SUPPLEMENTARY INFORMATION:

I. Background

Originally authorized by the Older Americans Act of 1965, the Senior Community Service Employment Program (SCSEP) is funded for approximately \$434 million for PY 2014 and will provide over 44,000 positions in which nearly 69,000 low-income persons aged 55 or older will be placed in community service employment.

A slight upward adjustment in burden hours is due to the recent awarding of 14 new discretionary grants (of one year

duration), for which we are collecting additional information. We are also including an estimated burden of 2 hours per quarter, per grant, for the quarterly narrative report.

II. Review Focus

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
