

to read “Current Status of Expected Results and Benefits.” The content requested in this section is similar to the previous OPR without the added burden of having the reporting organizations provide the analysis that distinguish between “results and benefits”. Every section of the document will be rewritten to reflect this change.

OWP: ANA proposes to reformat the OWP (content is same) by swapping the Objective field with Problem Statement. In other words, this section will require respondents to begin with a concise statement about the problem the project is designed to address and will be followed by more details about the objectives of the project.

The two fields “Results Expected and Benefits Expected” will be combined into one field to read “Results and benefits Expected”. This will reduce redundancy and help reduce the burden on Grantees.

Respondents: Tribal Government, Native non-profit organizations, Tribal Colleges & Universities.

Estimated Total Annual Burden Hours: 2,050.
