disclosure and Public Comment

We intend to disclose to interested parties the calculations performed in connection with this preliminary determination within five days of public announcement of the preliminary determination.⁴ Interested parties may submit case and rebuttal briefs,⁵ and request a hearing.⁶ For a schedule of the deadlines for filing case briefs, rebuttal briefs, and hearing requests, see the Preliminary Decision Memorandum.

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act.

Dated: October 27, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix 1

Scope of the Investigation

The merchandise covered by this investigation is certain steel nails having a nominal shaft length not exceeding 12

⁴ See 19 CFR 351.224(b).

⁵ See 19 CFR 351.309(c) and (d).

⁶ See 19 CFR 351.510.

¹ See *Certain Steel Nails From India, the Republic of Korea, Malaysia, the Sultanate of Oman, Taiwan, the Republic of Turkey, and the Socialist Republic of Vietnam*, 79 FR 36014 (June 25, 2014).

inches.⁷ Certain steel nails include, but are not limited to, nails made from round wire and nails that are cut from flat-rolled steel. Certain steel nails may be of one piece construction or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and may have any type of surface finish, head type, shank, point type and shaft diameter. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, including but not limited to electroplating or hot dipping one or more times), phosphate, cement, and paint. Certain steel nails may have one or more surface finishes. Head styles include, but are not limited to, flat, projection, cupped, oval, brad, headless, double, countersunk, and sinker. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted. Screw-threaded nails subject to this proceeding are driven using direct force and not by turning the nail using a tool that engages with the head. Point styles include, but are not limited to, diamond, needle, chisel and blunt or no point. Certain steel nails may be sold in bulk, or they may be collated in any manner using any material. If packaged in combination with one or more non-subject articles, certain steel nails remain subject merchandise if the total number of nails of all types, in aggregate regardless of size, is equal to or greater than 25.

Excluded from the scope of this investigation are certain steel nails packaged in combination with one or more non-subject articles, if the total number of nails of all types, in aggregate regardless of size, is less than 25.

Also excluded from the scope of this investigation are steel nails that meet the specifications of Type I, Style 20 nails as identified in Tables 29 through 33 of ASTM Standard F1667 (2013 revision).

Also excluded from the scope of this investigation are nails suitable for use in powder-actuated hand tools, whether or not threaded, which are currently classified under Harmonized Tariff Schedule of the United States subheadings 7317.00.20.00 and 7317.00.30.00.

Also excluded from the scope of this investigation are nails having a case hardness greater than or equal to 50 on the Rockwell Hardness C scale (HRC), a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools.

Also excluded from the scope of this investigation are corrugated nails. A corrugated nail is made up of a small strip of corrugated steel with sharp points on one side.

Also excluded from the scope of this investigation are thumb tacks, which are currently classified under HTSUS 7317.00.10.00.

Certain steel nails subject to this investigation are currently classified under

HTSUS subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Certain steel nails subject to this investigation also may be classified under HTSUS subheading 8206.00.00.00.

While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

Citric Acid and Certain Citrate Salts From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 28, 2014, the Department of Commerce ("the Department") published its *Preliminary Results* of the 2012-2013 administrative review of the antidumping duty order on citric acid and certain citrate salts from the People's Republic of China (PRC).¹ The period of review ("POR") for the administrative review is May 1, 2012, through April 30, 2013. This POR covers two producers/exporters of subject merchandise: (1) Yixing-Union Biochemical Co., Ltd. ("Yixing"); and (2) Laiwu Taihe Biochemistry Co., Ltd. ("Taihe"). We invited interested parties to comment on our *Preliminary Results*.

¹ See *Citric Acid and Certain Citrate Salts From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2012-2013*, 79 FR 23322 (April 28, 2014) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

Based on our analysis of the comments received, we made certain changes to our margin calculations for Taihe. The final dumping margins for this review are listed in the "Final Results" section below.

DATES: *Effective Date:* November 3, 2014.

FOR FURTHER INFORMATION CONTACT: Krishna Hill or Maisha Cryor, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4037 or (202) 482-5831, respectively.

Background

On April 28, 2014, the Department published its *Preliminary Results*. On May 28, 2014, Petitioners requested a hearing.² Additionally, on May 28, 2014, Yixing requested an opportunity to participate should a hearing be requested by Petitioners.³ Based on these hearing requests, on September 3, 2014, the Department held a closed hearing limited to issues raised in case briefs and rebuttal briefs. We received case briefs from Yixing, Taihe, and Archer Daniels Midland Company, Cargill, Incorporated, and Tate & Lyle Ingredients Americas, Inc. (collectively, "Petitioners") on June 4, 2014.⁴ Additionally, on June 12, 2014, we received rebuttal case briefs from Yixing, Taihe, and Petitioners.⁵ Taihe resubmitted its rebuttal case brief after redacting certain untimely arguments on June 21, 2014.⁶
