

reasons, it is unlikely that new entry or expansion sufficient to achieve a significant market impact will occur in a timely manner.

**V. The Proposed Consent Agreement**

The proposed Consent Agreement remedies the concerns about the effect of the transaction on competition in the Orange City/Deltona Area. The proposed Consent Agreement would maintain competition in the area by requiring Surgery Partners to fully divest its newly acquired ownership interest in Blue Springs in a manner approved by the Commission. The parties have indicated they will propose to divest this interest in Blue Springs to Dr. Mark Hollmann, one of Blue Springs' other current owners, who is actively involved in Blue Springs' operations and a physician at the ASC. Any potential buyer for this ownership interest is subject to the prior approval of the Commission. The proposed Consent Agreement requires Surgery Partners to provide transitional services to the approved acquirer for a period of up to six months, renewable for an additional six months at the option of the acquirer, to assist the acquirer in operating Blue Springs as a viable and ongoing business. Until the divestiture is completed, Surgery Partners is required to hold its interest in Blue Springs separate, subject to the standard terms of the Order to Hold Separate and Maintain Assets ("Hold Separate Order"). Additionally, the Commission has appointed Richard Shermer as the Hold Separate Monitor to oversee compliance with the Hold Separate Order. If, for any reason, Surgery Partners fails to divest its interest in Blue Springs within sixty (60) days after entry of the final Decision and Order, the Commission has the right to appoint a divestiture trustee to divest Surgery Partners' interest in either Blue Springs or OCSC, expeditiously and at no minimum price.

The sole purpose of this analysis is to facilitate public comment on the Consent Agreement. This analysis does not constitute an official interpretation of the Consent Agreement or modify its terms in any way.

By direction of the Commission.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Agency Information Collection Activities; Proposed Collection; Public Comment Request**

**AGENCY:** Electronic Government Office, Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, Grants.gov (EGOV), Department of Health and Human Services, announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). The ICR is for a 3-year renewal of a previously approved information collection assigned OMB control number 4040-0008—SF-424 C Budget Information for Construction Programs, which expired on June 30, 2014. The ICR also requests categorizing the form as a common form, meaning HHS will only request approval for its own use of the form rather than aggregating the burden estimate across all Federal Agencies as was done for previous actions on this OMB control number. Prior to submitting that ICR to OMB, EGOV seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on the ICR must be received on or before January 5, 2015.

**ADDRESSES:** Submit your comments to *ed.calimag@hhs.gov* or by calling (202) 690-7569.

**FOR FURTHER INFORMATION CONTACT:** Information Collection Clearance staff, *Ed.Calimag@hhs.gov* or (202) 690-7569.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the document identifier HHS-EGOV-21479-60D for reference.

*Information Collection Request Title:* SF-424 C Budget Information for Construction Programs.

*Abstract:* SF-424 C Budget Information for Construction Programs is used to request funds for construction grant programs.

*Need and Proposed Use of the Information:* The SF-424 C Budget Information for Construction Programs is used to request funds for construction grant programs. The Federal awarding agencies use information submitted on this form for award determination of the Federal assistance awards programs.

*Likely Respondents:* Federal grant applicants.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

**TOTAL ESTIMATED ANNUALIZED BURDEN HOURS**

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
	1,254	1	1	1,254
<b>Total</b> .....	1,254	1	1	1,254

Grants.gov specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to

enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information

technology to minimize the information collection burden.
