■ 3. Section 52.2023 is amended by adding paragraph (m) to read as follows:

§ 52.2023 Approval status.

(m) EPA conditionally approves the Commonwealth of Pennsylvania SIP revision submitted on November 15, 2013, which consists of amendments to the ACHD Rules and Regulations, Article XXI, Air Pollution Control for adopting RACT for sources covered by EPA’s CTG standards for the following categories: Miscellaneous metal and/or plastic parts surface coating processes, automobile and light-duty truck assembly coatings, miscellaneous industrial adhesives, and fiberglass boat manufacturing materials. Pursuant to section 110(k)(4) of the CAA, this conditional approval is based upon a letter from PADEP on behalf of ACHD dated July 16, 2014 committing to submit to EPA, no later than twelve months from EPA’s final conditional

approval of ACHD’s adoption of CTGs for miscellaneous metal and/or plastic parts surface coating processes, automobile and light-duty truck assembly coatings, miscellaneous industrial adhesives, and fiberglass boat manufacturing materials, an additional SIP revision to address the erroneous deficiency in the current regulation for fiberglass boat manufacturing materials. The SIP revision, to be submitted by PADEP on behalf of ACHD, will include a table of monomer VOC content limits for fiberglass boat manufacturing materials.

[Docket No. 140214138–4482–02]

RIN 0648–XD609

Fisheries of the Northeastern United States; Bluefish Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of New Jersey is transferring a portion of its 2014 commercial bluefish quota to the State of Rhode Island. By this action, NMFS adjusts the quotas and announces the revised commercial quota for each state involved.

DATES: Effective November 21, 2014, through December 31, 2014.

FOR FURTHER INFORMATION CONTACT: Reid Lichwell, Fishery Management Specialist, 978-281-9112.

SUPPLEMENTARY INFORMATION:

Regulations governing the bluefish fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from Florida through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.162.

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan, which was published in the **Federal Register** on July 26, 2000

(65 FR 45844), provided a mechanism for bluefish quota to be transferred from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Greater Atlantic Region, NMFS (Regional Administrator), can transfer or combine bluefish commercial quota under § 648.162(e). The Regional Administrator is required to consider the criteria in § 648.162(e)(1) in the evaluation of requests for quota transfers or combinations.

New Jersey has agreed to transfer 50,000 lb (22,679.6 kg) of its 2014 commercial quota to Rhode Island. This transfer was prompted by the diligent efforts of state officials in Rhode Island not to exceed the commercial bluefish quota. The Regional Administrator has

determined that the criteria set forth in § 648.162(e)(1) have been met. The revised bluefish quotas for calendar year 2014 are: New Jersey, 1,055,075 lb (478,574 kg); and Rhode Island, 557,786 lb (253,007 kg).

Classification

This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 21, 2014.
