SUPPLEMENTARY INFORMATION: The federally owned mineral interest segregated by this Notice is located in Adams County, Illinois, in a parcel described as follows:

TRACT II, as described in the Warranty Deed to Marilyn Shriver and Sons, dated December 13, 2007.

Fourth Principal Meridian, Illinois

T. 1 N., R. 8 W.,

Sec. 19, a portion of SW $\frac{1}{4}$ NE $\frac{1}{4}$.

The area described contains 39 acres.

Under certain conditions, Section 209(b) of FLPMA authorizes the sale and conveyance of the federally owned mineral interests in land to the current surface owner. The applicant has deposited, as required under Section 209(3)(i) of FLPMA, a sum of money determined sufficient to cover administrative costs, but not limited to, the cost for the Mineral Potential Report. The objective is to allow consolidation of the surface and mineral interests when either one of the following conditions exist: (1) There are no known mineral values in the land; or (2) Where continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development. Marilyn Shriver and Sons, the surface owner, filed an application for the conveyance of federally owned mineral interests in the above-described tract of land. Subject to valid existing rights, on November 12, 2014 the federally owned mineral interests in the land described above are hereby segregated from all forms of

appropriation under the public land laws, including the mining laws, while the application is being processed to determine if either one of the two specified conditions exists and, if so, to otherwise comply with the procedural requirements of 43 CFR part 2720. The segregation shall terminate upon: (1) Issuance of a patent or other document of conveyance as to such mineral interests; (2) Final rejection of the application; or (3) On November 14, 2016, whichever occurs first. Please submit all comments in writing to the individuals at the address listed above.

Authority: 43 CFR 2720.1-1(b).

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSMRE) is announcing its intention to request renewed approval for the collection of information regarding the requirements for coal exploration. The information collection request describes the nature of the information collection and the expected burden and costs. This information collection activity was previously approved by the Office of Management and Budget (OMB) and assigned control number 1029–0112.

DATES: Comments on the proposed information collection activities must be

received by January 12, 2015, to be assured of consideration.

ADDRESSES: Submit comments to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave NW., Room 203—SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8 (d)]. This notice seeks public comment for the information collection that OSMRE will be submitting to OMB for approval, which is for 30 CFR 772—Requirements for coal exploration. OSM will request a 3-year term of approval for each information collection activity. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is 1029–0112 and is found at 30 CFR 772.10.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
