**SUMMARY:** This document corrects errors in the dates section, the supplementary information portion, and Final Rules section of a **Federal Register** document regarding the Commission taking major steps to modernize the E-rate program (more formally known as the schools and libraries universal service support mechanism). The document was published in the **Federal Register** on August 19, 2014.

**DATES:** The corrections and correcting amendments in this rule are effective November 18, 2014, except that correcting amendments 3 and 5 are effective July 1, 2015.

dividing the total number of students in the district eligible for the NSLP by the total number of students in the district and comparing that single figure against the discount matrix to determine the school district’s discount rate for E-rate supported services. All public schools and libraries within that public school district will receive the same discount rate, except under the circumstances described below. First, for the sake of simplicity, when a library system has branches or outlets in more than one public school district, that library system and all library outlets within that system should use the address of the central outlet or main administrative office to determine which public school district the library system is in, and should use that public school district’s NSLP level of poverty to determine its discount rate whether applying as a library system or as one or more individual library outlets within that system. Second, library systems, and individual libraries that are not part of a library system, must separately determine their urban/rural status. All outlets within a library system receive the same discount rate.”

#### Fisheries of the Exclusive Economic Zone Off Alaska; Thornyhead Rockfish in the Western Regulatory Area of the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting retention of thornyhead rockfish in the Western Regulatory Area of the Gulf of Alaska (GOA). This action is necessary because the 2014 total allowable catch of thornyhead rockfish in the Western Regulatory Area of the GOA will be reached.

**DATES:** Effective 1200 hours, Alaska local time (A.l.t.), November 13, 2014, through 2400 hours, A.l.t., December 31, 2014.

**FOR FURTHER INFORMATION CONTACT:** Mary Furuness, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management

Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2014 total allowable catch (TAC) of thornyhead rockfish in the Western Regulatory Area of the GOA is 235 metric tons (mt) as established by the final 2014 and 2015 harvest specifications for groundfish of the GOA (79 FR 12890, March 6, 2014).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2014 TAC of thornyhead rockfish in the Western Regulatory Area of the GOA will be reached. Therefore, NMFS is requiring that thornyhead rockfish caught in the Western Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21(b).

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay prohibiting the retention of thornyhead rockfish in the Western Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of November 12, 2014.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and § 679.21 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: November 13, 2014.
