Proposed Information Collection Activity; Comment Request

Proposed Projects: Conduct an electronic survey of 2012-funded Family Connection grantees to collect process evaluation data to include as part of the Cross-Site Evaluation.

Title: Cross-site Evaluation Survey 2012 Family Connection Grantees.

OMB No.: New.

Description: In the interest of providing as complete an evaluation

report as possible by the end of FY15, the Children’s Bureau has directed the contractor conducting the Cross-site Evaluation to adopt the most efficient means possible to collect process evaluation data from grantees. The proposed electronic survey will replace originally planned in-person and telephone discussions with electronic surveys. This will enable collection of key information on project design, implementation, maintenance, and sustainability from key grantee representatives in an abbreviated amount of time. The quantitative nature of the surveys will enable rapid data analysis and reporting.

Respondents: The Cross-site Evaluation addresses a total of

seventeen (17) Family Connection grantees. Four categories of participants will be surveyed: Project Leadership, Service Providers, Project Partners (public child welfare and community agencies), and Evaluators. For each grantee, an average of 20 respondents is anticipated: 4 project leadership, 9 service providers, 2 public child welfare agency representatives, 2 community partner representatives, and 3 evaluators. These numbers of participants, per category, are used in the table below to calculate the number of respondents, across the 17 projects to be surveyed. Differences in burden estimates for the different instruments reflect the number of questions in each.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Project Leadership Protocol	79	1	.75	59.25
Service Provider Protocol	153	1	.5	76.5
Public Child Welfare Partner Protocol	34	1	.25	8.5
Community Partner Protocol	34	1	.25	8.5
Evaluator Protocol	51	1	.75	38.25
Estimated Total Annual Burden Hours				191.00

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L’Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. Submission for OMB Review; Comment Request

Title: Request for Assistance for Child Victims of Human Trafficking.

OMB No.: 0970–0362.

Description: The William Wilberforce Trafficking Victims Protection Reauthorization Act (TVPPRA) of 2008, Public Law 110–457, directs the U.S. Secretary of Health and Human Services (HHS), upon receipt of credible information that an alien child may have been subjected to a severe form of trafficking in persons and is seeking Federal assistance available to victims of trafficking, to promptly determine if the child is eligible for interim assistance. The law further directs the Secretary of HHS to determine if a child

receiving interim assistance is eligible for assistance as a victim of a severe form of trafficking in persons after consultation with the Attorney General, the Secretary of Homeland Security, and nongovernmental organizations with expertise on victims of severe form of trafficking.

In developing procedures for collecting the necessary information from potential child victims of trafficking, their case managers, attorneys, or other representatives to allow HHS to grant interim eligibility, HHS devised a form. HHS has determined that the use of a standard form to collect information is the best way to ensure requestors are notified of their option to request assistance for child victims of trafficking and to make prompt and consistent determinations about the child’s eligibility for assistance.

Specifically, the form asks the requestor for his/her identifying information, for information on the child, information describing the type of trafficking and circumstances surrounding the situation, and the strengths and needs of the child. The form also asks the requestor to verify the information contained in the form because the information could be the basis for a determination of an alien child’s eligibility for federally funded
