Background

Information will be collected from AmeriCorps alumni through an online survey that will be administered by a contractor on behalf of CNCS. In addition, the agency is interested in exploring whether or not AmeriCorps members are as, or more, likely than those who participate in other types of service to maintain a sense of civic duty and pursue service-oriented careers. This survey is also an opportunity to determine the value of data collected from alumni who are at different life stages following their service year for informing policy and program decisions.

Current Action
